MIDLAND®

THE TASTE OF THE ROAD, THE INGREDIENTS OF FREEDOM.

2026 Catalog

#1 ITALIAN INTERCOM

MIDLAND ®
20 YEARS
OF MOTORBIKE INTERCOMS

SINCE 2006, MIDLAND HAS SPECIALIZED IN MOTORCYCLE COMMUNICATION PRODUCTS.

Over the course of these 20 years, Midland has created an **R&D laboratory**, where professional engineers dedicate themselves daily to the development of **technologically advanced products**. After years of constant studies and tests, the **audio** of Midland intercoms is the **most advanced** ever, thanks to strict controls on **Quality**, the trademark that has distinguished the company for over 60 years.

Your adventures On the Road
Midland intercoms offer you maximum communication performance, to reach the fourth dimension of travel and give you a unique experience. Share emotions and excitement on the road and get 360-degrees adventures.

A top audio experience
Thanks to the **partnership with RCF**, Midland intercoms are able to provide high-performance audio even in the most extreme conditions, reducing external noises and allowing you to make the most of the phone call and music playback functions.

Connected in all circumstances
Midland intercoms are easy to use and extremely versatile. The **Bluetooth and Mesh technologies** allow group connections with intercoms of other brands, or pairing with third-party devices.

RECOGNITIONS

Midland has always put design at the core of its vision, making it an actual distinguishing element. A commitment that over time has been rewarded with the **Red Dot Award**, one of the most authoritative awards in the global design scene. Each year, a jury of experts analyses more than 6,500 products, awarding prizes to those that excellently combine aesthetics, functionality and build quality.

In this context of excellence, Midland won the Red Dot Award in the **Product Design category** in 2021 with **BT Rush,** the first model of the **new R range** of motorcycle intercoms: a product that best represents the evolution of the brand in terms of style and technology.

RCF AUDIO

RCF

The professional speakers for an unprecedented audio experience on the motorcycle are born from Midland technology and RCF sound.

Two Italian concerns of excellence, leaders in motorcycle communication and professional audio, for over 65 years. Continuous research and development of innovative products has led to a product that guarantees maximum performance in any condition of use.
The best possible technology, for an audio quality never achieved before.
Midland & RCF laboratories bring a concert directly into your helmet.

EXTRA BASS

TWICE AS MANY BASS TONES
A new custom speaker driven by power and processing.

FUZZY TO CLEAR

50% MORE
Speech understanding, in noisy conditions.

PROFESSIONAL SOUND
Carefully optimized DSP for perfect low frequency extension and linearity.

PEEK MEMBRANE
Designed to achieve maximum sound clarity and definition.

ECE 22.06 APPROVED

COMPLIANT SPEAKERS
The RCF speakers comply with the ECE 22.06 standard

UNIVERSAL CONNECTIVITY

Midland has developed a new protocol that enables communication between native Bluetooth systems and Cardo, Sena and Interphone devices.
We have always championed sharing and the freedom to choose between our products and those of other leading brands regardless of the make of your intercom, without the loss or compromising of any features.
The Open Bluetooth Intercom (OBI) connection system developed in collaboration with Cardo is integrated into Universal Connectivity.

BRAND 2

ECE 22.06 APPROVED

**ECE 22.06
APPROVED**

Midland: the world's first and only 22.06-compliant manufacturer

From a manufacturing perspective, the evolution of the motorcycle helmet has led to a necessary introduction of a regulation that, through testing, certifies the safety and quality of the device tasked with protecting your head when travelling on a motorcycle or scooter. Together with the other intercom manufacturers, MIDLAND has been working for over two years at drafting the 22.06, with regard to the technical requirements relating to helmet accessories. This has led to us becoming the first and only manufacturer to offer a complete range of 22.06-approved intercoms.

Unlimited communication

TRIBE TALK

Talk to all your fellow travellers without interruption.
Clear and stable connection.
Compatibility with all intercoms.

Live: those who are close to you are now even closer.
Use Live to communicate with riders around you. Perfect for breaking the ice and starting new conversations.

