CONFERENCE REPORT

Fintech Americas Miami 2026!

The 4th Dimension: AI with a Soul

March 24 - 26 . Fontainebleau Hotel, Miami Beach

Welcome to The Fourth Dimension

Fintech Americas Miami 2026! once again confirmed its place as the must-attend gathering for Latin America's financial ecosystem.

From March 24–26, the iconic Fontainebleau Miami Beach became a convergence point for vision, innovation, and purpose.

Under the theme **"The Fourth Dimension: AI with Soul,"** this year's conference marked a pivotal moment in our collective journey of Adaptation. Over three inspiring days, **1,750+ executives from 45+ countries** engaged in conversations and experiences that moved beyond technology into real-world impact and long-term value creation.

This year marked a defining milestone as **Fintech Americas became part of the global platform of Money20/20**—bringing Latin America's perspective into one of the most influential fintech ecosystems in the world. As part of the **Money20/20 family**, the event gains unprecedented global reach, stronger connections, and direct access to a powerful network of leaders actively building the future of finance.

More than an event, **Fintech Americas Miami 2026! was a living reflection of an industry—and a community—evolving with purpose, ambition, and heart.**

Inside the Fourth Dimension

Four years ago, the world shifted. And with it, the way we understand transformation.

We called that first moment **Infinite Adaptation** — survive or die. Then came **The Law of the Digital Jungle**, when adaptation was no longer enough and ambition became action. Last year, **The Code** marked a turning point, as the industry began to consciously write the technical and ethical rules of a new financial era.

And so, we arrived at 2026: **The Fourth Dimension.**

Dimensions define coordinates. They tell us where we stand. **But the Fourth Dimension is different.** It is time. And time is where meaning, identity, and purpose take shape.

In a world where technology is everywhere and innovation is expected, **differentiation no longer lies in what institutions can do, but in why and how they choose to do it.** When every organization can deploy AI, automate experiences, and personalize services, purpose becomes the ultimate competitive advantage—and that soul of every project cannot be copied, accelerated, or replaced.

That is why, at **Fintech Americas Miami 2026!,** we didn't just discuss the present and future of financial services. **We experienced a new dimension of leadership, innovation, and connection.** We invited the community to feel, question, and reimagine what this industry can become—building together a more efficient, agile, and profoundly human financial system.

Where It All Began: VIP Cocktail Kickoff

The journey into the Fourth Dimension began on **March 23rd with an exclusive VIP Cocktail** that set the tone for what was to come.

In an atmosphere charged with energy and anticipation, **CEOs from across the region, Financial Innovation Awards winners, industry leaders, and visionary thinkers** came together for an evening of meaningful conversations, powerful connections, and shared perspectives.

Beyond networking, the night felt like a moment suspended in time—a space where ideas, ambitions, and purpose started to converge. Every conversation, every encounter, and every insight became the first expression of a new dimension of collaboration and leadership.

More than a kickoff, it was the spark of a shared journey into the Fourth Dimension, all in true Fintech Americas style!

Visionary Voices Shaping AI with Soul

This year's sessions delivered more than knowledge—they sparked perspective, inspiration, and a deeper understanding of how technology can be applied with intention and humanity at its core.

With over +200 world-class speakers, Fintech Americas Miami 2026! became a space to explore not just the trends shaping financial services, but the mindset required to navigate them—shifting from building faster systems to designing smarter, more responsible, and truly human-centered solutions.

To all the extraordinary voices who brought the Fourth Dimension to life—thank you. Here are just a few of the trailblazers who inspired our community:

Leading What Comes Next: Inside LeaderTrack

More than 50 CEOs and Presidents from Latin America's leading financial institutions came together for the **third edition of LeaderTrack, an exclusive program led by McKinsey & Company as Knowledge Partner.**

Over an intense day of dialogue and reflection, top leaders explored what it truly means to lead in the Fourth Dimension: navigating uncertainty, accelerating transformation through AI, strengthening resilience, and redefining growth with purpose.

LeaderTrack participants experienced a unique dynamic, moving seamlessly between private sessions and main-stage keynotes. This dual perspective allowed them to connect strategic reflection with industry-wide insights—expanding their understanding of the challenges ahead and the opportunities to shape a smarter, more human, and more sustainable industry.

