**Subject:** Information request: correspondence FOI request

Both,

I'm emailing about the FOI request on correspondence relating accommodation expenditure (residential only).

We've now received a further clarification, which clears up some of the questions we had last week.

The requestor is seeking the following correspondence since May 2010 (action list):

1. Correspondence between IPSA and both [REDACTED] and [REDACTED] relating to the rules on rental accommodation **[Urgent]**
  - [REDACTED] to provide any correspondence with the Policy Team (including responses to consultations)
  - [REDACTED] to provide any relevant correspondence
2. Correspondence with any MPs sharing rental accommodation with another person (including an MP) who is not a partner
  - [REDACTED] to identify MPs and provide relevant correspondence
3. Correspondence relating to proposed rental agreements/claims where we had to consider whether they were within the rules:
  - Keyword search of correspondence:
    - [REDACTED] to agree keywords for search of above
    - [REDACTED] to conduct search and identify relevant correspondence
  - 'Not paid' claims
    - [REDACTED] to check 'not paid' lines against correspondence from MPs

If you've got any questions, please come and seek me out.

Cheers,

[REDACTED]