Create your own group, wherever you are.
Add your friends and fellow travellers to a group or create one with those you meet in Live.

Hands safely on the handlebars.
Use **BTT Button Pro** to speak or mute with a single touch. No screens, just the road ahead.

MIDLAND

Get ready to go!
Complete the configuration: it only takes 30 seconds.

PROFILE

DEVICES

THE BLUETOOTH HANDLEBAR BUTTON THAT LETS YOU COMMUNICATE USING THE TRIBE TALK APP WITHOUT USER OR DISTANCE RESTRICTIONS. NOW WITH A LED THAT INDICATES DEVICE STATUS.

This practical Bluetooth button integrates seamlessly with the **Tribe Talk** app, allowing real time communication without restrictions on users, distance, or intercom brands. The system consists of two separate elements:

· **a main button,** which includes the electronics and the battery, designed to be installed in the central part of the motorcycle's control group,

· **and a second remote button,** which attaches directly to the handlebars in an ergonomic position, for easy and safe use even while riding, without ever having to take your hands off the handlebars.

ADDITIONAL FEATURES
• Wireless
• Waterproof
• LED status indicator
• Upgradable using OTA
• Instant power on at the touch of a button
• Long battery life: 365 days/9 hours of use per day.

THE PACKET CONTAINS:
Silicone band with push button and main button.
Code C1238.01

Dual processor group communication

R1 MESH

reddot winner

ECE 22.06 APPROVED

THE MESH & BLUETOOTH INTERCOM AT THE BEST QUALITY-PRICE RATIO.

Top technology, **simplified user interface**, Magiclock magnetic fastening system, RCF audio experience and **best quality-price ratio** all in one model.
It will be possible to talk to one or more motorcyclists in a dynamic way, overcoming the "chain" configuration typical of the Bluetooth conference. The presence of a **dual processor** guarantees great connection stability with the multimedia displays of the vehicles. R1 Mesh is compatible with the **main GPS systems** (Garmin Zumo and TomTom Rider), and the **connectivity and control systems** integrated by motorcycle manufacturers in the dashboards of many of their models (BMW, KTM, Honda, Ducati...).

ADDITIONAL FEATURES

· **Waterproof IPX6:** thanks to nanotechnology, the circuit is made water-repellent by a protective film. ·
· Automatic volume control (AGC)
· Vox, voice activation

PACKAGING AND CODES

Device, audio system with two 40mm stereo speakers by RCF, wired and rigid anti-turbulence boom microphone, magnetic fixing system to the helmet: with bi-adhesive tape and clamp, shims, USB-C cable.

LOKUI IS A BRAND BELONGING TO MIDLAND.

MIDLAND CONNECT

CUSTOMISE THE INTERCOM, MAKE IT YOURS.

Midland Connect is the app that makes your motorcycling experience even easier and more fun! With a super-intuitive interface, you can easily manage your Midland intercom directly from your smartphone.
What you can do with Midland Connect:

- **Fast pairing**
  Connect your smartphone to the Midland (or other brands) intercoms in an instant.
- **Web Radio**
  Listen to over 60,000 radio stations, so that you never miss out on your favourite music.
- **Stay connected**
  Make and receive calls or communicate with friends while driving.
- **FM Radio**
  Choose your favourite station without getting distracted.
- **Customise your intercom**
  Easily adjust settings such as AGC, VOX and volume.
- **Quick Access**
  All the functions you need on one screen.
- **Support at your fingertips**
  Manuals, guides and support always available.

Make sure that your firmware is always updated to the latest version for a perfect experience.
You can do this easily by visiting the "support area" of our website **midlandeurope.com**.
Download Midland Connect and simplify your motorcycle communication!

COMPATIBLE DEVICES:

All Midland intercoms except K10, K30 and BTMINI versions prior to 2025.

HANDLEBAR SMARTPHONE MOUNTS

Midland smartphone mounts are designed to be ergonomically functional even when wearing motorcycle gloves. Manufacturing precision ensures a secure grip even on rough terrain or off-road, keeping the smartphone always firmly on the handlebar.