Founders Americas: A new space in the Fourth Dimension

In the Fourth Dimension, founders found a new space to connect, scale, and collaborate.

At **Fintech Americas Miami 2026!, Founders Americas emerged as a new experience** within the conference, designed to bring fintech founders into closer dialogue with investors, banks, and regulators shaping the industry's evolution.

Through curated encounters, pitch sessions, and strategic conversations, founders explored new pathways to grow, partner, and expand across the region—connecting ambition with opportunity and innovation with real-world impact.

Built around four core pillars—access to capital, market entry, operational excellence, and visibility—Founders Americas became a platform where ideas gained direction and collaboration gained momentum.

The program was developed in collaboration with the Founders Advisory Board, including **QED Investors, Quona, Plug and Play, Boost Capital Partners, Riverwood Capital, Fintech Collective, and Cometa among others.**

Exploring The Next Evolution of Insurance

Insure Americas returned to **Fintech Americas Miami 2026!** as a dedicated space where the insurance ecosystem explored its expanding role in the future of financial services.

In the Fourth Dimension, insurance is moving beyond protection to become **a strategic driver of trust, resilience, purpose and long-term value.**

Leaders, innovators, and decision-makers came together to discuss how technology, data, and new business models are reshaping the relationship between insurance and finance.

Through focused conversations and curated exchanges, participants gained clear insights into the **trends and capabilities transforming the insurance landscape across Latin America.**

FemTech Americas: Empowering Equity as a Strategic Advantage

In the Fourth Dimension, **equity is no longer a goal—it is a movement**, a pulse, a new way of imagining leadership.

FemTech Americas returned to **Fintech Americas Miami 2026!** as a space where voices rise, perspectives expand, and the future of finance is reimagined through diversity and purpose. with a pre-event cocktail and a workshop.

Through thought-provoking discussions, inspiring success stories, and high-impact networking, participants explored how **inclusive leadership, diverse perspectives,** and **purpose-driven innovation** are accelerating the evolution of financial services across Latin America.

FemTech Americas is not just a program—it is a living community where talent finds resonance, leadership gains depth, and the Fourth Dimension unfolds with greater humanity, balance, and impact.

Miami: Where Networking Becomes Meaning

In the Fourth Dimension, connection is no longer accidental—it is intentional, expansive, and designed for impact. That's why, at **Fintech Americas Miami 2026!, networking evolved beyond interaction** into a dynamic ecosystem of ideas, alliances, and shared ambition.

Across stages, corridors, curated encounters, and spontaneous moments, engagement unfolded at a different scale. Every conversation opened the door to collaboration; every encounter carried the potential to shape what comes next.

In a world where technology accelerates everything, **human connection remains the ultimate differentiator**. In the Fourth Dimension, relationships are not just built—they are amplified, infused with purpose, and projected into the future.

Voices That Amplified the Conversations

At **Fintech Americas Miami 2026!,** media was not just present—it became part of **the Fourth Dimension itself**, amplifying ideas, emotions, and visions far beyond the walls of the conference.

A vibrant **Media Hub** turned into a living stage where voices of innovation converged. Through **exclusive FATV interviews**, industry leaders, innovators, and disruptors shared insights that went beyond trends—into **meaning, purpose, and the future of financial services.**

The **Podcast Booth** emerged as a powerful space of dialogue, where conversations unfolded in real time and ideas gained depth. Founders, executives, and thinkers explored the questions shaping the industry, transforming insights into narratives that resonated far beyond the event.

With **extensive coverage from leading regional and global media outlets** the energy of **Fintech Americas Miami 2026!** expanded across Latin America and beyond.

Discussion Labs:
The Power of Collective Thought

At **Fintech Americas Miami 2026!**, conversations didn't stay on stage—they came alive. The **Discussion Labs** became immersive spaces where ideas were challenged, expanded, and transformed through the **power of community.**

Attendees engaged in **open, interactive dialogues** around the most pressing questions shaping financial services. In these sessions, insight met experience, and perspectives multiplied in real time.

