

Size

16oz Single Wall

Color

CMYK or Pantone

Sustainability

FDA-Compliant, FSC-certified
Recyclable or Compostable

Print perfect checklist

- ☐

Add your design to the template available on the next page.
- ☐

We recommend using **6pt font size (0.8mm height)** or larger.
- ☐

Lines and stroke thickness should be no less than **0.2mm (0.5pt)**.
1pt is recommended if reversed.
- ☐

For best results, your design should be saved in **vector** format,
but if an image will be used, it should be no less than **300 DPI**.
- ☐

The artwork file must be set up with Pantone or CMYK colors. Our
pre-press designers will convert the file to CMYK if it was set in RGB.
- ☐

In order to ensure your coffee cups correctly, we require that all fonts
has to be converted to outlines.
- ☐

For designs with texts, we recommend to place the text layout following
the curve of the dieline. This ensures the texts will appear straight.

Lorem ipsum dolor
sit amet, consec-
tetuer adipiscing

The texts will appear distorted
when assembled.

Lorem ipsum dolor
sit amet, consec-
tetuer adipiscing

The texts will appear more upright
because it follows the curve.

1

Download dieline

Ensure you have downloaded the correct sized dieline.
Dielines can be found on the **noissue website**.

2

Complete your design

Use the Print Perfect Checklist as a guide to get the best
print results. Export as **CMYK PDF**. No crop marks needed.

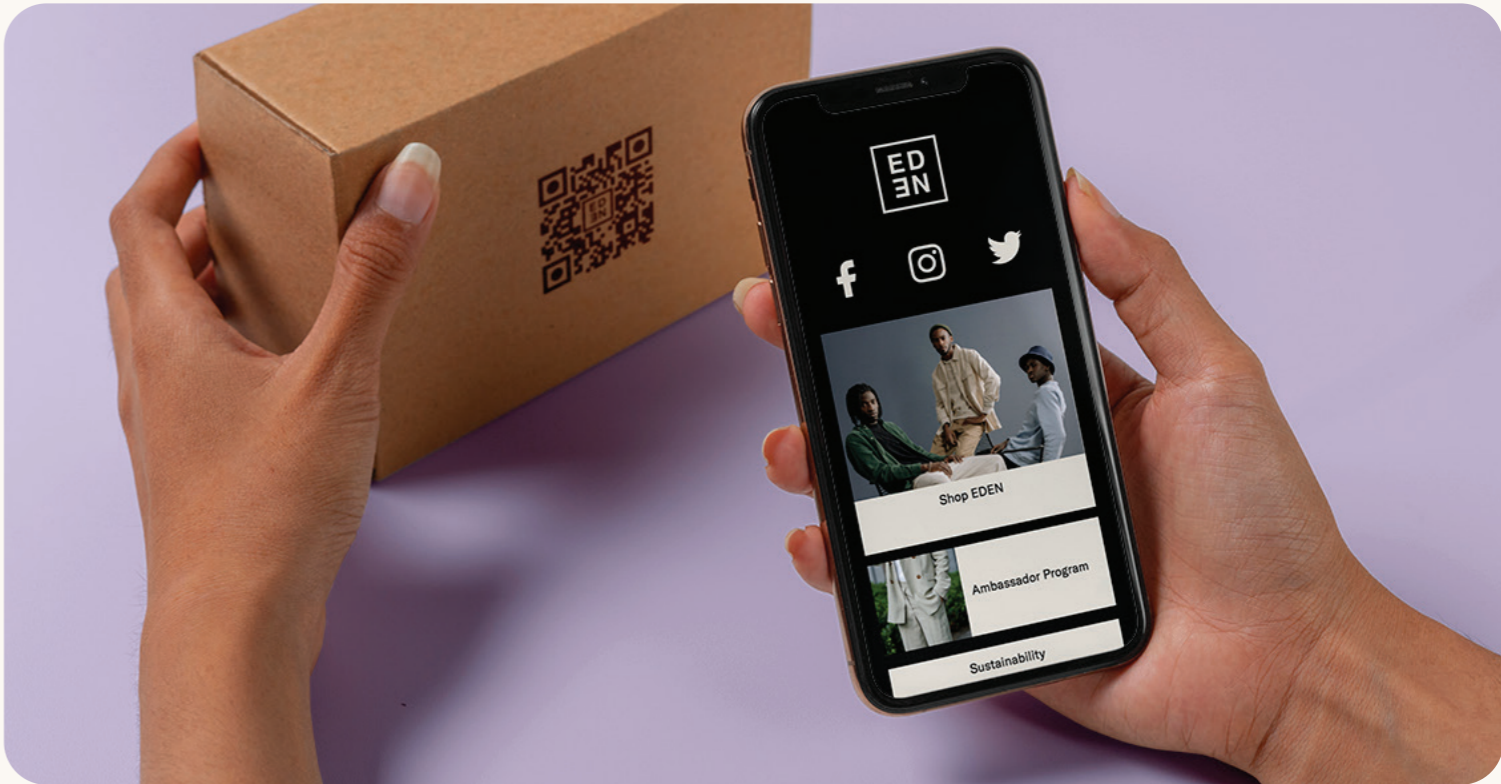

3

Upload artwork and order, or share with
your Account Manager

Complete your order, upload your artwork and checkout.
To guarantee print satisfaction, we'll review your file and
send you a final proof to approve before going to print.