MH-Pro NV C1568

Universal support in premium aluminium, with vibration reduction system.
Telephone housing: up to 7.2".
Waterproof IP68. Handlebar fixing: 12-32 mm in diameter. Support for rear-view mirror included.
Equipped with Five hook system™.

MH-EVO WC C1656

Universal handlebar mount for smartphones with wireless charging or USB-C. For motorcycles and bicycles. Handlebar attachment: 22-32 mm. Support width: 65-93mm. Support height: 135-185 mm.
Charging while in use.

MH NV C1584

Universal support with vibration reduction system. Made of nylon-loaded polyamide, a plastic material that guarantees lightness and resistance. Telephone housing: up to 7.2". Waterproof IP68. Handlebar fixing: 12-32 mm in diameter.
Equipped with Four hook system™.

MH-Pro C1489

Aluminium universal mount.
Telephone housing: up to 6.2".
Silicone safety grid included.
Handlebar fixing: 22-32 mm in diameter.

MH-Pro USB C1490

Aluminium universal mount.
Waterproof IP65. Telephone housing: up to 6.2". Silicone safety grid included.
USB charging socket.
Handlebar fixing: 22-32 mm in diameter.

USB CHARGERS AND POWER SUPPLIES

Enercharge C1685

Motorcycle battery charger.
Compact and reliable smart charger that recharges and maintains your motorcycle battery, extending battery life up to 4 times. Fully automatic, it takes care of the battery without the need for manual intervention. Compatible with motorcycles of any engine size, it supports 4 types of batteries:
· 12V lead-acid batteries, including maintenance-free batteries
· AGM LiFePO4 12V batteries
· MF Maintenance Free batteries, sealed without water refill.
· AGM batteries with fibreglass separator, resistant to vibrations.

NEW

MP-H 2USB C/A C1702

USB motorcycle charger
Thanks to the dual high-speed USB-A and USB-C ports, it allows simultaneous charging of electronic devices such as smartphones, GPS navigators, action cams and other digital accessories, even when on the move.

NEW

MP-DIN USB-C Car lighter C1565

Dual 12/24V charger with cigarette lighter, USB and USB-C/DIN (BMW) sockets.

MP-W Adapter C1197

Adapter cable with cigarette lighter/DIN socket (BMW) 12V.

MP-DIN USB-C C1514

12/24V charger with USB+USB-C/DIN socket (BMW).

BIKEPLAY PRO

WITH 5.5" TOUCHSCREEN, VOICE COMMANDS AND QUICK RELEASE: TECHNOLOGY AND CONVENIENCE FOR THE SMARTER MOTORCYCLISTS.

Its **practical quick release system** means it can be attached and removed in an instant, making every stop effortless.
The **automatic backlighting** ensures optimal visibility even at night, while the **voice command** support lets you manage music, calls and GPS in complete safety.
The interface has been optimized to provide you with a simple, intuitive experience without losing Bluetooth functions.
The package also includes a ready-to-use handlebar mount and a dual power supply option, both with quick connection to provide swift and simple removal.

FEATURES

- 5.5" capacitive touchscreen display
- Waterproof
- Linux system
- It supports the major smartphone integration platforms for vehicles
- Integrated Bluetooth and Wi-Fi
- Anti-vibration algorithm

- Anti-glare screen
- Night vision
- Dedicated dashcam management app

PACKAGING AND CODES

Monitor, sun visor, power cables (12V/USB), handlebar mount for screen attachment (type B RAM ball).
code C1682

Smartphone integration system for motorcycles

BIKEPLAY GUARDIAN

Screen protection film C1667

MLH LITE

NEW

AUTOMOTIVE E57 10R-06 0433 APPROVAL

CERTIFIED, THEY LIGHT YOUR PATH EVEN WHEN THE GOING GETS TOUGH.

