Our history

A SUCCESS THAT HAS LASTED FOR ALMOST 70 YEARS

Midland, like for all the greatest historical adventures, was born in 1959 in a small factory in Kansas City, Missouri, United States.

It started with a dream travelling on radio waves and a clear goal:

"Make communication fun, easy and accessible to everyone".

The MIDLAND group has today over 15 European and non-European subsidiaries, including branches and strategic partners, and a distribution in over 90 countries, under the guidance of the Italian Headquarters of Reggio Emilia.

Turning imagination into reality was possible thanks to passion and a touch of genius: this is how we built the first CB radio. Our history began.

We were with your grandparents when they communicated from home and on trucks during the economic boom, we are with you on your 4x4s, with you touring Europe in your caravans, and above all we are on your motorcycle helmets during long trips, with our intercoms.

MISSION

We design and develop communication devices and accessories for people on the move, combining advanced technology, intuitive design and reliable quality.

Our goal is to improve the lives of motorcyclists, professionals and outdoor enthusiasts, ensuring safe and instant connections everywhere.

MADE IN ITALY

Since 1959, we combine innovation and tradition to offer high-end electronic devices, designed with passion and attention to detail. Every product represents style, reliability and excellent performance. Choose Midland and take the excellence of Italian design with you on every adventure.

VISION

To be the global reference for communication-on-the-go solutions, offering innovative devices that make every experience safer, simpler and more connected.

WHY BUY A RADIO AND WHICH TO CHOOSE

Usually, emergency and security situations are associated with radios: first aid, police, firefighters, civil protection. These are just some examples of professional figures that come to mind when we talk about radios. In reality, radios are not only used professionally but also during leisure, for hobbies, communication with friends or recreational and sporting activities.

FAMILIES

RECOGNITIONS

Midland, an Italian company always attentive to the value of design, has received numerous awards throughout its history. Among these, one that stands out is the **Red Dot Award**, a most prestigious international prize where an expert jury evaluates over 6,500 products, focusing on the balance between aesthetics and build quality. In recent years Midland has won **four Red Dot Awards in the Product Design category**. The latest achievement is the PMR446 **XT90 Pro** radio, launching in mid-2026, which won the award in this year's edition. Previously awarded models include **BR180**, **XT50 Pro**, **G9 Pro** and **777 Pro**, also recognised for their design.

WALKIE TALKIE

Adding flavor to communication.

D10

NEW

D10. THE NEW VOICE OF DIGITAL.

A smart, reliable, and versatile solution, designed for professionals and outdoor enthusiasts who want a simple-to-use yet high-tech tool.

The best of both worlds: digital and analog.

Automatically switches from digital to analog mode for instant compatibility with traditional devices.

Ideal for outdoor and hunting activities.

Additionally, it features a Motorola-standard codec, ensuring full compatibility with all radios using it. **Up to 50 hours autonomy in digital mode.**

	RANGE 14 KM (DIGITAL)		VOX*
256	PROGRAMMABLE ANALOG AND DIGITAL CHANNELS		EXTRA LOUDSPEAKER
50	CTCSS TONES (ANALOG)		TOT
232	N+1 DCS (ANALOG)		7.4V 2600MAH LI-ION BATTERY
	WATERPROOF		BATTERY LIFE 50 HOURS (DIGITAL)
	CALL*		PROGRAMMABLE
	SCAN*		USB-C CHARGER
	SCRAMBLER		2-PIN KENWOOD
	VOCAL INDICATIONS		

ADDITIONAL FEATURES

- Frequency range 446/446.2 MHz, up to 256 channels divided into 16 banks.
- Crystal-clear communications
- 50 CTCSS tones (analog band)
- DCS codes: 116 "N" + 116 "I" (analog band)
- 11 predefined and customizable scrambler codes 1.3K to 4.1K
- Battery saving
- Motorola Compatible AMBE2C VOCODER

PLEASE NOTE: DMR and DPMR are not compatible with each other. If you already have a DPMR network, be sure to purchase a DPMR device to ensure compatibility. If your network is DMR, choose the D10.

- Weight: only 118 grams
- Front transmission button (PTT)
- Keypad lock
- Quick charger
- Compact (47x98x27 mm) and light (118 g)

THE WALKIE TALKIE FOR THE RETAIL SECTOR. PRACTICAL, RELIABLE AND COMPACT.

Perfect for retail sector needs, such as clothing stores, shoe shops, restaurants, department stores, etc. Environments where efficiency and practicality are essential to optimise the sales process and reduce costs.

One of the most appreciated features of the **BR180** is its **minimalist keypad**, designed for intuitive and immediate use, making the radio extremely easy to operate. The Midland's retail experience has resulted in bespoke **wearability**: the radio is **extremely light** (only 118 g) and features a **rotating clip** for belt attachment and orientation as needed.

VHF/UHF

Give your signal the right boost.

CT990-EBR

Radio amateurs, driven by passion and curiosity, explore the world of radio and the possibility of long-distance communication. They are licensed operators, holding a radio licence and basic knowledge of radio technology and frequencies allocated to the Amateur Service. Even today, they play a crucial role in emergencies, ensuring communication between authorities and supporting rescue coordination.

NEW

THE MOST POWERFUL VHF/UHF IN ITS CATEGORY. NOW WITH DOUBLE PTT.

With **10W transmission power** and an **upgraded 3600mAh battery**, **CT990-EBR** provides **21 hours** of autonomy. **Certified IP67**, it is resistant to dust and water, perfect for use in extreme conditions. The **color TFT display** ensures maximum readability in any situation. Thanks to **the new Double PTT function**, **CT990 EBR** establishes itself as the ideal solution for rapid, coordinated and uninterrupted communications.

CT590 S

Radio amateurs, driven by passion and curiosity, explore the world of radio and the possibility of long-distance communication. They are licensed operators, holding a radio licence and basic knowledge of radio technology and frequencies allocated to the Amateur Service. Even today, they play a crucial role in emergencies, ensuring communication between authorities and supporting rescue coordination.

THE ENTRY LEVEL DUAL BANDER.

CT590 S, new and ready **to scan all available channels!** In fact, in addition to the traditional Scan function, the CTCSS/DCS function is added. In addition, there are also other channels to search for: the FM ones to find your favourite radio station, with the built-in radio! Are you already starting to analyse all the channels?

