91 m x 22 mm
(300 ft x 7/8")

BASE COLOR
White or Black

PRINT OPTION
One side only

Sustainability
Recyclable, Reusable,
100% Recycled from Plastic PET Bottles,
Global Recycled Standard (GRS)

Print perfect checklist

- Add your design to the template available on the next page.

Imprint Area

This is a guide where the design will be printed.
Ribbon is printed using plates that are in 12in in length.
Design within the 12in will be repeated.

Safe Area

Keep design within the safe area which is 3mm away
from the edge of ribbon.

- If you want your design to have a continuous pattern, the end and start design should connect seamlessly.
- We recommend using **5pt font size** (0.8mm height) or larger.
- Thickness of lines, strokes and gaps should be no less than **0.2mm**.
- The artwork spacing should not be less than **0.5"**.
- **Avoid intricate design** as it might not print clearly.
We recommend using monolines and avoid complex brush strokes.
- Choose **1 color** from the Available Colors list (next page)
- We need your design in **vector format**, 100% opacity, and no gradient or tints.
- In order to ensure your custom ribbon prints correctly, we require that **all fonts be converted to outlines**.
- For optimal scanning, ensure **QR codes have high contrast** and measure **20x20mm or above**. Do not scale the QR code below a **minimum of 16x16mm**.

1

Download dieline

Ensure you have downloaded the correct sized dieline.
Dielines can be found on the **noissue website**.

2

Complete your design

Use the Print Perfect Checklist as a guide to get the best print results. Export as **CMYK PDF**. No crop marks needed.

3

Upload artwork and order, or share with your Account Manager

Complete your order, upload your artwork and checkout.
To guarantee print satisfaction, we'll review your file and send you a final proof to approve before going to print.
