

Size
140 x 108 mm (5.5 x 4.25")
Folded on Width

Color
CMYK

Sustainability
Compostable, Recyclable, 100% Recycled Uncoated Paper / FSC Mix Uncoated Paper,
305gsm (100% Recycled Uncoated Paper) / 350gsm (FSC Mix Uncoated Paper)

Print perfect checklist

☐ Add your design to the template available on the next page.

Bleed Area
Make sure to extend your background to fill the bleed area to avoid a white border. We require **10mm** of bleed all around.

Trim Line
This is a guide where the design will be trimmed.

Safe Area
Keep important text or graphic elements within the safe area which is **3mm** from the trim line. This is to prevent it from being cut off, or from being too close to the edge, which does not look nice.

- ☐ Double-sided printing is an option – you can create a different design on each side at no additional cost.
- ☐ We recommend using **8pt font size** (1.5mm height) or larger.
- ☐ Thickness of lines, strokes and gaps should be no less than **0.2mm**.
- ☐ All colors should be converted to **CMYK**.
- ☐ For best results, your design should be in **vector** format, but if an image will be used, it should be no less than **300 DPI**.
- ☐ In order to ensure your custom card prints correctly, we require that **all fonts be converted to outlines**.
- ☐ For optimal scanning, ensure **QR codes have high contrast** and measure **20x20mm or above**. Do not scale the QR code below a **minimum of 16x16mm**.

1

Download dieline
Ensure you have downloaded the correct sized dieline. Dielines can be found on the **noissue website**.

2

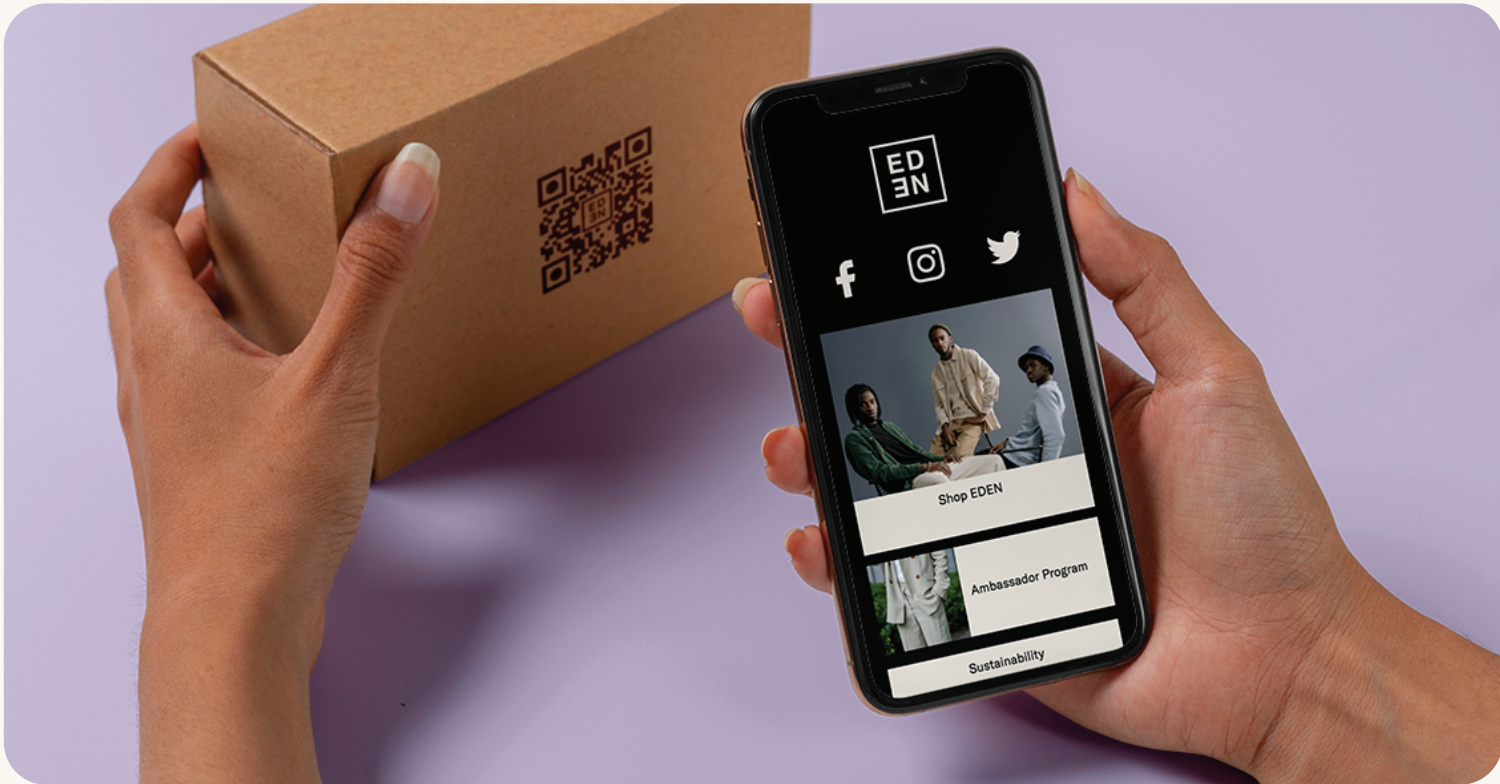

Complete your design
Use the Print Perfect Checklist as a guide to get the best print results. Export as **CMYK PDF**. No crop marks needed.

3

Upload artwork and order, or share with your Account Manager
Complete your order, upload your artwork and checkout. To guarantee print satisfaction, we'll review your file and send you a final proof to approve before going to print.
