

# no2plastic

The #no2plastic movement is about reducing your single-use plastic.  
It's also about letting others know why, so that we continue the  
virtuous cycle.

## Website Badges for Schools

All of the following website badges are available in PNG and SVG file formats. The label and dimensions are built into the file names. The ones that appear on black were optimized for dark backgrounds. Please note that the badge will not have the black box around it when you download it.

VERSION FOR LIGHT BACKGROUNDS
