

Size  
12oz & 16oz

Base Material  
Kraft or White

Color  
Pantone or CMYK

Sustainability  
Recycle, FSC-Certified

## Print perfect checklist

- ☐ Add your custom artwork to **your design here layer**.
- ☐ We recommend using **6pt font size (0.8mm height)** or larger.
- ☐ Thickness of lines, strokes and gaps should be **no less than 0.2mm**.
- ☐ For designs with lots of texts, we recommend to place the the text layout following the curve of the dieline. This ensures the texts will appear straight.

- ☐ For best results, your design should be in **vector** format, but if an image will be used, it should be no less than **300 DPI**.
- ☐ In order to ensure your custom cup sleeve prints correctly, we require that **all fonts be converted to outlines**.
- ☐ For optimal scanning, ensure **QR codes have high contrast** and measure **20x20mm or above**. Do not scale the QR code below a **minimum of 16x16mm**.

1

**Download dieline**  
Ensure you have downloaded the correct sized dieline. Dielines can be found on the **noissue website**.

2

**Complete your design**  
Use the Print Perfect Checklist as a guide to get the best print results. Export as **CMYK PDF**. No crop marks needed.

3

**Upload artwork and order, or share with yourAccount Manager**  
Complete your order, upload your artwork and checkout. To guarantee print satisfaction, we'll review your file and send you a final proof to approve before going to print.
