

noissue.

Recyclable Coffee Bag

SIZE

230mm x 340mm x 120mm

PRINT COLOR

CMYK or Pantone

Step by step...

1

Download the template.

You can find the template on the noissue website. Choose the size and shape you wish to order.

2

Start designing!

You may now start designing your coffee bag! Use the **Print Perfect Checklist** as a guide to get the best print results.

3

Once done, send your artwork over to your noissue Account Manager.

Upload your design in PDF format. Fill in the necessary fields: base (we offer black, kraft, and white), size, quantity, and eco-badge.

4

We'll be right back to you!

We want to make sure you're happy so before we print anything, we'll send you a visual of your custom design to sign off.

Print Perfect Checklist

- ☐ Add your design to the template available on the next page.
- ☐ We recommend using **0.8mm (6pt) font size** or larger.
- ☐ Lines and stroke thickness should be no less than **0.2mm (0.5pt)**. **1pt** is recommended if reversed.
- ☐ For best results, your design should be saved in **vector** format, but if an image will be used, it should be no less than **300 DPI**.
- ☐ The artwork file must be set up to **CMYK color mode**. Our pre-press designers will convert the file to CMYK if it was set in RGB.
- ☐ We can also print Pantone colors for our stand-up pouches. We can print as many Pantone colors as needed but we recommend to use **3-4 colors** as too many can slow down production.
- ☐ We recommend to use barcodes with black bars and a white background to ensure scan-ability. If a different color combination was used, we advise to test the barcode with several types of scanners first.
- ☐ In order to ensure your pouches will print correctly, we require that **all fonts be converted to outlines**.

Please export as a **'CMYK' PDF**. No crop marks needed.