ARCTIC.

For safety at sea.

ARCTIC

Radio amateurs, driven by passion and curiosity, explore the world of radio and the possibility of long-distance communication. They are licensed operators, holding a radio licence and basic knowledge of radio technology and frequencies allocated to the Amateur Service. Even today, they play a crucial role in emergencies, ensuring communication between authorities and supporting rescue coordination.

THE ULTIMATE MARINE PORTABLE VHF.

The boat, the open sea, the engine that accelerates and your freedom. This is sailing.

To this we add a **VHF RADIO** with great characteristics: the **WATERPROOF** IP67 certificate, the strong **aluminium chassis**, the high/low power selection (5W/1W), 57 international channels programmable by the user, the large backlit LCD display and immediate access to emergency channel 16.

Midland Arctic is also equipped with VOX and SCAN functions, dual Watch/Triple Watch, 10 Squelch levels, priority channel, keypad lock, Roger Beep (the end of conversation tone) and keypad beep. Thanks to the low battery indicator, the automatic energy saver and your Li-Ion battery pack, the Arctic will never leave you without a connection.

ADDITIONAL FEATURES

- Aluminium chassis
- Frequency: TX 156,025 - 157,425 MHz - RX 156,300 - 162,000 MHz
- Transmission power: 5W
- 57 international channels. User-programmable channels (via software) – including Charlie and Alpha!
- Wide LCD backlit display
- 10 Squelch levels
- Priority channel
- Keypad lock
- Keypad beep
- Low battery indicator and automatic battery saver

COMMUNICATION SYSTEM FOR WORKGROUPS OF UP TO 15 PEOPLE IN NOISY ENVIRONMENTS

Teams M-15 is a **wireless** communication system.

It's a noise-cancelling headset that dynamically connects a team of 15 people through **Mesh technology**.

Equipped with advanced technology that reduces pulse noises and allows voice amplification; hands-free communication; total compatibility with walkie talkie via cable (2-pin Midland, Kenwood and Motorola) and with smartphone via dedicated app; simultaneous communication of several teams that can speak at the same time even in noisy environments.

Teams M-15 does not require any base station, but can operate autonomously anywhere without the use of other devices.

READY TO MODULATE IN A FEW MOMENTS WITH "DO IT YOURSELF" INSTALLATION.

A complete packaging, containing: M-Mini USB, the Midland multimedia mini-transceiver, power cable with cigarette lighter socket connection and Midland LC29 high-performance antenna, fitted with a magnetic base.

Become a part of the CB community.

A close-up, low-angle shot of a man with a beard and sunglasses, smiling as he holds a black coiled telephone receiver. He is wearing a dark blue shirt with red and white stripes on the sleeve. The background is slightly blurred, showing what appears to be a control room or office environment with a keyboard and other equipment.

MIDLAND.

For communication professionals.

ALAN 48 PRO

DESIGNED FOR TRAVEL AND ROUTES ACROSS MULTIPLE EUROPEAN COUNTRIES.

Alan 48 Pro is the top-of-the-range multiband model in our CB line, designed for travel and routes across multiple European countries. In practice? Thanks to its **adjustable power** from 1W to 4W, **Alan 48 Pro** adapts to the frequencies according to the specific laws of the country you are travelling through. With a 12/24 V power supply, **Alan 48 Pro** does not need reducers and can be easily installed in the dashboard compartment thanks to the **DIN bracket** (optional). **Alan 48 Pro** is also high-tech when it comes to audio: the **Digital Squelch** eliminates background noise, while the **Noise Blanker** cancels continuous ambient noise.

ADDITIONAL FEATURES

- Band: Multi (see page 74)
- Power: 1W/4W according to country
- Multifunctional display with blue backlighting
- "Precision series" microphone with Up/Down/LOCK buttons
- RF Gain: RX sensitivity control
- MIC Gain: microphone amplification
- 4 memory positions
- External S-Meter socket
- PA: by activating this switch, the unit becomes a low-frequency amplifier (using an additional loudspeaker)
- External loudspeaker socket

ALAN 78 PRO

COMPACT AND ESSENTIAL.

Alan 78 Pro is the compact and essential multiband CB radio, with the CB frequencies dedicated to travels and routes in multiple European countries. What does it mean? It means that **Alan 78 Pro** has adjustable power - 1W/4W - that can be adapted to specific frequencies following the laws of the country in which you are travelling. With a 12/24 V power supply, **Alan 78 Pro** does not need reducers and can be easily installed in the dashboard compartment thanks to the **DIN bracket** (optional). **Alan 78 Pro** is also high-tech when it comes to audio: the **Digital Squelch** eliminates background noise, while the **Noise Blanker** cancels continuous ambient noise.

ADDITIONAL FEATURES

- Band: Multi (see page 74)
- Power: 1W/4W according to country
- Multifunctional display with blue backlighting
- "Precision series" microphone with Up/Down/LOCK buttons
- LCR function (recall of the last channel used)
- External loudspeaker socket
- External S-Meter socket

Alan 42 DS Lithium Edition

Transceiver, 2800mAh Li-Ion 3-cell battery pack (12V), USB-C/USB-C cable for battery pack recharging, empty pack for alkaline batteries, car adapter with socket for external antenna, antenna, belt clip, strap wrist.

code C1267.04

ALAN 42 DS

Transceiver, wall charger for 8 AA battery pack, empty battery pack for 6 AA alkaline batteries, empty battery pack for 8 AA rechargeable batteries with charging socket, car adapter with external SO 239 antenna socket, antenna, belt clip, wrist strap.

code C1267

Export version: 400CH

ALAN 42 DS.

Always the best-selling portable CB.

ALAN42 DS LITHIUM / ALAN42 DS ACCESSORIES

PB42 LITHIUM CODE C1575

2800mAh Li-Ion battery pack. Full charge in a maximum of 2 hours with USB-C to USB-C cable (not included).

PB E42 CODE C602

Empty battery pack for charging 8 AA batteries (not included).

R74593

(ALAN 42 DS/MULTI)

Car adapter with external SO239 antenna socket.

R17365

Power supply.

