Note: A decoding of a fender tag or broadcast sheet by GTS/Galen Govier does not automatically mean that it is an all numbers matching vehicle. For that reason, unless this decoding is in addition to an Appraisal, Visual Inspection or Validation I will not guarantee it has all the factory installed equipment on the vehicle.

The 1969 ½ Dodge Super Bee is a matching numbers car with original huge cast iron exhaust manifold and Edelbrock original six pack [illegible]fold. This engine is completely rebuilt with new Legendary interior and complete paint before being placed in storage 9 years ago. As with the Road Runner I rebuilt the front end with Year One parts, new brake pads, new wheel cylinders new fuel pump, new shocks in front and new air lift shocks in back. All fluids changed like the Road Runner 2 months ago. The tires are brand new with Cragar mags as above. The odometer shows 53,332 miles. This is a hard top which Mopar Muscle Magazine readers voted the 1969 ½ Super Bee Six Pack as the second most popular car just behind the Hemi Cuda.
