VALET COLLECTION

David Rockwell

The Valet
Collection is meant
to embody
comfort, versatility,
and ease.

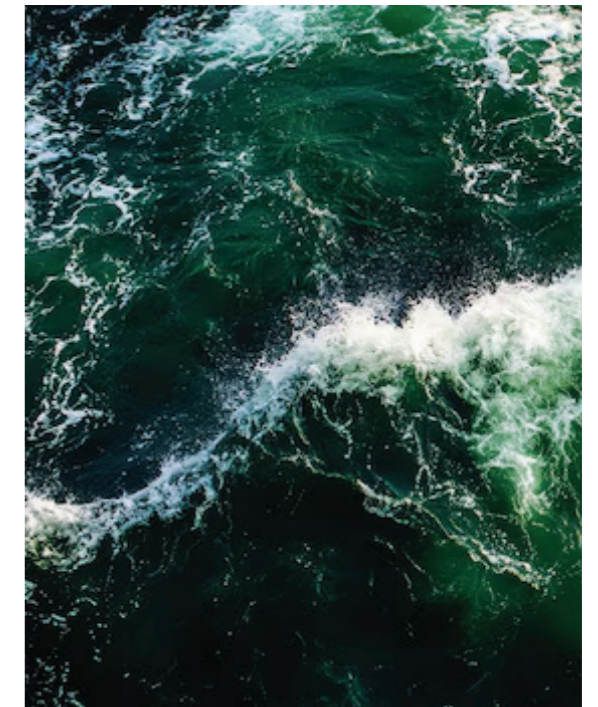

David Rockwell is the founder and President of Rockwell Group, a renowned architecture and design firm based in New York, with offices in Madrid and Shanghai. For over 30 years, the firm has blended theater and architecture to create unique projects worldwide, including work for Nobu, W Hotels, the TED Theater, and Broadway set designs. Their product design includes collaborations with Maya Romanoff, The Rug Company, and Jim Thompson. David has received numerous honors, including the AIA New York Chapter President's Award and the National Design Award from the Cooper Hewitt Museum.

Valet Collection

The Valet Collection elegantly blends form and function, supporting modern living, working, and entertaining with ease. Drawing inspiration from the timeless utility of the classic valet stand – once used to hang suits and store daily essentials – the collection reimagines this historical piece for contemporary life. Originating in the medieval court, where attendants assisted their employers, the valet has evolved into a sophisticated suite of furniture designed for both residential and hospitality spaces. Luxurious, refined, and practical, each piece seamlessly adapts to the rhythms of daily life, meeting the evolving needs of today's dynamic environments.

Modern living,
seamlessly blending
work, play, and daily
life in adaptable,
multipurpose
spaces.

The collection is relatively light and easy to move around, and each piece can be reconfigured in endless combinations. The collection supports specific passions like music, reading, and cocktail-making as well as daily needs such as storage, working, lounging, and display. With equal parts sophistication and utility, the collection is perfect for active families, professionals, and guests alike.