DUAL MIKE WIRELESS / CB HANDSFREE KIT

 **Bluetooth**
Dual Mike Wireless

ADDITIONAL FEATURES

- **8-band voice equaliser**
- Roger beep
- Smartphone/DualMike distance up to 30m
- Bluetooth V4.2 Wireless Microphone
- Micro USB recharge socket
- Compatible with wireless charger (Via Optional DK-Dual)
- 10h battery life with volume at 50%
- Weight 153g
- Multifunction button
- Customisable Light Ring with light indications

 **Bluetooth**
CB Handsfree Kit
The wired Dual Mike

DUAL MIKE: THE NEW ERA OF CB COMMUNICATION.

Two solutions to communicate freely, with maximum audio quality and the convenience of dual PTT for traditional CB and the CBTalk App.

DUAL MIKE WIRELESS – TOTAL FREEDOM, ZERO CABLES

The 100% wireless version designed for those who want to move without limits. An advanced Bluetooth microphone with dual PTT for CB and CBTalk, powerful speaker, integrated hands-free and customisable light ring. USB or wireless charging and maximum convenience in every situation.

CB HANDSFREE KIT – THE PROFESSIONAL HANDSFREE SYSTEM

The complete solution for those who use CB every day. Includes Dual Mike with wired connection (4-Pin, 48/68, 6-Pin) and dedicated PTT-Dual. Same advanced audio features, maximum stability and continuous, reliable use, ideal for those who work on the road.

	ANALOG PTT DIGITAL PTT		LIGHT RING FOR NOTIFICATIONS
	PRE-AMPLIFIED		LONG LASTING BATTERY
3W	SUPER BASS LOUDSPEAKER		DOUBLE USB RECHARGE SOCKET
	HANDS-FREE	DUAL MIKE WIRELESS	
DSP	FOR A PERFECT VOICE IN TX		WIRELESS CHARGER
	LISTEN TO MUSIC	HANDSFREE KIT

CB TALK APP

**YOUR SMARTPHONE LIKE A RADIO.
JOIN THE LARGEST CB COMMUNITY IN THE WORLD.**

CB TALK is the free downloadable app used by over **2,000,000 users** around the world to talk to friends and colleagues freely. The interface that appears on the App's screen closely resembles the controls found on the widespread MIDLAND ALAN 48 CB radio and the functions, digital and advanced, are very user-friendly. **CB TALK** becomes indispensable in many situations: by releasing **geolocated beacons**, you can **share your position** on the map and, using **voice messages**, warn other users about road issues such as accident queues, closed junctions, speed cameras, and more.

By combining Dual Mike/Dual Mike Wireless with the CB Talk app, the following features also become available: 200km of Squelch, 80 channels, possibility to create public and private groups and the creator is also the administrator of the group.

**DOWNLOAD
CB TALK APP**

FEATURES

- Group Mode, no distance limits
- Map with user positions
- Emergency alerts
- Blocks unwanted users
- Dual Watch (ability to monitor two channels/groups)
- Android/iOS

COMPATIBLE DEVICES

- Dual Mike Wireless
- CB Handsfree Kit
- Dual Headset
- PTT Dual

ACCESSORIES FOR BLUETOOTH MICROPHONES

PTT-DUAL

BLUETOOTH BUTTON TO COMMUNICATE HANDS-FREE WHILE DRIVING...WITH NO PENALTIES! FOR FANS OF THE DIGITAL WORLD.

Low Energy Bluetooth (B.LE) button to talk hands-free via CB radio, without taking your hands off the steering wheel. For Dual Mike and Dual Mike Wireless. The **built-in battery guarantees** a duration of 1 year with an average use of 9h/day.

HOW IS THE PTT-DUAL USED?

Pair PTT-DUAL with your phone via Bluetooth, place it on the steering wheel or in a convenient position while driving, press the button to broadcast your voice via the CB Talk App without ever taking your hands off the wheel.

PACKAGING AND CODES

Main PTT, steering wheel mount for main PTT, optional PTT with wire, external PTT finger, 2 velcro stickers, CR2032 lithium battery included.
code C1488

DUAL HEADSET

BLUETOOTH HEADSET WITH BUILT-IN TRANSMISSION BUTTON TO COMMUNICATE HANDS-FREE.

Maximum comfort and versatility of the headset, which can be worn in the right or left ear as preferred. **The MWE noise cancellation** algorithm developed by Midland allows perfect voice transmission. Through the DUAL HEADSET you can easily connect to the Midland apps: CB Talk and BT Talk.

FEATURES

- Battery life 8 hours
- Customisable button
- Dual microphone
- Noise cancellation
- Two-color LED
- USB-C charge

PACKAGING AND CODES

Bluetooth headset, spare silicone ear cushions (S/M/L), USB cable.
code C1521

DK-DUAL CODE C1364

Docking station: wireless charging stand. For **Dual Mike Wireless**.

VM-DUAL CODE C1407

Clip-on mount for air vent. For **Dual Mike Wireless, Dual Mike**.

AM-DUAL CODE C1408

Adhesive Dual Mike mount. For **Dual Mike Wireless, Dual Mike**.

AL-DUAL 48 CODE C1403

12V-5V voltage reducer and Micro USB for Alan Quarantotto, Alan Sessantotto. For **Dual Mike, DK-Dual**.

AL-DUAL CODE C1403.01

12V-5V voltage reducer and Micro USB for all other Midland CBs. For **Dual Mike, DK-Dual**.

CB ACCESSORIES

4-PIN "48" MICROPHONE

MDL4190 CODE C074

Omnidirectional dynamic microphone.
Impedance 500 Ohm
For Alan 48, Alan 68S,
Midland 8001-XT.

MIKE MIDLAND CODE T059.01

Omnidirectional dynamic microphone.
Impedance 500 Ohm
For Alan 48, Alan 68S,
Midland 8001-XT.

4-PIN MICROPHONE

R51504

Microphone for Alan 100 Plus B, Midland 203, Alan 199, Midland 210 DS, M-10 and M Zero Plus.

6-PIN MICROPHONES

MIKE MULTI PRO CODE C1620

Microphone for 18/28/48Pro/78Pro. With next-generation electret condenser microphone capsule for powerful, clear and crystal-clear audio, even in noisy environments.

MIKE MULTI CODE C714.01

"Precision series" microphone with Up/Down buttons, lock button.
For Plus Multi, Excel, Midland 248, 248 XL, 278, Alan 121 series.

