RESTAURANT

With a combination of premium menus and wines set in contemporary yet elegant surroundings, this is truly an unforgettable dining experience.

Seating Capacity: 70 Guests |

CUISINE

The menu is a creative blend of Asia's most intriguing flavours that combines tradition and modernity, resulting in truly contemporary Asian cuisine. The Restaurant serves from lunch to late night.

AFTERNOON TEA

For CÉ LA VI Taipei's Afternoon Tea, our inspiration draws from the Bonsai Tree, with origins in the Tang Dynasty, China's Renaissance period. At this time, the art of bonsai and traditional tea ceremonies were at their peak, a time of leisure and elegant refinement. Pairing this with the delicacies and customs known for the British afternoon tea ceremonies that have become so heavily present in Asia, our afternoon tea will be a showcase of how Taipei redefines Afternoon Tea. Taiwan has long been a melting pot for Asian cultures, with Chinese, Japanese, and Western influence having a large impact on the Taiwanese society we know today; and with that, some of the most beautiful facets of these worlds are thriving in Taiwan, and the second age of the renaissance in Asia.

COCKTAILS

Inventive offerings at the SkyBar embrace the heart of Taiwan's culture with a robust cocktail menu centred around international flavours with a Taiwanese twist. Featured libations like a "Molasses Pineapple", and "South Taiwan Juice Bar" are on the signature cocktail list.

ENTERTAINMENT

The state-of-the-art venue is equipped with the finest sound system seen in high profile mega-clubs such as Marquee Las Vegas and Exchange Los Angeles. Designed by Audio 6 Taiwan along with Funktion-One UK, CÉ LA VI Taipei has been fitted with a system made up of 4x Resolution 2s, 28x F81 loudspeakers with 2x BR218 and 15x BR115 bass speakers that are altogether designed to provide an immersive sound experience that complements its sleek interior and cityscape backdrop.
