

**Size**

105 x 148 mm (4.1 x 5.8")

**Color**

CMYK

**Sustainability**

noissue Stickers are compostable, and the release liner is curbside recyclable.

## Print perfect checklist

Add your design to the template available on the next page.

**Bleed Area**

Make sure to extend your background to fill the bleed area to avoid a white border. We require 5mm of bleed all around.

**Trim Line**

This is a guide where the design will be trimmed.

**Safe Area**

Keep important text or graphic elements within the safe area which is 1.5mm from the trim line. This is to prevent it from being cut off, or from being too close to the edge, which does not look nice.

We recommend using **6pt font size** (0.8mm height) or larger.Thickness of lines, strokes and gaps should be no less than **0.2mm**.Must extend the background color of your design at least **3mm** out of the trim lines. Leave **5mm** space between each design.The pattern or text that you do not want to be cut should be at least **2mm** away from the trim line. All the trim lines should be broken line, the solid lines will be printed out.Designs aren't allowed to be less than **25mm** in terms of length and width.All colors should be converted to **CMYK**.For best results, your design should be in **vector** format, but if an image will be used, it should be no less than **300 DPI**.In order to ensure your custom sticker prints correctly, we require that **all fonts be converted to outlines**.For optimal scanning, ensure **QR codes have high contrast** and measure **20x20mm or above**. Do not scale the QR code below a **minimum of 16x16mm**.

1

**Download dieline**Ensure you have downloaded the correct sized dieline. Dielines can be found on the [noissue website](#).

2

**Complete your design**Use the Print Perfect Checklist as a guide to get the best print results. Export as **CMYK PDF**. No crop marks needed.

3

**Upload artwork and order, or share with your Account Manager**

Complete your order, upload your artwork and checkout. To guarantee print satisfaction, we'll review your file and send you a final proof to approve before going to print.