MR120 C404.01

Electret microphone with Up/Down keys.
For Pro, Plus Multi, Excel, Midland 248, 248 XL, 278, Alan 121 series.

BRACKETS

SPM-48 DIN CODE C791

DIN bracket for Alan 48 Plus Multi B / Excel Multi, Midland 248 / 248XL, Alan 48 Pro.

SPM-78 DIN CODE C792

DIN bracket for Alan 78 Plus Multi B, Midland 278, Midland M20, Alan 78 Pro, 38.

SPM-100 DIN CODE C807

DIN bracket for Alan 100 Plus, 100 Plus Euro, Alan 100 Plus B, 199-A, Midland 203, Midland 210, Midland M10.

SA 48 CODE T769

Complete with 1 bracket, 2 slides, 2 knobs, 2 screws.
For Alan 48, 68S, Alan Quarantotto, Sessantotto.

MICROPHONE HOLDERS POTENTIOMETER

PM3 T431

Microphone holder with screw and double-sided adhesive fixing tape.

KIT250

Potentiometer kit for Alan Quarantotto, Alan Sessantotto, consisting of 4 pieces.

CABLES

R74574

2 m microphone extension.
For M-5 Pro/M-5/M-30/CT3000.

T060

3-pole power cable with fuse holder. Length: 160 cm.
For Alan 48, Alan 68S.

MIKEMAG HOLDER CODE C1592

Magnetic CB Microphone holder.

Magnetic CB microphone holder for car, truck, or 4x4 dashboards. **Mikemag holder** is a reliable and safe assistant that accompanies you throughout your journey. Compatible with all CB mike models.

INTERNAL/EXTERNAL SPEAKERS

EXTRA
POWERFUL
AUDIO

AU50 XTREME

THE IP67-RATED EXTERNAL SPEAKER IS ROBUST AND EXTRA POWERFUL (20W).

When more "punch" is needed, it delivers 20 W RMS at 8 Ω with a 20Hz–20kHz response for clear voice and music playback, both inside cabins and on open vehicles. IP67 structure against water and dust; 142x129x100 mm (with bracket) with adjustable 180° mount for precise positioning. Quick connection via 3.5 mm mono jack and 2.10 m cable.

FEATURES

- Exceptional sound, up to 20 Watts of power
- Rated power 15W
- Audio frequency response: 20Hz/20KHz
- Impedance: 8 ohm
- Water and dust resistant (IP67)
- Highly compatible with most transceivers, CBs, marine radios, etc.
- Cable length: 2.10 mm
- Dimensions (with bracket) 142 x 129 x 110 mm

PACKAGING AND CODES

Speaker, 2.10 m cable with 3.5 mm jack.
code C1574

COMPACT,
POWERFUL
AUDIO

AU28 XTREME

THE COMPACT IP67 EXTERNAL SPEAKER WITH POWERFUL AUDIO (10W).

Small outside, powerful inside: 10 W RMS, IP67, heavy-duty structure. **With Midland CBs** featuring the PA function, it becomes a true external megaphone. Easy mounting with 180° bracket, 3.5 mm jack, and 2 m reinforced audio cable for quick installation on trucks, quads, boats, and off-road vehicles.

FEATURES

- Clear and powerful sound, up to 10 Watts of power
- Rated power 8W
- Audio frequency response: 20Hz/20KHz
- Impedance: 8 ohm
- Water and dust resistant (IP67)
- Highly compatible with most transceivers, CBs, marine radios, etc.
- Cable length: 2.10 mm
- Dimensions (with bracket) 122 x 53 x 76 mm

PACKAGING AND CODES

Speaker, adjustable mounting bracket with screws, reinforced 2.10 m audio cable with 3.5 mm jack.
code C1687

EXTERNAL SPEAKERS

AU 20 CODE T775

External speaker 5W max.
Impedance: 8 Ohm
Rated power 2 W
Maximum power 5 W
Dimensions 65x55x65mm.

AU 30 CODE T682

External speaker 12W max.
Impedance 8 Ohm
Rated power 7 W
Maximum power 12 W
Dimensions 110x60x60mm.

AU25E CODE T681.01

External speaker 5W max.
 Recommended for professional vehicular VHF transceivers – Alan HM35/70/06.
Impedance 8 Ohm
Rated power 3 W
Maximum power 5 W
Dimensions 100x60x60mm.

SWR/WATT METERS

KW 520 CODE C530

Suitable for checking transmitter power and antenna matching. Reading takes place on two lines: one from 1.8 to 200 MHz, the other from 140 to 525 MHz. This product allows the simultaneous connection of 2 systems: one in HF/VHF and the other in VHF/UHF, and to select which one to use for the measurements with the specific switch. The measurement line selected is seen by the specific LED. Other features: peak and average level measurement, fine calibration of the index, and full-scale power duplicator from 200 to 400 W.

RF Power 5W – 20W – 200W – 400W
ROS 1:1 / ∞
Impedance 52 Ohm
Frequency Range 1.8–200 MHz / 140–525 MHz
Dimensions in mm 155x100x60
Weight 730 g
Connector SO239

POWER SUPPLY UNITS

CAR & TRUCK CB ANTENNAS

LUX 1000-S
CODE C1258

LUX 1500-S
CODE C1259

LUX 1500-PL
CODE C1257

LUX: THE ANTENNAS THAT ILLUMINATE WHEN TRANSMITTING

Midland Lux is the genesis of a new line of CB antennas, designed to make the installation of the best "CB radio" on vehicles unique. The base of the antenna is equipped with a wave guide which emits light when crossed by radio frequency. It lights up automatically when the radio goes into transmission, thus also signalling the correct operation of the device. It does not need any power and is totally waterproof. **LUX1500-S** and **LUX 1000-S**: Anti-theft and accident-prevention. **LUX 1500-PL** and **LUX 700-PL**, suitable for gutter, mirror, centre roof mount (accessories not included). With the **KITS**, they become magnetic (see page 70).

CARAVAN CB ANTENNA

RV65 CODE C1558
DOUBLE-SIDED ADHESIVE GLASS ANTENNA.
ALLOWS SIMPLE AND FAST INSTALLATION ON YOUR CARAVAN.

