*Soil-free | Hypoallergenic | Warrantied*

## Installs on drywall, like art.

Taiga and Taiga Max install in 30 minutes with the included mounting hardware.

## Tile & recess in drywall alcoves.

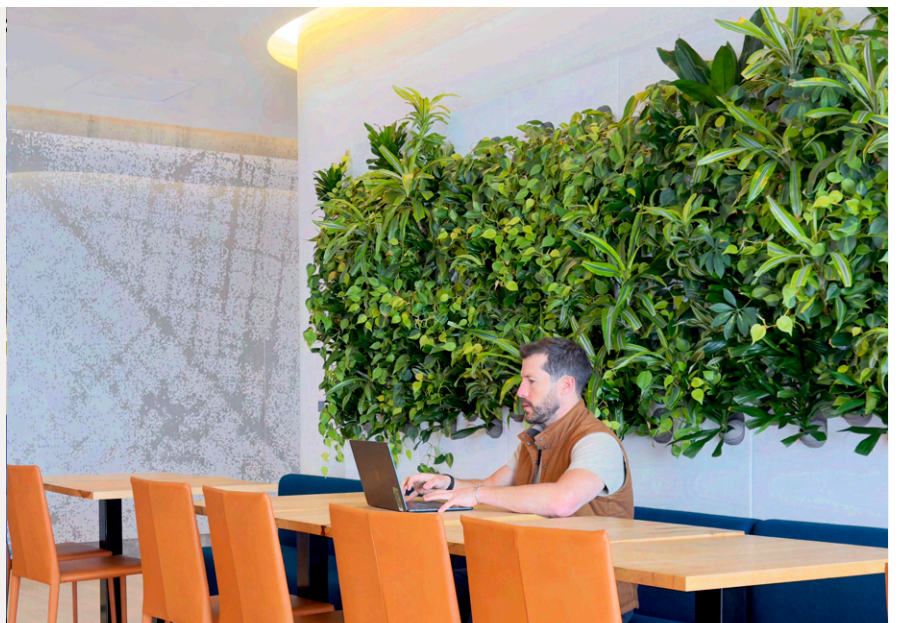

Measuring just over 4.5" deep, Taiga and Taiga Max are easily recessed into a drywall alcove.

## Thrive for years.

Biome's living walls include the best warranty in the industry and the technology to back it up.

It's never been a better time to bring life to your space.

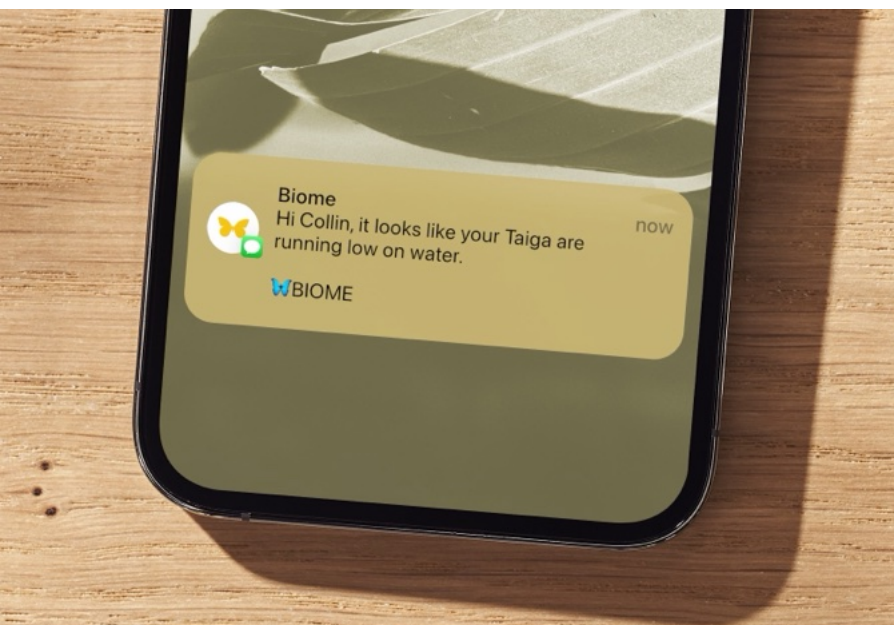

## No soil, bugs, or mess.

Our fully-grown hydroponic plants arrive in clean and easy pods — ready to thrive from day one. Zero dirt.

## No plumbing! Just top off.

Our systems know exactly how to care for your plants. All you have to do is add tap water and Biome's vitamins.

## Easy care with low water alerts.

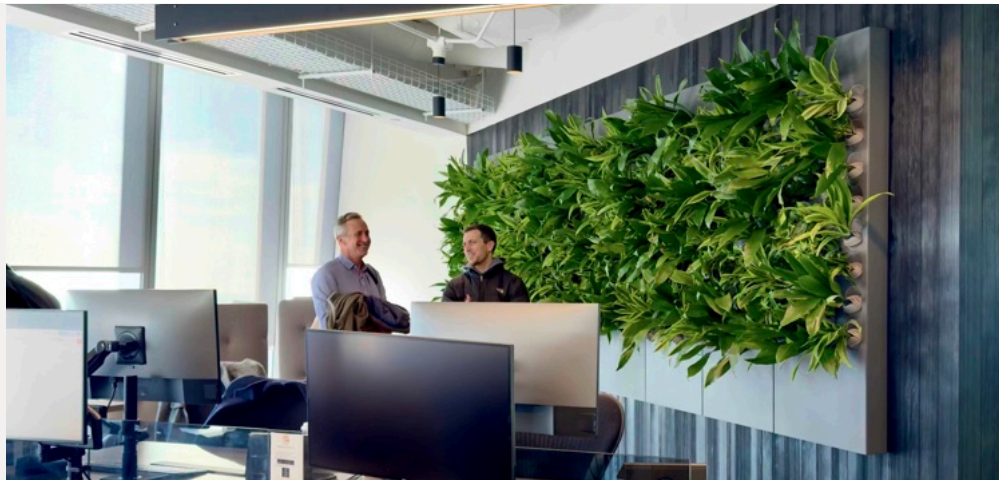

We're changing the game. With Biome's technology, you can enjoy the benefits of live plants at a fraction of the cost.

No green thumb required.

## Recess in drywall alcove:

## Add logos:

## Halo Light

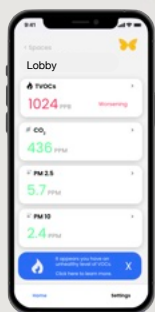

Highlight your plants' lushness with our wireless magnetic light bar — enough light for even the darkest places.

## Biome App

Control your Taiga seamlessly with the Biome App.

Change lighting, check air quality, and track water levels, all from one place - even remotely.

## Cellular Hotspot

Low water alerts, software updates, and more.

Wi-Fi troubles? Our cellular solution deploys in a flash and includes 2 years of data.