In the **Fourth Dimension**, Discussion Labs were not just about asking questions—they were about **rethinking assumptions, redefining possibilities, and co-creating the paths forward.**

Masterclasses: Where Knowledge Becomes Purpose

On the final day of Fintech Americas Miami 2026!, the learning journey deepened into focused, hands-on mastery through four exclusive, certificate-bearing **Masterclasses—designed to prepare leaders and founders for an AI-driven future.**

Centered on the **most critical frontiers of transformation—AI in banking across infrastructure, payments, and CX**—these sessions offered a deep immersion into how technology can be applied with the intention to build a more agile, efficient, and inclusive industry.

Led in partnership with **Promptior, ACI Worldwide, Intent HQ, Scalto, and Miami Fintech Club**, the Masterclasses became spaces where expertise met execution and insight translated into real-world capability.

More than a learning experience, they marked the closing chapter of the conference with clarity and intent—equipping participants with the mindset and tools to lead, innovate, and drive meaningful impact.

Celebrating Innovation with a Soul

Recognizing innovation is more than celebrating achievement—it is about honoring the ideas, courage, and vision that shape the future of financial services.

At Fintech Americas Miami 2026!, innovation was not just showcased; it was experienced as a driving force of the Fourth Dimension, where technology, purpose, and impact converge.

Banks Awards

From the **Country Awards powered by Deloitte** to the **Fintech Awards powered by Visa,** each ceremony highlighted the individuals, teams, and institutions redefining what is possible across the financial ecosystem. Their work is not only transforming organizations, but also building more agile, inclusive, and purpose-driven models of growth.

As tradition dictates, one of the most emotional and unforgettable moments of the conference was the announcement of the **Disrupt Awards** winner—a true celebration of bold vision and transformative impact:

Demetrio Strimpopulos, Chief Design Officer,
Hey Banco (México)