A good antenna allows the CB transceiver to work at its best. RV65 in fact avoids piercing the bodywork and has a super resistant 3M adhesive, top of the range of its kind. It does not require a ground surface, so unlike the antennas normally on the market, RV 65 is installed directly on the glass. Our antennas have a well-structured radial system, essential for obtaining optimal propagation and durability over time.

BALCONY/BASE AND VHF/UHF ANTENNAS

ENERGY NEW 1/2
CODE T241.02

EQUIPPED WITH WATER INFILTRATION PROTECTION SYSTEM

Energy New 1/2 is an anti-corrosion aluminium telescopic base antenna with 1/2 lambda ground plane, operating at 27 MHz. All elements are telescopic for easy installation.

VH 1 CODE F092

VHF/UHF ANTENNA SUITABLE FOR USE ON TRUCKS AND/OR CARS.

MAGNETIC ANTENNA AND MAGNETIC BASES

MC45 CODE C1559

MAGNETIC VEHICLE ANTENNA OPERATING ON THE 26-28MHZ BAND.

MC45 has a magnetic base, and therefore it must be installed on a metal surface of at least 1 m². The stylus is made of stainless steel and is protected by a heat shrink sleeve. The connection cable to the RG-174 radio is 4.5 m long. The magnetic force of the antenna is guaranteed up to a speed of 140 km/h.

BM-MLC143 CODE C1183

Designed for the **ML 143** antenna, built to withstand high speeds. Equipped with scratch-proof magnet cover and supplied with pre-fitted PL connector.

120/PL CODE T036

Designed to withstand high speeds. Equipped with scratch-proof magnet cover. Diameter 12 cm. Supplied with pre-fitted PL connector.

ANTENNA BRACKETS/MOUNTS

GR-L CODE C1047

Stainless steel bracket.
Dimensions: 38x64x99 mm

DV 27 PL CODE T599

Centre roof adapter
DV/SO239.

TRUNK PL CODE C1616

CB antenna mount for bonnet not requiring bodywork drilling.

Designed for any type of vehicular transceiver (CB, professional, amateur, or marine). **Trunk PL** comes with a 6 m cable with a screw-on radio-side connector for easy routing through the vehicle. This simple universal antenna mount is perfect for anyone wishing to avoid drilling their vehicle, although it needs a solid antenna support for reliable communications on road or off-road. Not suitable for fibreglass bonnets. Thanks to the SO239 connector, all antennas with PL259 connectors can be used.

GR-XL CODE C1048

Stainless steel bracket.
Dimensions: 38x100x180 mm

SP 21 CODE T390

Mirror mount for installing any mobile antenna on the rearview mirror without drilling the bodywork.

SC 27 CODE T441

Special screw.

FC 27 CODE T478

Antenna base with screw, connector for FC 27 and base for Midland antennas.

LC 27/10-N CODE T370.01

Connector.

Midland has always paid attention to the quality of its products and related accessories. Thanks to continuous investments in research and development, the company has been a leader in the consumer electronics market for over 60 years. A team of professionals, researchers, engineers, consultants and firmware and hardware designers with many years of experience in communications, make up the in-house R&D division that follows the entire design and development process of the lines. Another hallmark of the company's approach is its **after-sales service**, capable of delivering tailored, high-quality support designed to respond efficiently and promptly to the specific needs of each customer.

WILD GUARDIAN

WILD GUARDIAN WI-FI

Trail camera

WILD GUARDIAN

1080P
FULL HD

INNOVATIVE VIDEO SURVEILLANCE SYSTEM THAT CAPTURES EVERY MOVEMENT - DAY AND NIGHT.

The **Wild Guardian** camera trap is designed to record the movements of animals, both day and night, thanks to **10 infrared LEDs**. During the night hours, visibility is guaranteed up to 15 meters, ensuring clear images even in low light conditions.

WATERPROOF IP65

PHOTO UP TO 20 MP

WIDE-ANGLE 90°

0.4 ACTIVATION TIME

The excellent **resolution of 20 megapixels**, the incredibly fast trigger time of just 0.4 seconds and the wide viewing angle of 90 degrees allow you to reliably capture every minute detail of the animals that cross its view even for just a few moments.

The possibility of choosing between the three modes of use: Photo, Video and Photo/Video allows the **optimization of battery consumption**, determined by the number of activations of the shooting system. The integrated 2-inch display makes setting up the camera **extremely simple and fast**, with the possibility of immediately reviewing what has been recorded.

With a **mimetic look** to best camouflage in the surrounding environment, the **Wild Guardian** is not afraid of adverse weather conditions: it is water and dust resistant according to the **IP65** international standard.

PACKAGING AND CODES

Camera, mounting base, screw support with joint, USB-C cable, anchor strap, screws, and wall plugs.
code C1622

WILD GUARDIAN WI-FI

4K
ULTRA HD

INNOVATIVE WIRELESS 4K VIDEO SURVEILLANCE SYSTEM THAT CAPTURES EVERY MOVEMENT - DAY AND NIGHT.

Wild Guardian Wi-Fi is designed to record animal movements day and night, thanks to 46 **infrared LEDs** and 24-megapixel **image quality**. When the camera trap is positioned in places that are difficult to access, thanks to the Wi-Fi connection it can be managed remotely directly from your smartphone via the App (Android and iOS), to adjust the settings and view the footage in real time on your phone.

WI-FI

PHOTO UP TO 24 MP

WATERPROOF IP65

0.4 ACTIVATION TIME

WIDE ANGLE 80°

The incredibly **fast trigger time** of just 0.4 seconds and the wide **viewing angle** of 80 degrees allow you to reliably capture every minute detail of the animals that cross its view even for just a few moments.

The possibility of choosing between the **three modes of use**: Photo, Video and Photo/Video allows the optimization of battery consumption, determined by the number of activations of the shooting system.

The **integrated 2.4-inch display** makes setting up the camera extremely simple and fast, with the possibility of immediately reviewing what has been recorded. With a **mimetic look** to best camouflage in the surrounding environment, Wild Guardian Wi-Fi is not afraid of adverse weather conditions: it is water and dust resistant according to the **IP65** international standard.

