

A Globe and Earth

Pretend you are in a spaceship. You look out and see a planet. It is Earth, your home. This photo shows what Earth looks like from space. It looks like a big blue marble. Isn't it beautiful?

1. You can see only one side of Earth at a time.

What shape is Earth? _____

2. Does Earth have more land or water? _____

3. Why is part of Earth green? _____

Have you ever played with a toy car? A toy car is a model of a real car. This picture shows a globe. A **globe** is a model of Earth. You can see that the globe and Earth are the same shape.

1. What shape is a globe? _____
2. Is the globe bigger or smaller than Earth? _____
3. What do the words on the globe tell you? _____
