Wow Your Clients With Cloud CMA

Here are 4 ways Cloud CMA can help you deliver listing presentations to win over potential clients.

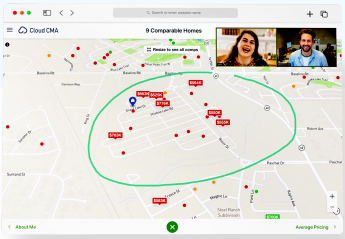

Work faster
Access Cloud CMA within Bright Search

Access Cloud CMA directly from Bright Search to create customized CMAs, buyer tours, property reports and more! Blend MLS listing data with unique neighborhood information from Google, Yelp, Walk Score and even Education.com.

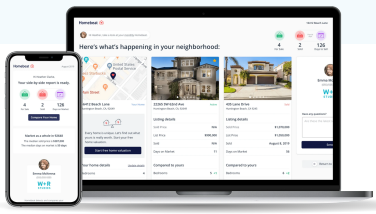

Custom presentations to help you stand out

Personalize your print and interactive listing presentations with dozens of report themes, styles and fonts to match your brand identity.

Present from anywhere with an interactive experience

Present your CMAs in person on any device or virtually with Cloud CMA's built-in Zoom integration. Also, showcase your market expertise by adding or removing comps during your listing presentation.

Stay top-of-mind
Automatically send online CMAs

Stay in touch with past clients and homeowners by setting them up to receive automated, online CMAs using Cloud CMA's Homebeat. This continued contact keeps you top-of-mind, so when your client is ready to sell, they know who to call.