PACKAGING AND CODES

Camera, mounting base, screw support with joint, USB-C cable, anchor strap, screws, and wall plugs.
code C1623

STREET GUARDIAN MINI

1080P
FULL HD

ADDITIONAL FEATURES

- Full HD resolution 1920x1080 30fps
- H. 264 format
- Black Box function: in case of impact the files are protected from overwriting
- Parking monitoring and motion detection to control your car even when you are not there
- USB-C socket
- Dimensions 34x59x34mm, weight 61g

OPTIONAL ACCESSORIES:

Parking Mode cable C1657

With the Parking Mode cable, your protection never stops. It even monitors with the engine off, to protect against theft, damage, and unforeseen events. Motion/ impact detection – direct connection to battery or fuse box – simple and discreet installation

USB-C/USB-C 4m cable C1658

THE ULTRA-COMPACT CAMERA THAT ALWAYS PROTECTS YOU. INVISIBLE, LIGHTWEIGHT AND RELIABLE IN EVERY SITUATION.

Small, lightweight and easy to install, **Street Guardian Mini** accompanies you on all your travels. It is practically invisible, perfect for any vehicle. It records video and audio automatically in a loop, acting as a reliable witness in case of need, such as accidents or road disputes... The built-in **sensor G** also detects impacts and saves critical videos, protecting them from accidental overwriting. Ideal for those seeking security and discretion, the **Street Guardian Mini** is simple to use and ready for any eventuality. Whether you are travelling or parked, you can count on it to have everything under control.

	WI-FI		WIDE-ANGLE
	IMPACT SENSOR		CYCLE RECORDING
	MICROPHONE		136° NIGHT VISION ANGLE
	SPEAKER		SUPER CAPACITOR BATTERY
	BUILT-IN GPS		PLUG&PLAY
	MEMORY CARD UP TO 64GB		MOTION DETECTION
	FULL HD 1920X1080P		PARKING FUNCTION

Very small dimensions: just 34x59x34 mm and a weight of just 61 g, Street Guardian Mini represents the perfect balance between discretion and functionality.
Built-in GPS: it offers precise tracking of your movements, recording position and speed in real time.
Wi-Fi connection and dedicated App: compatible with the dedicated **Dashcam Player app**, it allows easy access to recorded videos directly from your smartphone. You can view, save or share files in a few seconds, without having to remove the memory card or connect cables.

PACKAGING AND CODES

Camera, power cable, mounting bracket, double-sided adhesive.
code C1645

STREET GUARDIAN ONE

1080P
FULL HD

OPTIONAL CAMERA FOR
SG ONE - C1679

ADDITIONAL FEATURES

- Accelerometer
- Full HD resolution 1920x1080 30fps
- AVI format
- Black Box function: in case of impact the files are protected from overwriting
- Parking Monitoring
- Built-in Li-Ion battery
- USB-C socket
- Dimensions 60x60x42mm, weight 47g

YOUR FIRST DASH CAM, COMPACT AND EASY-TO-USE FOR SAFE AND WORRY-FREE TRAVEL.

Street Guardian One is the car dash cam that ensures the best value for money: compact and easy to install, it integrates perfectly into the passenger compartment of your vehicle without obstructing visibility. Active only when the vehicle is on, it avoids unnecessary consumption and offers high-resolution video recordings for clear documentation of events. Travel with peace of mind: the Street Guardian One camera is your reliable witness in case of accidents or unexpected events.

	IMPACT SENSOR		WIDE-ANGLE
	DISPLAY 2"		CYCLE RECORDING
	MICROPHONE		NIGHT VISION
	SPEAKER		12V
	CMOS SENSOR		PLUG&PLAY
	MEMORY CARD UP TO 64GB		MOTION DETECTION
	FULL HD 1920X1080P		PARKING FUNCTION

It records video and audio like a real eyewitness, very useful in case of accidents. The **small size** of 60x60x42 mm and the weight of 47g make it ideal for use on any vehicle. Street Guardian One represents a perfect balance between performance, price and practicality, so much so that it is an ideal choice for all types of drivers who want an effective solution for the safety and documentation of their journeys. With its **high video resolution**, power **efficiency** and **durable construction**, this dash cam offers everything you need to travel with greater peace of mind and protection.

PACKAGING AND CODES

Video camera, power cable with 12V cigarette lighter socket connection, adhesive support and spare adhesive.
code C1644

BIKE GUARDIAN PRO

MORE HIGH-TECH, MORE SAFETY, MORE EMOTIONS.

Bike Guardian Pro is the motorcycle dash cam designed by Midland to guarantee the total safety of your vehicle. This model offers unprecedented **video quality** thanks to the latest generation processor which, combined with the 2K resolution and the Sony sensor, makes the images even sharper. The use of recorded content becomes more and more pleasant: **the image stabilizer** reduces the oscillations caused by the vibrations produced by driving on the road and the microphone sensitivity adjustment reduces the background noise generated by the wind, for superior audio quality. The camera is always connected thanks to the integrated **Wi-Fi** which allows live-streaming and remote control of images using the dedicated app. Bike Guardian Pro, certified **Waterproof IP65**, is water-resistant and its entirely aluminium body makes it shock-proof.

	WI-FI		IMAGE STABILIZER
	WATERPROOF		DUAL 600MHZ PROCESSOR
	WIDE-ANGLE 170°		MEMORY CARD UP TO 256GB
	ADJUSTABLE MICROPHONE SENSITIVITY		2K - 1920X1080P
	SONY CCD SENSOR		

ADDITIONAL FEATURES

- **Dash cam/action cam mode.**
- Perfect for motorcycles, ideal for all outdoor activities.
- **Superior video quality.** With 2K resolution, Sony sensor, 2h of battery life and latest generation processor
- **Integrated Wi-Fi.** Managed via the Vsysto app with live-streaming.
- **Unique recordings.** Image stabilizer and microphone sensitivity adjustment.