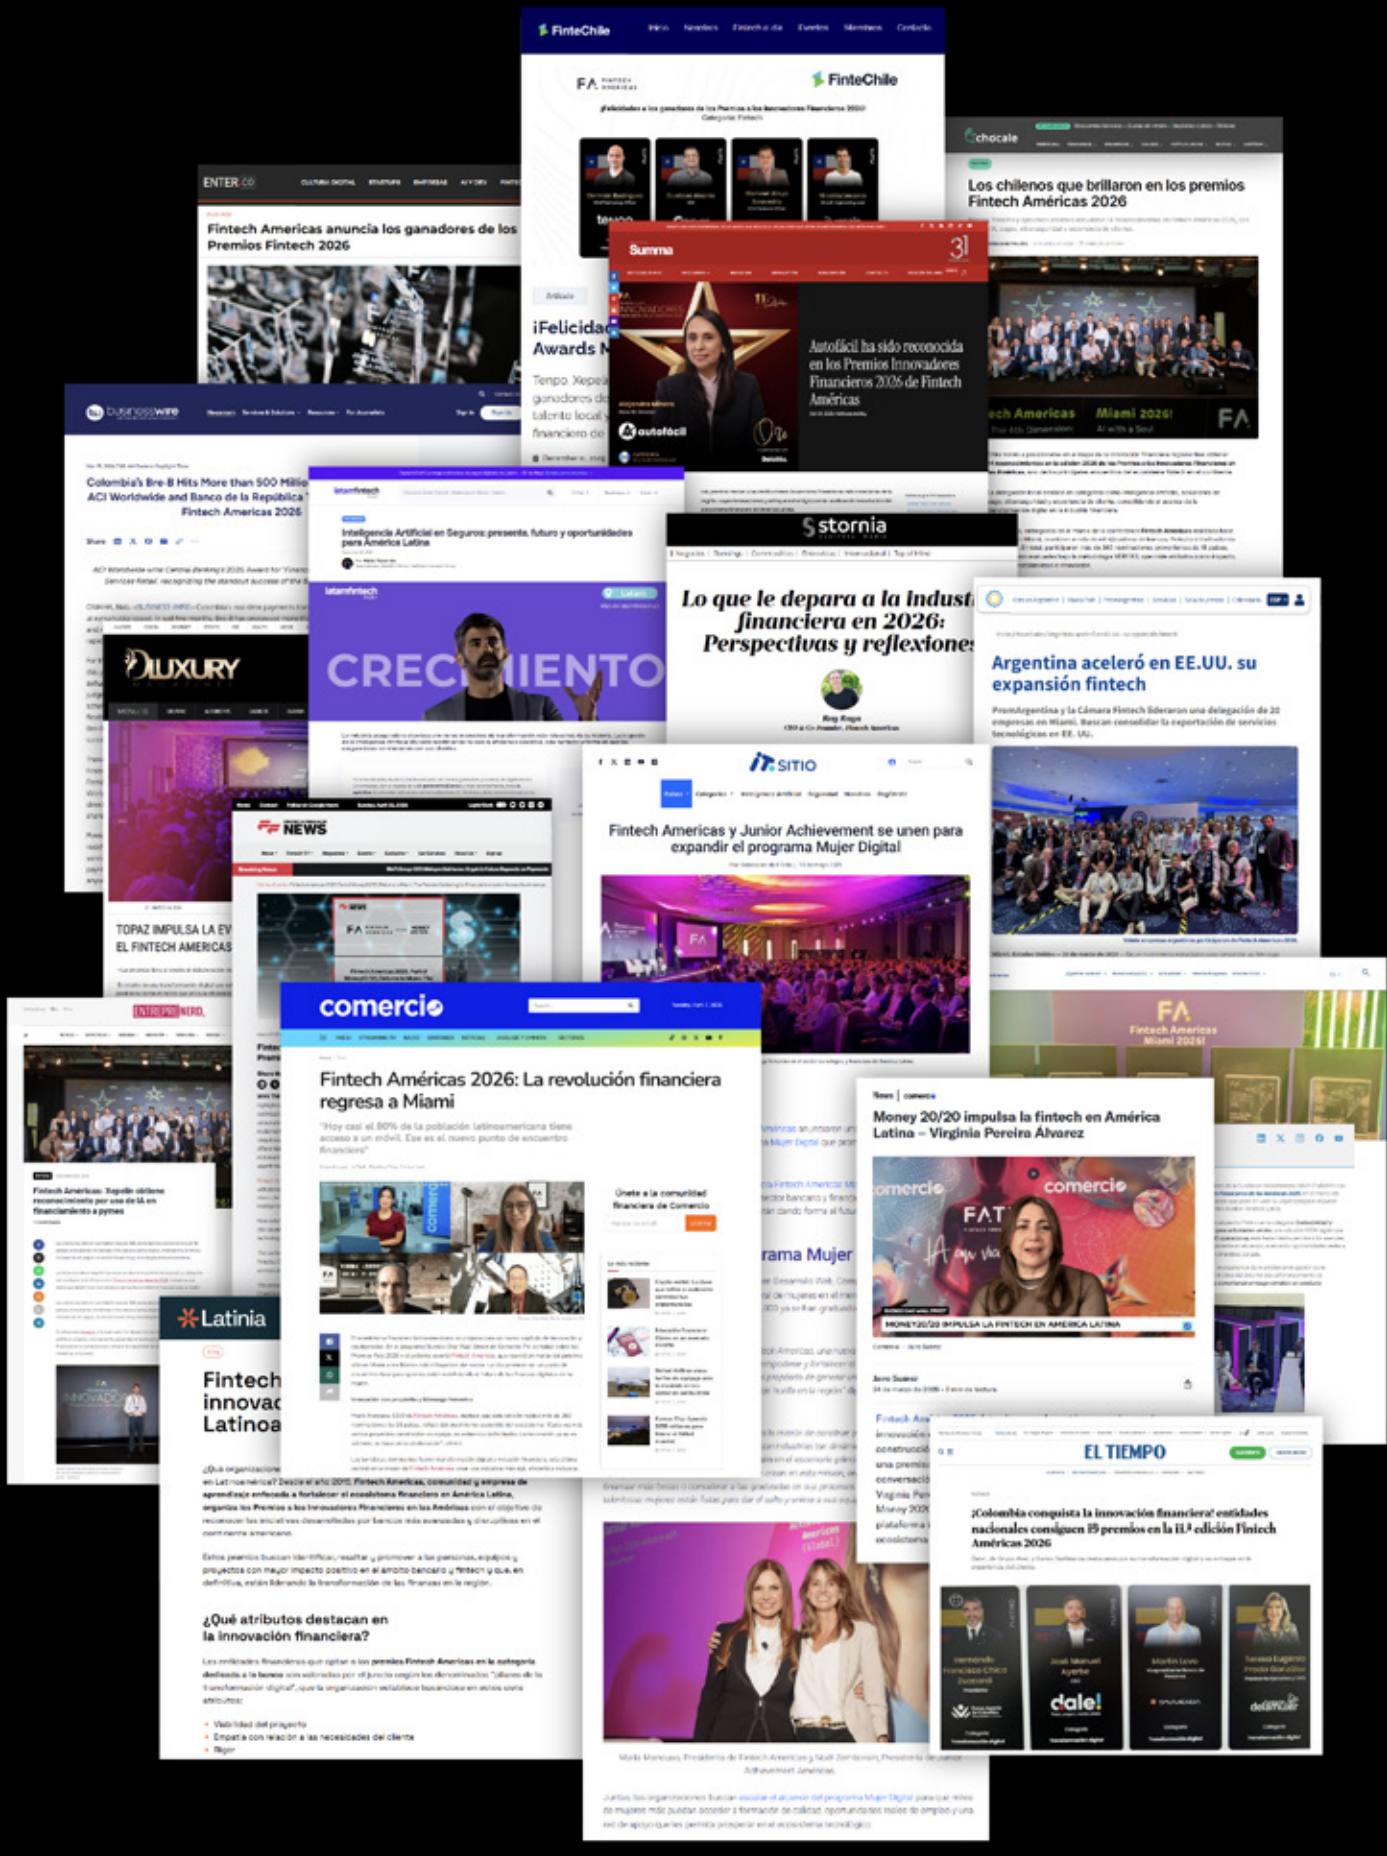

Fintech Americas Miami 2026!: Echoes Beyond the Stage

The impact of **Fintech Americas Miami 2026!** extended far beyond the conference walls, becoming a continuous narrative that resonated across media throughout the year. **The Fourth Dimension** was not only experienced on-site—it was amplified, interpreted, and shared with the region and the world.

Leading media outlets such as **Yahoo Finance, LiveCoins, Comercio, Revista Summa, TyN Magazine, ItSitio, among others** played a key role in amplifying this narrative and projecting its impact before, during, and beyond the conference.

This sustained media presence reflects more than visibility; it signals momentum. It confirms **Fintech Americas Miami!** as a cultural and strategic landmark for the financial ecosystem—a place where the **future of finance** is not only discussed, but projected into reality across Latin America.

Sold-Out Exhibition Floor: Where Innovation Took Center Stage

The Exhibition Floor at **Fintech Americas Miami 2026!** was completely sold out—and alive with energy. It became a vibrant meeting point where technology, ideas, and connections converged, forming a dynamic ecosystem of innovation and opportunity.

From cutting-edge platforms redefining customer experience to advanced technologies enhancing security, efficiency, and scalability, attendees explored solutions shaping the next generation of financial services.

With every booth buzzing with interaction, the exhibition area evolved into a powerful hub of discovery and collaboration. Conversations sparked partnerships, ideas became opportunities, and solutions turned into strategic alliances.

More than an exhibition space, it was a celebration of creativity, momentum, and shared vision—a place where the future of finance felt tangible, dynamic, and within reach.

One Night.
Infinite Dimensions.

When the sun went down, time seemed to bend. The **Fintech Americas Miami 2026! Party**, powered by **Veritran**, transformed the night into an amazing experience.

Under Miami's electric pulse, the conference shifted from ideas to emotions, from strategy to rhythm, from conversation to celebration. Music, lights, and energy converged as attendees entered a space where connections felt freer, stories grew louder, and the boundaries between business and community dissolved.

On the dance floor, moments multiplied. Laughter, movement, and unexpected encounters created a shared language that only emerges when an industry comes together—not to compete, but to celebrate.

