**Starting from zero, one can go a long way.
Giving value back to what already exists,
takes us beyond.**

illimity exists to relaunch SMEs,
looking beyond their ratings,
to their potential.

fondazione illimity is born
to socially and economically
regenerate real estate assets.

We reinvent spaces
turning them into places
of inclusion, cohesion
and shared well-being.

We mobilise the energy of buildings
to bring interests together, uncover needs,
and give life to ecosystems and new relations.

We look at real estate assets and expertise
as an opportunity to build
shared value and common good.

**We believe in impact investing,
by bringing it to where it belongs:**
local areas and communities.

Because creating value takes us far
and regenerating it, takes us beyond.

**fondazione illimity.
Beyond value**