PACKAGING AND CODES

Video camera, camera support for handlebar mount and quick fixing, handlebar mount, tubular adapters of various sizes, fixing slide for quick fit, bi-adhesive tape for slide, quick fit, fixing screw for quick fit, Allen key, USB-C cable.
code C1593

WIRELESS RV CAM

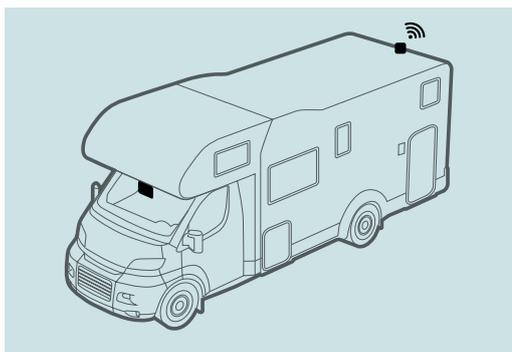

THE "PLUG & PLAY" CAMPER KIT WITH REAR CAMERA ELIMINATES BLIND SPOTS DURING MANOEUVRES.

Wireless RV Cam can be installed in no time thanks to the suction cup mount of the monitor and the magnetic base of the camera that do not require any configuration. The wireless rear view camera can eliminate most blind spots and offers safer angled viewing when reversing. Wireless RV Cam switches on/off automatically, and the integrated 2160mAh **lithium battery** does not require external power supply.

Ideal for motorhomes, campers or caravans.

|  | WIRELESS UP TO 100M |  | WIDE-ANGLE 120° |
|  | DISPLAY 4.3" |  | NIGHT VISION |
|  | WATERPROOF |  | PLUG&PLAY |

ADDITIONAL FEATURES

- **Plug & Play.** Setting up the Wireless RV Cam is super simple. The video camera can only be fixed with the magnetic base (therefore removable) or with screws (the camera can also be removed from the mount).
- **Automatic.** Switching on and off are automatic, and therefore Wireless RV Cam does not require external power supply. The integrated 2160mAh lithium battery ensures an autonomy of 6-8 hours (continuous use).

PACKAGING AND CODES

Video camera with magnetic attachment base, monitor, suction cup mount, USB charging cable/jack, adhesive velcro fastening, fastening screws.

code C1556

TRUCK GUARDIAN WIRED

1080P
FULL HD

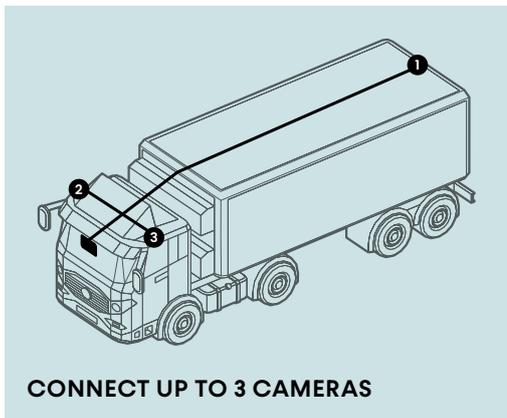

SUITABLE FOR ALL LARGE VEHICLES, IMPROVES MANOEUVRING VISIBILITY AND VEHICLE SAFETY.

Truck Guardian Wired is the wired version of the Truck Guardian Pro truck camera, designed to improve manoeuvring visibility and vehicle safety.

Equipped with a trigger for up to **3 cameras** and a **menu that can be customised** remotely with the **remote control**, this new model is even more stable and cost-effective. The monitor and camera kit with 18 infrared LEDs is a perfect driving aid both by day and by night. No more blind spots with Truck Guardian Wired

ADDITIONAL FEATURES

- **High-resolution monitor.** Truck Guardian Wired features a Full HD TFT LCD monitor.
- **Customised footage.** With trigger for up to 3 cameras and activation control. Image rotation and mirroring (depending on how the camera is installed), full-screen display of installed cameras.
- **Night vision and brightness control.** 18 infrared LEDs for night vision, auto brightness adjustment.

PACKAGING AND CODES

Monitor with sunshade, camera with sunshade, power and camera connection (to monitor) cable, 20m extension cable from monitor to camera, remote control, monitor mounting support, Allen key, double-sided tape.

code C1617 Truck Guardian Wired (monitor and camera)
code C1618 Truck Camera Wired (camera only)

TRUCK GUARDIAN PRO

AID DURING MANOEUVRES AND DRIVING SUPPORT WITH REVERSE CAMERA. WIRELESS INSTALLATION, VERY EASY.

Truck Guardian Pro is a kit made up of a monitor + video camera that can help the truck driver with extra control, thanks to recording on an SD card. Truck Guardian Pro features a **Trigger function**, automatically switching video channel when receiving an electrical signal (e.g., reversing or indicators). The monitor selects the associated camera and then returns to the previous view with adjustable delay. The perfect kit to make every trucker's life easier.

	360° 360° SOUND DIFFUSION		BATTERY LIFE UP TO 14 HOURS MUSIC/9 HOURS LIGHT
	WATERPROOF		
	PAIRING WITH A SECOND SPEAKER		

PACKAGING AND CODES

LED lantern, Aux cable, USB-A/USB-C charging cable.
code C1717

ENERPUMP

THE PORTABLE COMPRESSOR THAT ALSO WORKS AS A POWER BANK.

-  POWER BANK 4000MAH
-  PORTABLE COMPRESSOR UP TO 10 BAR
-  LCD DIGITAL DISPLAY
-  LED TORCH
-  6 MONTHS' STAND-BY AUTONOMY
-  FOR CAR/CAMPER MOTORCYCLE/BICYCLE TYRES

Thanks to its compact design, **Enerpump** can be easily carried in a small bag or under the saddle. With **pressure up to 150 PSI**, this compressor quickly inflates motorcycle, car and bicycle tyres in less than a minute, perfect for roadside emergencies.

ADDITIONAL FEATURES

- The LCD display shows the tyre pressure in real time, allowing for precise and safe inflation. You can set the desired pressure, with automatic shutdown when the preset value is reached. The standard pressure values, based on the type of use, are stored in the system.
- Extended standby: With a full charge, the compressor can remain in standby for up to 6 months.
- Quality materials: made of highly durable PVC.

PACKAGING AND CODES

Compressor, Presta valve adapter, needle, charging cable, inflation and extension adapters, fabric bag to store the product.
code C1651

ENERPUMP MINI

NEW

POCKET-SIZED, POWERFUL.
THE ONLY ONE THAT INCLUDES A
MOTORBIKE TYRE REPAIR KIT.

