Discover your *Exceptional Pool Experience*

ozoneSwim®

“ There's no awful
smelly chlorine residue
and my kids never get
sore eyes, no matter
how long they swim.

Georgia Harding, Well Nourished

- Are you tired of red eyes and itchy skin?
- Do you want to reduce your chlorine exposure?
- Do you want healthy, crystal clear & odour-free water?
- Do you want to save time and money on pool maintenance?
- Does your family suffer from allergies, asthma or eczema?

How does *Ozone* purification work?

Ozone generated from the Ozone Swim® units do the majority of sanitising work in your pool, reducing chlorine demand by up to 80% while leaving you with clear, clean and odour free pool water.

Ozone effectively neutralises any organic contaminant instantly and reverts back to oxygen by the time the water returns to your pool. Ozone Swim® leaves you with noticeably softer water that is also safe and hygienic.

1. GENERATION

Oxygen converted to pure Ozone

2. PURIFICATION

Ozone neutralises harmful contaminants

3. REVERTS TO NATURE

Ozone converts back to natural pure Oxygen, for a softer cleaner pool

ozoneSwim®
The choice is crystal clear

- ✓ Noticeably softer, hygienically clean water
- ✓ Safe for people who suffer from allergies, asthma & eczema
- ✓ Eliminates red eyes and itchy skin
- ✓ Environmentally friendly

Ozone technology

Ozone Swim® products are based on industrial technology scaled to deliver an innovative residential line of Ozone Swim® Pool Purification Systems – giving you peace of mind and certainty for years to come. Ozone Swim® is the preferred choice for Australia's leading aquatic centres and swim schools.

- ✓ Reduces your pools chlorine levels by up to 80%
- ✓ Fewer additional chemicals required
- ✓ Prolongs equipment and salt cell life
- ✓ Save time and money on maintenance
- ✓ Improves water clarity

At Maytronics we are passionate about leading the way to make your pool water exceptional, for pure enjoyment. Each product in our water treatment division works together to enhance the quality of your pool water.

Getting the most out
of your Ozone Swim®

Harness the strength of Nature's most powerful sanitiser – Ozone

*Ozone
Purification*

Ozone Series 1200i / 1200iT

Works in conjunction with an existing salt/mineral chlorinator, chemical dosing systems and tablet feeders.

Transform your pool by adding
100% Dead Sea Minerals

*Ozone
Purification
+
Mineral Swim™
Minerals*

Mineral Swim 100% Dead Sea Minerals

Rich in magnesium, these minerals help create therapeutic, healthy and crystal clear pool water. Great for the skin and gentle on eyes.

To learn more about Mineral Swim™, visit mineralswim.com

For best results Maytronics recommends combining Ozone Swim® with Mineral Swim Dead Sea Minerals

**Ozone
Purification**

**+
Ozone Swim®
Chlorinator**

Ozone Series 1000 / 2000 / 3000

Designed to replace existing sanitation systems, benefiting from both mineral/salt chlorination and ozone purification with one control unit.

**Automate
your pool's
pH level with
Maytronics
pH Drive**

pH Control Automation

The pH level of your swimming pool can determine how effective your sanitation agents are at doing their job. Automate and have peace of mind that your pool water's pH is always at an optimal level.
