11in x 11in x 2in

**Base Material**  
 Kraft or  White

**Print Option**  
Outside Only

**Color**  
1-4 Pantone Colors

**Sustainability**  
Compostable, Recyclable,  
FDA-Certified

## Print perfect checklist

- Add your custom artwork to your design here layer.
- In order to ensure your custom packaging cuts correctly, it is very important that the unique structural dieline we send you is included as part of the print file. Please **do not delete, rotate or change the colors** of the structural dieline.
- For full background design, make sure to extend your background to fill the bleed area to avoid a white border. We require **5mm** of bleed all around.
- We recommend using **1mm font size** or larger.
- Lines and stroke weight should be no less than **0.2mm** if reversed out.
- All artwork should be converted to **Coated or Uncoated Pantones**. Please take note that we can only print up to **4 Pantone colors** only.
- For best results, all artwork should be strictly **vectored**.
- In order to ensure your custom pizza box prints correctly, we require that **all fonts be converted to outlines**.
- For optimal scanning, ensure **QR codes have high contrast** and measure **20x20mm or above**. Do not scale the QR code below a **minimum of 16x16mm**.

**1**

### Download dieline

Ensure you have downloaded the correct sized dieline. Dielines can be found on the **noissue website**.

**2**

### Complete your design

Use the Print Perfect Checklist as a guide to get the best print results. Export as **CMYK PDF**. No crop marks needed.

**3**

### Upload artwork and order

Complete your order, upload your artwork and checkout. To guarantee print satisfaction, we'll review your file and send you a final proof to approve before going to print.

## Connect your packaging
