

**Size**  
102mm x 168mm x 60mm  
(4" x 6.6" x 2.37")

**Color**  
CMYK or Pantone

**Sustainability**  
This pouch is recyclable – no need to remove zipper.,  
Recyclable Material: BOPE25 / PE95,  
FDA-approved ink

## Print perfect checklist

- ☐ Add your design to the template available on the next page.
- ☐ We recommend using **1.5mm (6pt) font size** or larger.
- ☐ Lines and stroke thickness should be no less than **0.2mm (0.5pt)**.  
**1pt** is recommended if reversed.
- ☐ For best results, your design should be saved in **vector** format,  
but if an image will be used, it should be no less than **300 DPI**.
- ☐ The artwork file must be set up to **CMYK color mode**.  
Our pre-press designers will convert the file to CMYK if it was set in RGB.
- ☐ We recommend to use barcodes with black bars and a white background  
to ensure scan-ability. If a different color combination was used,  
we advise to test the barcode with several types of scanners first.
- ☐ In order to ensure your coffee bag or pouch prints correctly, we require  
that **all fonts be converted to outlines**.
- ☐ For optimal scanning, ensure **QR codes have high contrast** and measure  
**20x20mm or above**. Do not scale the QR code below a **minimum of 16x16mm**.

1

**Download dieline**  
Ensure you have downloaded the correct sized dieline.  
Dielines can be found on the **noissue website**.

2

**Complete your design**  
Use the Print Perfect Checklist as a guide to get the best  
print results. Export as **CMYK PDF**. No crop marks needed.

3

**Upload artwork and order, or share with  
your Account Manager**  
Complete your order, upload your artwork and checkout.  
To guarantee print satisfaction, we'll review your file and  
send you a final proof to approve before going to print.

Stand Up Pouch

Size:

W: 102 mm  
H: 168 mm  
D: 60 mm

Finish:

Glossy  
 Matte

Base Material:

Compostable  
Product is opaque and does not allow light to pass through it. As a result, visibility of contents inside cannot be seen.

Recyclable  
Product is naturally semi-transparent and will transmit light, but imperfectly. Depending on a dark or light color choice, material may exhibit varying degrees of translucency, perfect detail of contents will be obscured.

Compounded (non-recyclable)  
Product is made with mylar film with pure aluminum or aluminum coating. It will remove any translucency and the product will be opaque. However, this will affect its recyclable credentials.

Product Shape:

Block Bottom Bag  
 Stand Up Pouch  
 Side Gusset Pouch  
 Flat Pouch
