

 **Size**
16oz Double Wall

 **Color**
CMYK or Pantone

 **Sustainability**
FDA-Compliant, FSC-certified
Recyclable or Compostable

Print perfect checklist

- Add your design to the template available on the next page.
- We recommend using **6pt font size (0.8mm height)** or larger.
- Lines and stroke thickness should be no less than **0.2mm (0.5pt)**.
1pt is recommended if reversed.
- For best results, your design should be saved in **vector** format, but if an image will be used, it should be no less than **300 DPI**.
- The artwork file must be set up with Pantone or CMYK colors. Our pre-press designers will convert the file to CMYK if it was set in RGB.
- In order to ensure your coffee cups correctly, we require that all fonts **has to be converted to outlines**.
- For designs with texts, we recommend to place the text layout following the curve of the dieline. This ensures the texts will appear straight.

Lorem ipsum dolor
 sit amet, consec-
 tetuer adipiscing

The texts will appear distorted
when assembled.

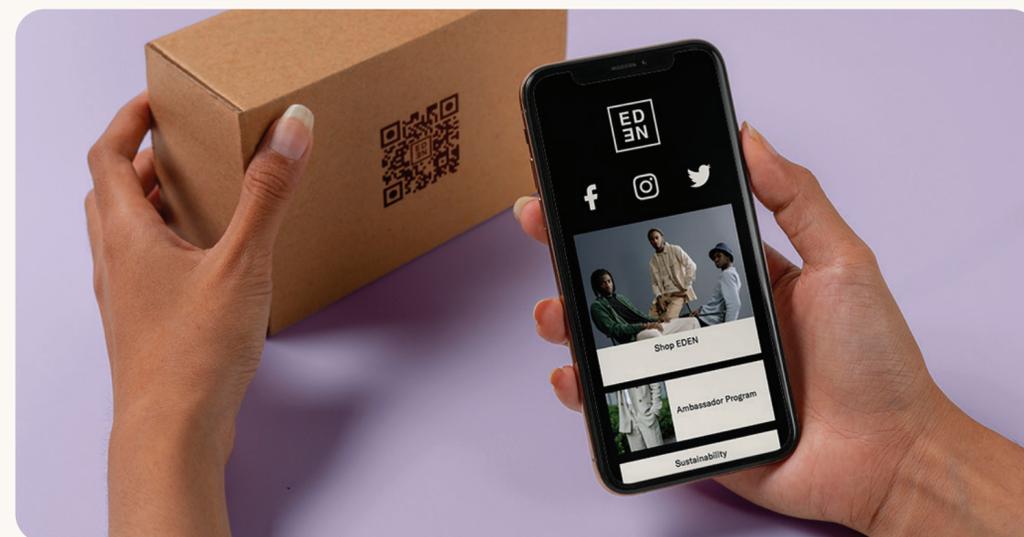

Lorem ipsum dolor
 sit amet, consec-
 tetuer adipiscing

The texts will appear more upright
because it follows the curve.

- 1 Download dieline**
Ensure you have downloaded the correct sized dieline. Dielines can be found on the **noissue website**.
- 2 Complete your design**
Use the Print Perfect Checklist as a guide to get the best print results. Export as **CMYK PDF**. No crop marks needed.
- 3 Upload artwork and order, or share with your Account Manager**
Complete your order, upload your artwork and checkout. To guarantee print satisfaction, we'll review your file and send you a final proof to approve before going to print.