Solid, versatile, intuitive: a true ally on two wheels.
MLH LITE is Midland's LED auxiliary spotlight that combines design, safety, comfort and practicality.
Its body is made of robust **aluminium** with optical glass lens, designed to offer maximum brightness and durability. The surface is treated with a special protective finish that makes it more resistant to impact, weather conditions and everyday wear and tear. It is **IP68** certified, for total protection from dust and water immersion.
In addition, the structure is designed to ensure effective heat dissipation, to maintain reliable performance at all times. A compact and reliable spotlight, created for those who want a complete and safe motorcycle ready to stand out from the rest. **More visibility. More control. More freedom.**

FEATURES

- **Versatile dual-tone light** - 6500K long range high beam white light and 3000K short range fog yellow light, also working in mixed mode for total visibility. 6000 lumens in total.
- **Convenient and fast wireless control** - Switch between modes even while riding with the included wireless handlebar remote control.
- **Universal and easy installation** - Compatible with bars from Ø10 mm to Ø32 mm. No modifications necessary.
- Low-consumption LED technology - Also ideal for small motorcycles, without stress on the battery.
- **Total protection - IP68**, water, dust and shock resistant. Conceived to last even in the worst conditions.
- **Certified for road use** - They meet the standards required for road use, to travel safely and in compliance with the laws.

PACKAGING AND CODES

2 spotlights, wireless remote control with CR2032 battery, smart control unit with power cable, universal mounting brackets, complete installation kit.
Code C1700

MLH

INCREASE YOUR SAFETY ON THE ROAD.

- Sound power: >300mW
- Operating cycle: 100%/1h
- Ext. audio jack socket: 3.5mm stereo
- Morse code SOS function
- Digital clock
- Headset socket
- Telescopic antenna
- Weight (battery excluded): 327g
- Dimensions: 150x79x43 mm (LxHxD)

PACKAGING AND CODES

Radio, 2600mAh Li-Ion battery pack, USB cable.
code C1665

Torch   **Dynamo charging and USB cable**

Portable air compressors

ENERPUMP MINI

NEW

POCKET-SIZED, POWERFUL PORTABLE AIR COMPRESSOR.
THE ONLY ONE THAT INCLUDES A MOTORCYCLE TYRE REPAIR KIT.

Enerpump Mini combines high performance and maximum practicality in a compact and easy-to-carry design. With a **1000mAh battery and power of up to 100 PSI**, it can inflate motorcycle, car and bicycle tyres and other items in less than a minute. In addition, it is the only one on the market that includes a **motorcycle tyre repair kit**, designed to solve sudden punctures in a few simple steps.

FEATURES

- Portable compressor up to 100 PSI
- 6 months' stand-by autonomy
- For motorcycle/bicycle tyres and balls
- The LCD display shows the tyre pressure in real time, allowing for precise and safe inflation.
- Charging: Type-C, charging time: 1 hour
- Dimensions 7.2x5.2x3.4, weight 170g

PACKAGING AND CODES

Compressor, Presta valve adapter, needle, charging cable, inflation and extension adapters, tyre repair kit, fabric bags to store the product.
code C1680

ENERPUMP

THE PORTABLE COMPRESSOR THAT
ALSO WORKS AS A POWER BANK.

Thanks to its compact design, **Enerpump** can be easily carried in a small bag or under the saddle. With **pressure up to 150 PSI**, this compressor quickly inflates motorcycle, car and bicycle tyres in less than a minute, perfect for roadside emergencies.

FEATURES The LCD display shows the tyre pressure in real time, allowing for precise and safe inflation. You can set the desired pressure, with automatic shutdown when the preset value is reached. The standard pressure values, based on the type of use, are stored in the system.

- Extended standby: With a full charge, the compressor can remain in standby for up to 6 months.
- Quality materials: made of highly durable PVC.
- Power bank 4000mAh
- Portable compressor up to 10 bar
- LCD digital display
- LED torch
- 6 months' stand-by autonomy
- For car/CAMPER motorcycle/bicycle tyres

PACKAGING AND CODES

Compressor, Presta valve adapter, needle, charging cable, inflation and extension adapters, fabric bag to store the product.
code C1651