Some experiences are remembered. Others redefine dimensions.

What Participants Are Saying

The true essence of Fintech Americas Miami 2026! lives in the voices of those who experienced it firsthand. Beyond stages, sessions, and conversations, it is their words that reveal what the Fourth Dimension truly felt like. **Here are just a few glowing testimonials that capture the essence of this unparalleled experience:**

"Fintech Americas Miami 2026 was a top-tier event. I had the opportunity to attend excellent sessions featuring high-caliber speakers. Most importantly, it brought together the financial and technology worlds, showcasing how leading financial institutions in Latin America are at the forefront of today's market trends."

Mauricio Rojas, *Vice President, Libercoop (Chile)*

"Fintech Americas Miami is a platform that continues to grow, bringing together a community of leaders who drive Latin America's economies and carry innovation everywhere."

Carlos Mojica, *Vice President of Innovation and Digital Transformation, Banco Nacional de Bolivia (Bolivia)*

"Attending Fintech Americas Miami 2026! allowed me to share the experience of implementing Open Finance in Brazil, to learn insights on the use of AI in financial services and to make new contacts in the financial industry, especially in LATAM."

Matheus Rauber, *Head of Division - Banco Central de Brasil (Brasil)*

"In my case, I can say the experience is always very positive. Being part of the event adds great value to my professional development. It is always well organized, with excellent sessions and globally relevant topics."

Ronny Samuel Ramírez, *IT Infrastructure Manager, Banco ADOPEM (Dominican Republic)*

"Loved the event, great speakers and content. A real opportunity to connect with people in just one place".

Annali Duarte, *Head of Global Payments Solutions Latam, Bank of America (Brazil)*

"It has been a highly valuable experience. I found the event enriching, with content that can help us advance in the automation of regulatory processes. I'm taking away the insights shared by the speakers to apply them within our institution and further strengthen our position as a leading reference in the sector across the region."

Miriam Ortega, *Manager of Control, Quality and Supervision Policies, Superintendency of Banks of Panama (Panama)*

"Participating in Fintech Americas Miami 2026 was more than just attending an event—it challenged how we think about leadership in the age of AI. I'm taking away conversations that are uncomfortable… and, precisely because of that, truly transformative."

Mariano Castro, *VP Human Development, Bladex (Panama)*

"The event far exceeded my expectations."

Javier Ayoroa Vera, *Chairman of the Board, Diaconía IFD (Bolivia)*

"Fintech Americas Miami 2026 was fantastic. It's an excellent opportunity to connect with leaders from Latin America's fintech ecosystem and gain a shared understanding of what's happening across the industry."

Elier Alfaro, *CISO, Banco BICE (Chile)*

"It's my first time attending Fintech Americas Miami, and honestly, I didn't expect such strong participation, with so many teams and companies. It's a space where valuable experiences and solutions are shared, both for the insurance and financial sectors. I will definitely be back next year."

Daniel Aguilar, *General Manager, Seguros Bantrab (Guatemala)*

"I'm truly impressed with the event. We didn't expect such broad representation from so many countries or so many innovative products. For us, it's a valuable opportunity for learning and networking that will allow us to implement new technologies and AI solutions in our institution and day-to-day operations."

Ana María Cifuentes Patiño, *Deputy Director of Social Services, Colsubsidio (Colombia)*

"As it was my first time attending, I had high expectations and came away with an excellent impression of the event. I will definitely be back next year."

José Armando Morales, *General Manager, Fundación Servigua (Guatemala)*

"I found it to be a very strong event, with excellent speakers and many opportunities to exchange ideas. It is an absolutely necessary initiative for the industry, especially at a time when it is rapidly evolving toward new technologies and human connection remains essential."

Oscar Castellano, *Executive Director, ATEFI (Argentina)*

"This is my second time at Fintech Americas Miami, and as always, it's been a great experience, with very interesting sessions from across the region—especially from my home country. I'm very happy to have participated."

