

Size

450mm x 400mm

Color

1–2 Pantone Colors

Sustainability

80% PBAT (biodegradable and will decompose leaving non toxic residues) and 20% PLA (polylactide, which is made from corn waste along with other plants)

Print perfect checklist

- Add your design to the template available on the next page. We **can't print edge-to-edge** design for both front and back side of the mailer. Except for the background color, any design elements placed outside the safe area will get cropped.
- If you have a full-page design for the back of your mailer, please consider the parts that will be covered by the **flap**.
- We recommend using **9pt font size** (1.5mm height) or larger.
- Thickness of lines, strokes and gaps should be no less than **0.25mm**.
- We can print up to 4 Pantone (Coated or Uncoated) colors.
- Colors should be solid 100% opacity, no gradient or tints.
- For best results, your logo or design should be in **vector** format.
- In order to ensure your custom poly mailer prints correctly, we require that **all fonts be converted to outlines**.
- For optimal scanning, ensure **QR codes have high contrast** and measure **20x20mm or above**. Do not scale the QR code below a **minimum of 16x16mm**.

- 1

Download dieline

Ensure you have downloaded the correct sized dieline. Dielines can be found on the **noissue website**.
- 2

Complete your design

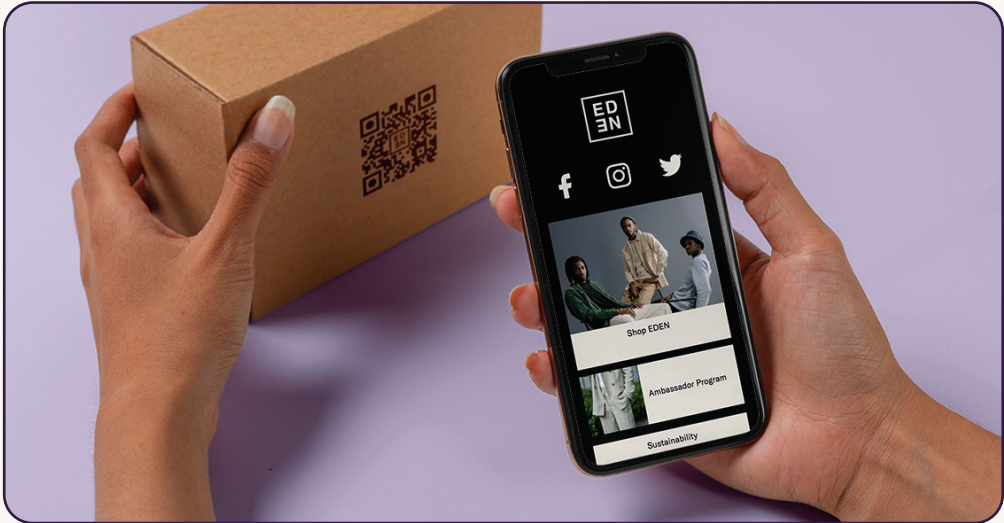

Use the Print Perfect Checklist as a guide to get the best print results. Export as **CMYK PDF**. No crop marks needed.
- 3

Upload artwork and order, or share with your Account Manager

Complete your order, upload your artwork and checkout. To guarantee print satisfaction, we'll review your file and send you a final proof to approve before going to print.