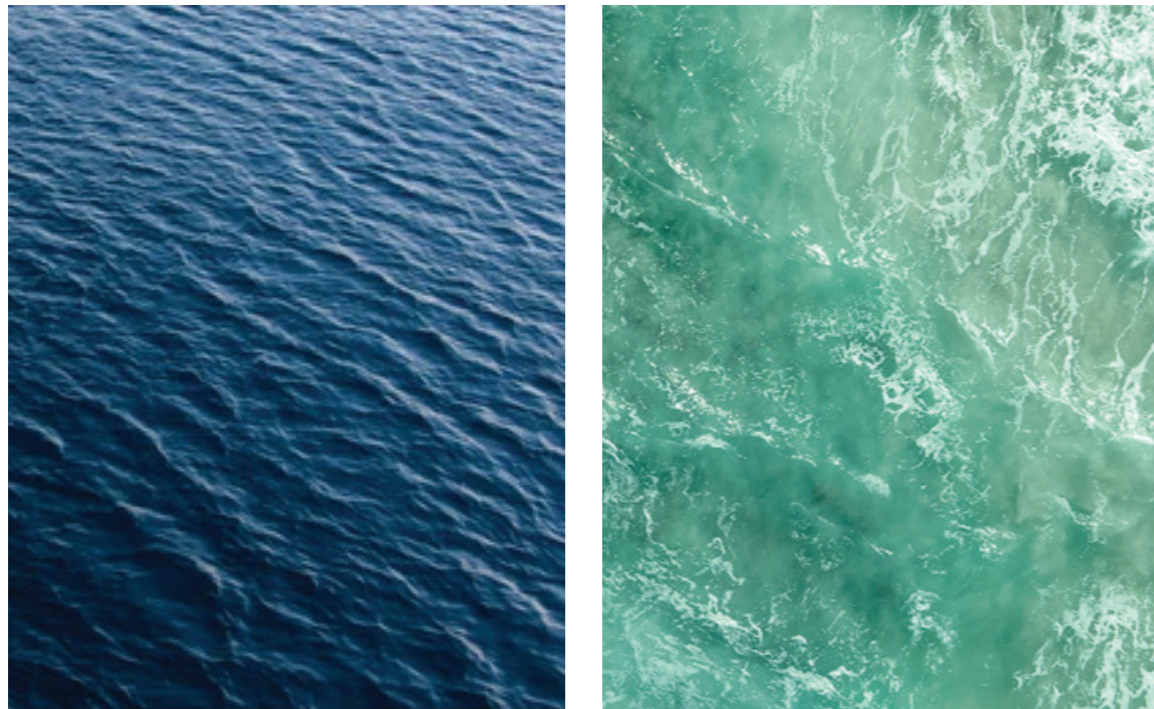

Appearing to rise effortlessly above the ground.

Though it was designed with the home in mind, Valet is a versatile collection that works in many settings. The ancillary pieces fit well within the workplace while the lounge and accessory pieces are well-suited for hospitality environments. With a combination of refined forms, fine craftsmanship, and multifunctional design, the collection provides luxury and comfort and allows people to arrange and rearrange rooms to suit their needs.

Nature Inspired

Nature's patterns, colors, and textures are a continual influence on our design approach. The new colors we selected for this collection – sea-foam blue and deep green – are inspired by the ocean. We chose a fresh and contemporary palette to reintroduce the collection and ensure that it still solves the challenges people have while decorating their spaces.

Classic Spirit, Modern Edge.

Mixing materials in the pieces provides layered visual and textural contrast and conveys our contemporary design ethos. If we had to choose one, the full-grain saddle leather embodies the classic yet adventurous spirit of the collection.

With endless combinations, these pieces facilitate seamless transitions throughout your home or hospitality space - perfect for entry, work, and play.

Soft Luxury, Bold Statement

Velvet mirrors the growing demand for luxurious hospitality, contrasting with the understated tones of our earlier palette. Today's clients seek rich, tactile, and soft textures. With its deep, inviting colors, velvet offers both warmth and comfort. Our focus for this collection refresh was on upholstered seating, as these pieces seamlessly blend functionality with luxury.

Materials metter.

The materials that we used for Valet – blackened steel, brass, bronze, wood, leather – are ones that we love for their expressive, tactile quality and relationship to craft and modern furniture-making.

Arranged in
countless
configurations, these
pieces create fluid
transitions from
entry to work
to leisure.

From lounge seating to customizable shelving, each of the 20 pieces in the collection has a streamlined functionality – luxurious embellishments, from leather cords to matte brass hardware, double as subtle tools for living well. Grouped together in endless combinations, the pieces help create natural transitions in the home or hospitality setting, from entry, to work, to play.

Valet Chair V

CODE & MATERIALS
VA-S210-WD
Powder coated steel frame,
brass plated stainless steel,
wood veneer seat and back

DIMENSIONS
W475 x D570 x H855mm
Seating height: 445mm

Valet Bar Chair SH750 V

CODE & MATERIALS
