Subject: MP pay rise

Dear IPSA team,

I am writing to ask you to reconsider your decision with regard to the assessment of MPs pay for the coming year.

In my view this is wholly inappropriate and unacceptable especially given the extremely difficult financial situation so many of our constituents are facing at this time due to the Covid pandemic as well as the fact that other workers have been denied a pay rise.

I would therefore request that the salary level for MPs is frozen for next year.

Many thanks – diolch yn fawr.
Beth
