A healthcare FSA lets you use tax-free money to pay for eligible medical, dental, and vision expenses.<sup>1</sup> So you spend less on the healthcare you need. FSA paycheck deductions are tax-free too, which helps reduce your taxable income. The more you contribute, the more you save.

- ✓ Access annual contribution amount on day one.
- ✓ Pay for your spouse and dependents too.
- ✓ Plan ahead because FSA funds eventually expire.

<sup>1</sup>FSAs are never taxed at a federal income tax level when used appropriately for eligible healthcare expenses. Also, most states recognize FSA funds as tax deductible with very few exceptions. Please consult a tax advisor regarding your state's specific rules. | <sup>2</sup>The example is for illustrative purposes only. Estimated savings are based on a maximum annual contribution and an assumed combined federal and state income tax bracket of 20%. Actual savings will depend on your contribution amount and taxable income and tax status. | <sup>3</sup>Contribution limit is accurate as of 10/09/25. Each fall the IRS updates the FSA contribution limits.
