Custom Takeout Bags

Size

305 x 406 x 152 mm
(12 x 16 x 6")

MATERIAL

Kraft Paper

Color

CMYK

Sustainability

FSC-Certified, Recycled, Recyclable,
Reusable, Compostable

Print perfect checklist

- ☐ Add your custom artwork to your **design here layer**.
- ☐ In order to ensure your custom packaging prints correctly, it is very important that the unique structural dieline we send you is included as part of the print file. Please **do not delete, rotate or change the colors** of the structural dieline.
- ☐ We recommend using **0.6pt font size** or larger.
- ☐ Lines and stroke weight should be no less than **.3pt** and **1pt** if reversed out.
- ☐ All artwork should be converted to **CMYK**.
- ☐ If your art includes black, we recommend it's built as a rich black with **40 cyan (C), 40 magenta (M), 40 yellow (Y), and 100 black (K)**. For best results, include a .5pt stroke of 100% black (K) to avoid print overspray.
- ☐ Colors should be solid **100% opacity**, no gradient or tints.
- ☐ We **do not recommend edge-to-edge printing** or design that spreads near the edge as printing can only be within the specific imprint area.
- ☐ For best results, all artwork should be vectored and image resolution should be **no less than 300 dpi**.
- ☐ We also require that **all fonts be converted to outlines**.
- ☐ For optimal scanning, ensure **QR codes have high contrast** and measure **20x20mm or above**. Do not scale the QR code below a **minimum of 16x16mm**.

1

Download dieline

Ensure you have downloaded the correct sized dieline. Dielines can be found on the **noissue website**.

2

Complete your design

Use the Print Perfect Checklist as a guide to get the best print results. Export as **CMYK PDF**. No crop marks needed.

3

Upload artwork and order

Complete your order, upload your artwork and checkout. To guarantee print satisfaction, we'll review your file and send you a final proof to approve before going to print.
