Aromatic Candles with Katia

Katia is the founder of the beautiful CASA BOHEMIA that craft aromatic candles, that also promotes sustainability.

The candles come in thick and natural clay pots handmade by an Algarvian artisan. They are made with soya wax 100% natural, vegan, biodegradable using NO OGM, NO PESTICIDE, NO HERBICIDE. As for the fragrances, they come from Grasse, south of France, and are all natural, with NO CMR and no Phthalates.

The 2 hour workshop will start with a scent making tutorial to guide you on how to create your very own fragrance. With the help of Katia, you will then prepare the organic wax, and pour it in the pot.

@atelier.balance

Atelier Balance is an upcycling basketry project founded by Ysaline, a Belgian architect living on the West Coast of Algarve. Her practice, inspired by her travels in Amazonia, explores traditional basket weavings techniques such as the traditional Algarvian 'Empreita de palma' using palm leaves of the Palmeira-anã. Join Ysaline's workshop & make your own little basket. Over the 4 hour workshop, Ysaline will teach you the different steps of 'Empreita de palma', from braiding the palm leaves to sewing them into the basket. Atelier Balancê is an interface between craft and art, combining traditional basket weaving techniques and found materials such as fishing or agricultural ropes and locally collected natural fibers.

Jewellery Making with Mahny

Christine, the inspiring founder & designer of Mahny, a beautiful & refined jewellery brand is joining us for an initiation to jewellery making with semi-precious stones.

Christine is based between Paris & Lagos, her creations have the Parisian sophistication but keep at the same time, a delicate simplicity & minimalism inspired by the pure lines of the Algarvian coast.

During this 2 hour workshop, you will create your very own piece of jewellery but also learn about the equipment used for jewellery making. Christine will also teach you how to recognise the most common semi precious stones, and how to purchase jewellery – sharing tips and her insights on how to recognise quality jewellery. The jewellery piece that you will be making will be based on the wire wrapped loops technique, a fundamental technique of jewellery making. Join Christine for this fun workshop & bring home your unique creation to keep for you or offer to a beloved one!

Ceramics Class with Ana

Ana, the Brazilian founder of ANA - Hand-made Ceramics, makes all the beautiful pieces that you can find in our store by hand. She is joining us for a 3-hour workshop, including a tutorial about the pinch pot technique and the molding of unique pieces, either decorative or utilitarian (such as mugs, bowls, and others).

Ana will guide you on how to handle the high-temperature clay and help you through the modelling process. The pieces created will be stored at Ana's studio until they dry (up to 15 days are required), and then they will be fired and glazed by the ceramist. Then the pieces are ready for collection or delivery.
