The Swiss School of Public Health proudly presents its second official newsletter with the most recent publications, Calls for Papers and Special Issues - all from the International Journal of Public Health and Public Health Reviews - exploring public health issues from across the world and within its communities.

Editorial board

We are delighted to announce two exceptional additions to *Public Health Reviews*: Ana Isabel Ribeiro joins us as Editor-in-Chief, and Peter Francis Raguindin takes on the role of Senior Editor.

With their outstanding expertise and unwavering dedication to advancing public health, they are set to play a key role in shaping our mission to deliver impactful, high-quality research.

Ana Isabel Ribeiro

University of Porto

Epidemiologist and health geographer from Porto, leads the Lab Health and Territory, focusing on urban and environmental health. With extensive experience in research and teaching, she has authored over 130 publications and contributed to major European health projects.

Peter Francis Raguindin

University of Bern

Medical doctor specializing in Pediatrics, holds a Master's in Vaccinology and Molecular Biology from European universities. He has worked as a researcher and technical expert in immunization for the Philippine Department of Health, WHO, and various global institutions.

Call for Papers

Evidence-Based Supported Employment And Education For Individuals With Psychiatric Disabilities

The role of employment and education in mental health for individuals with psychiatric disabilities is explored. The call focuses on the policy, system, and health service factors influencing the implementation of supported programs.