Aura María Reyes Vallejo, *CDC Lead for Data & Analytics, Banco de Occidente (Colombia)*

"The event has grown significantly. I've been attending for four consecutive years and have seen how the content has diversified while maintaining a strong focus on artificial intelligence, which I find highly relevant."

Hugo Cruz, *Board Member, Coopap (Guatemala)*

"At Fintech Americas Miami 2026, we were able to do extensive networking and share experiences with other countries, particularly by supporting each other in the adoption of AI."

Julieta Juárez, *Digital Channels Manager, Bind (Argentina)*

"This is my third time attending Fintech Americas Miami, and in this edition, I would highlight the increased presence of vendors, which is very positive as it allows for more interaction and the opportunity to discover new tools. The sessions have been outstanding, with many use cases we can take back as ideas to implement."

Yoliana Alfaro, *General Manager, Yapi (Panama)*

"I was very impressed by how artificial intelligence was addressed, combining it with a human-centered approach. It has been a very interesting experience that leaves us with many ideas to implement at the bank."

David Castillo, *Business Segments Manager – Martech Lead, Banco General (Panama)*

"For me, Fintech Americas Miami 2026 showcased how Latin America continues to innovate in fintech and digital banking—often surpassing the digital financial services offered in the U.S. and Europe. The ecosystem and community keep growing, and Fintech Americas has established itself as the leading innovation platform for LATAM."

Carlos Vides, *Deputy Manager of Modern Banking, Banco Industrial (Guatemala)*

"It was a real pleasure to share this event with the entire industry. It's truly a great opportunity to open our minds, get a glimpse of what's ahead, connect with peers, and realize that together we're moving forward on the path of innovation."

Jesica Cardozo, *Virtual Assistants Lead, Banco de Córdoba (Argentina)*

"It has been a wonderful experience. It provides the opportunity to connect with peers from the same segment, learn and exchange knowledge, and above all, build valuable relationships and networking that are key to developing the financial ecosystem across the Americas."

Angélica Bermúdez, *Marketing Manager, Compensar (Colombia)*

"This is my second time attending Fintech Americas Miami, and I've noticed significant growth from one year to the next, especially in the most relevant topics of the moment. The sessions on artificial intelligence, in particular, have been highly valuable for all of us attending."

Mónica Laso, *IT Manager, Seguros Unidos (Ecuador)*

"I found the event very interesting, with valuable contributions from companies and diverse experiences. It also brought together professionals from banking, fintech, and other sectors who share key insights to help drive projects forward."

Fernando Terrazas,
Operations Manager / Data Architect, IPPB Solutions (Bolivia)

"I loved it—it was a very positive experience. It was a pleasure to participate in Fintech Americas Miami 2026. The organization, the venue, and the conference itself were all top-notch. I especially appreciated the format with four stages running simultaneous sessions."

Alejandro Mijares, *CEO, Mijares Consulting (United States of America)*

"I found the event to be very good and highly positive, with strong attendance. The awards ceremony was key for networking, and the masterclasses were excellent."

Joaquín Ávalos, Co-Founder, Promtior (Uruguay)

"Fintech Americas Miami is a great space to connect with bankers, insurers, fintech and banking associations. The community continues to grow, adding tremendous value both professionally and personally."

Pablo Narvaez, *Head of Managed Services, TrafPay (Panama)*

"It's my first time at Fintech Americas Miami, and I absolutely loved it. The networking is incredible, and the conversations about AI with a Soil left me speechless."

Karol Benavidez, Regional Head Latam, Fiskil (Colombia)

"The experience was very positive. I especially appreciated the variety of content this year. It's an extremely valuable event—a very good use of time."

Gastón Peralta, Partner - CSO, Paktolus (United States of America)

Some of the Institutions that Participated in the Conference

A diverse group of leading banks and financial institutions from across Latin America joined **Fintech Americas Miami 2026!**, reflecting a shared commitment to implementing AI with a soul—embracing innovation through a more human-centered approach.

A big thanks to all our sponsors

Our deepest gratitude to all the partners who made **Fintech Americas Miami 2026!** possible. Their support and collaboration were instrumental in bringing the Fourth Dimension to life—where ideas gained meaning, technology found purpose, and the future of financial services took shape with greater clarity and impact.