-  PORTABLE COMPRESSOR UP TO 100 PSI
-  LCD DIGITAL DISPLAY
-  6 MONTHS' STAND-BY AUTONOMY
-  FOR MOTORBIKE/BIKE TYRES AND BALLS
-  TYRE REPAIR KIT

Enerpump Mini combines high performance and maximum practicality in a compact and easy-to-carry design. With a **1000mAh battery and power of up to 100 PSI**, it can inflate motorcycle, car and bicycle tyres and inflatable objects in less than a minute. In addition, it is the only one on the market that includes **a motorcycle tyre repair kit**, designed to solve sudden punctures in a few simple steps.

ADDITIONAL FEATURES

- The LCD display shows the tyre pressure in real time, allowing for precise and safe inflation.
- Charging: Type-C, charging time: 1 hour
- Dimensions 7.2x5.2x3.4, weight 170g

PACKAGING AND CODES

Compressor, Presta valve adapter, needle, charging cable, inflation and extension adapters, tyre repair kit, fabric bags to store the product.
code C1680

#1 ITALIAN INTERCOM

SINCE 2006, MIDLAND HAS SPECIALIZED IN MOTORCYCLE COMMUNICATION PRODUCTS.

Over the course of these 20 years, Midland has created an **R&D laboratory**, where professional engineers dedicate themselves daily to the development of **technologically advanced products**. After years of constant studies and tests, the **audio** of Midland intercoms is the **most advanced** ever, thanks to strict controls on "Quality", the trademark that has distinguished the company for over 60 years.

Your adventures On the Road

Midland intercoms offer you maximum communication performance; to reach the fourth dimension of travel and give you a unique experience. Share emotions and excitement on the road and get 360-degrees adventures.

A top audio experience

Thanks to the **partnership with RCF**, Midland intercoms are able to provide high-performance audio even in the most extreme conditions, reducing external noises and allowing you to make the most of the phone call and music playback functions.

Connected in all circumstances

Midland intercoms are easy to use and extremely versatile. The **Bluetooth and Mesh technologies** allow group connections with intercoms of other brands, or pairing with third-party devices.

Below is a selection of products.

Discover the full range at midlandeurope.com

Group communication

BTX2 PRO S

**DUAL BLUETOOTH
CHIPSET AND LONG
BATTERY LIFE.**

Driver-passenger and
bike-to-bike

BTX1 PRO S

**CONFERENCE MODE, UP
TO FOR 4 PEOPLE AND UP
TO 800 METRES.**

Telephone responder

LOKUI K10

**INVISIBLE AND
UNIVERSAL FOR YOUNGER
MOTORCYCLE RIDERS IN
FULL URBAN STYLE.**

BTX2 Pro S is the first mid-range intercom with dual Bluetooth chipset technology: 8 people (4 motorcycles), including riders and passengers connected in Conference mode, up to 6 people in One-to-One mode.

All this in Full Duplex mode, with **digital quality, DSP** noise suppression system and **AGC** for automatic volume control depending on background noise (can be disabled and adjusted). With the **stereo background**, you can talk in intercom and simultaneously listen to GPS indications or your favourite music in the background. You can also **share** music and GPS with your interlocutor (even bike-to-bike).

BTX2 Pro S is updated via the BTUpdater software by connecting it to the PC (Windows or Mac) using the micro USB port. It can also be customised using **Midland Connect** from your smartphone (iOS and Android).

Compatible with integrated connectivity and control systems adopted by the major motorcycle manufacturers (BMW, KTM, Honda, Ducati...).

FEATURES

- Bluetooth® dual processor
- Universal Intercom for pairing with intercoms of other brands
- Music Share
- Web Radio (using the Midland Connect app)
- Voice status messages, Vox
- Connects 2 mobile phones
- Stereo Background
- Fixing system with bi-adhesive tape and clamp
- Waterproof IPX6

PACKAGING AND CODES

Device, boom and wired microphone, slide-in clamp and bi-adhesive coupling system for all helmet types, audio kit with Hi-Fi speakers

Micro USB charging cable.

Single pack code C1414.04

Twin pack code C1414.05

The only intercom system in its category to make available Conference calls for up to 4 people. Reliable, easy to use, with a very long battery life to accompany you on all your journeys. All in **Full Duplex**, with digital quality and **DSP** system for noise suppression. Moreover, the **AGC** (which can be disabled and adjusted) allows automatic volume control depending on background noise. The **DNK** (Digital Noise Killer) function reduces wind and engine noise by up to 80%. The entire S line is equipped with the **Universal Intercom** function, to talk to any brand, automatic volume adjustment and a battery life of 23 hours. Certified waterproof (IPX6).

Compatible with integrated connectivity and control systems adopted by the major motorcycle manufacturers (BMW, KTM, Honda, Ducati...).

FEATURES

- Bluetooth® processor
- Universal Intercom
- Music Share
- Web Radio (using the Midland Connect app)
- Voice status messages, Vox
- Connects 2 mobile phones
- Fixing system with bi-adhesive tape
- Waterproof IPX6

PACKAGING AND CODES

Device, boom and wired microphones, slide-in bi-adhesive coupling system for all helmet types, audio kit with Hi-Fi speakers, Micro USB charging cable.

Single pack code C1411.04

Twin pack code C1411.05

Midland presents **Lokui K10**, the **invisible and universal telephone answering device** for motorcyclists.

Equipped with the latest **Bluetooth 5.2** technology, Lokui K10 offers a stable and reliable connection, ensuring a seamless experience during every journey. Make and receive calls with total clarity and listen to GPS directions from apps like Google Maps or Apple Maps without taking your eyes off the road, and listen to your favorite music.

With a **powerful ten-hour battery life**, Lokui K10 guarantees an extremely reliable and safe experience for your motorcycle communications. Answer calls without compromising your safety, avoiding illegal and dangerous practices such as inserting your smartphone into your helmet while riding.

Immerse yourself in a high-quality **stereo audio experience** and enjoy maximum comfort thanks to the **incredibly thin speakers** - just 7 mm.

FEATURES

- Bluetooth 5.2
- Web radio via app
- 10 hours of conversation
- Stereo Music (A2DP)

- Listen to the GPS
- For all types of helmet
- Waterproof
- Connects 2 mobile phones

PACKAGING AND CODES

Stereo headphones with 2 speakers and built-in boom microphone, 2 Velcro straps for the speakers, USB-A - USB-C cable

code C1624
