Step by step...

1. Download the correct dielines.
You can find the box dielines on the noissue Custom Paper Shopping Bag Page. Choose the size you wish to order, then download the dielines to start designing.

2. Choose your base.
We offer kraft base only at the moment. Note that we recommend printing darker colors on kraft due to the effect of the paper on the ink.
Note: We also cannot print white ink on kraft.

3. Start designing!
You may now start designing your noissue paper shopping bag! Use the Print Perfect Checklist as a guide to get the best print results.

4. Once done, you may upload as a finished artwork.
Upload your file as a finished artwork. Fill in the necessary fields: size, base color, print option, quantity, and badge.

5. Add to cart and order!
We want to make sure you're happy so before we print anything, we'll send you a proof of your custom design to sign off.

Print Perfect Checklist

◯ Add your custom artwork to **your design here layer.**

◯ In order to ensure your custom packaging prints correctly, it is very important that the unique structural dieline we send you is included as part of the print file. Please **do not delete, rotate or change the colors** of the structural dieline.

◯ We recommend using **0.6 pt font size** or larger.

◯ Lines and stroke weight should be no less than **.3pt** and **1pt** if reversed out.

◯ All artwork should be converted to **CMYK.**

◯ If your art includes black, we recommend it's built as a rich black with **40 cyan (C), 40 magenta (M), 40 yellow (Y), and 100 black (K).** For best results, include a .5pt stroke of 100% black (K) to avoid print overspray.

◯ For best results, all artwork should be vectored and image resolution should be **no less than 300 dpi.**

◯ In order to ensure your custom packaging prints correctly, we require that **all fonts be converted to outlines.**

◯ We **do not recommend edge-to-edge printing** or design that spreads near the edge as printing can only be within the specific imprint area.

→ Please export as a **'CMYK' PDF**. No crop marks needed.
