DEFINITIONS

SEAFOOD CERTIFICATION

ASC Certified (Aquaculture Stewardship Council)
These products meet the ASC's global standards for responsibly farmed seafood. This product comes from a farm that has been independently certified to the ASC's standard for responsibly farmed seafood.
www.asc-aqua.org

MSC Certified (Marine Stewardship Council)
The MSC blue fish tick label is only applied to wild fish or seafood from fisheries certified to the MSC standard, a scientific measure of sustainable fishing.
www.msc.org

GLUTEN

Gluten is found in wheat and wheat varieties, rye, barley, triticale and oats. People with an intolerance or sensitivity to gluten may be able to tolerate small amounts of gluten and may select 'low gluten foods'. However, people with coeliac disease have difficulty digesting gluten and may require 'gluten free' foods.

Gluten Free
Food products that use this logo contain no detectable gluten and are suitable for people avoiding dietary gluten.

No Gluten in the Formulation
This product contains no gluten within the formulation. Whilst it has a dedicated production line, it is manufactured in a site that does make other products that do contain gluten.

Low Gluten
Low gluten food products contain no more than 20mg gluten per 100g of food. Please note: these products are not gluten free, which means there must be no detectable gluten present in the food. Low gluten foods will not remain low gluten if combined with ingredients that contain gluten (e.g. wheat flour).

Vegetarian
These products contain no animal flesh i.e. no meat, fish, seafood or poultry. They may include milk, dairy products or egg. Whilst we do not have dedicated production lines, Simplot follows best practice hygiene and sanitation to prevent contamination from non-vegetarian products.

Vegan
These products contain no animal derived ingredients i.e. no meat, fish, seafood or poultry, milk, dairy products, egg or honey. Whilst we do not have dedicated production lines, Simplot follows best practice hygiene and sanitation to prevent contamination from non-vegan products.
