# Recycled Die Cut Handle Bag

## SIZE

380mm x 480mm + 65mm

## PRINT COLOR

5 Pantone colors

## Step by step...

1

### Download the template.

You can find the template on the noissue website. Choose the size you wish to order.

2

### Choose the color.

We use up to 5 colors for the recycled die cut handle bag.

3

### Start designing!

You may now start designing your noissue mailer! Use the **Print Perfect Checklist** as a guide to get the best print results.

4

### Send your artwork over to your noissue Account Manager.

Upload your design in PDF file. Fill in the necessary fields: color, size, quantity and eco-badge.

5

### We'll be right back to you!

We want to make sure you're happy so before we print anything, we'll send you a visual of your custom design to sign off.

## Print Perfect Checklist

Add your design to the template available on the next page.

We can't print **edge-to-edge design** for both front and back side of the mailer. Except for the background color, any design elements placed outside the safe area will get cropped.

If you have a full-page design for the back of your mailer, please consider the parts that will be covered by the flap.

We recommend using **9pt font size** (1.5mm) or larger for the text height. For reference, they should have a similar size to this text.

Lines and stroke thickness should be no less than **0.2mm**.

This is how a 0.2mm thick line looks like: - - - - -

We can print up to **5 Pantone Formula Guide and Pastel Colors**.

If your design was set in CMYK or RGB colors, we can help you convert them to the closest Pantone colors.

Colors should be solid **100% opacity**, no gradient or tints.

In order to ensure your custom mailer prints correctly, we require that design should be converted to **vector** and all fonts converted to **outlines**.

Please export as a '**CMYK**' PDF. No crop and bleed marks needed.
