Swiss National Day

When we celebrate, we do it in style! Our National Day festivities span two days of special events and memorable moments.

31 July 2025

At the Kids Club, our colourful programme of National Day festivities begins a day early! At the restaurant, two charming food stands will offer authentic Swiss flavours ranging from creamy raclette to traditional dessert specialties. Choose from a specially curated menu featuring a Grisons cold platter, Nüssli-salat (lamb's lettuce salad), and barley soup. The main course will be freshly carved for you – a tender entrecôte served with Pizzoccheri (buckwheat pasta) and creamy savoy cabbage. An entrecôte with pizzoccheri and creamy savoy cabbage, perhaps? A traditional band will provide the musical backdrop for an unforgettable evening.

1 August 2025

Energised by a hearty Swiss lunch menu at Restaurant La Collina, you'll experience an evening steeped in Alpine heritage: the pageantry of the Bernese Mountain Dog Club, the melodies of alpine horn players and the elegant rhythm of flag swingers. After an aperitif, you'll even have chance to try your hand at the time-honoured Swiss game of Talerschwingen. Later in the evening, head to the Grand Restaurant for an exquisite five-course Swiss menu. At 21.00 h, the Tschuggen Express will carry us to the mountain platform for the traditional Swiss National Day bonfire.

A torch-lit descent back to the hotel rounds off this thoroughly Swiss affair!

Arosa Classic Car

4 to 7 September 2025

Few things awaken childhood memories quite like the sound of vintage engines. And when you hear them in Arosa, you know: Arosa Classic Car is just around the corner!

Over 7.3 kilometres of road, 76 bends and 422 metres of altitude difference, participants compete on Switzerland's only Alpine race track of international renown. This spectacular racing event occupies a class all of its own – and, of course, brings joy to the hearts of countless classic car lovers.

The Tschuggen Grand Hotel and its sister hotel, the Valsana, will have their own stand on site, inviting everyone to take a pleasant break and enjoy the atmosphere. For little ones caught up in racing fever, a bobby car station provides the perfect set of starting wheels. The fastest young drivers will even receive a certificate to celebrate their prowess.

Spanish nights *at Restaurant La Collina*

¡Salud y buen provecho!
Every Thursday to Saturday this summer season, La Collina will once again be transformed into a lively Spanish watering hole.

As in previous years, our head chef will present an inspired fusion of traditional Spanish recipes and the finest Swiss ingredients. The result is a culinary experience to savour: creatively reimagined tapas, exquisite flavours, and unmistakable Spanish joie de vivre. ¡Viva España!

Moving Mountains

Hidden Places

Arosa's mountain scenery and unspoilt nature are undoubtedly its best-known charms. Yet in addition to its many hiking trails, this natural health resort offers ample opportunities for quiet contemplation: peaceful corners of the region to reconnect with yourself and your thoughts.

The Bergkirchli

Built around 1492, the Bergkirchli (mountain chapel) is the oldest building in Arosa and a treasured regional landmark. The listed church is a sacred place with a profound connection to times gone by: a wonderful place to seek peace and contemplation.

Our tip: Trace the footsteps of villagers past and take a walk along the old Kirchenweg (church path) – one of Arosa's most beautiful and meditative routes.

Moving Mountains

Hidden Places

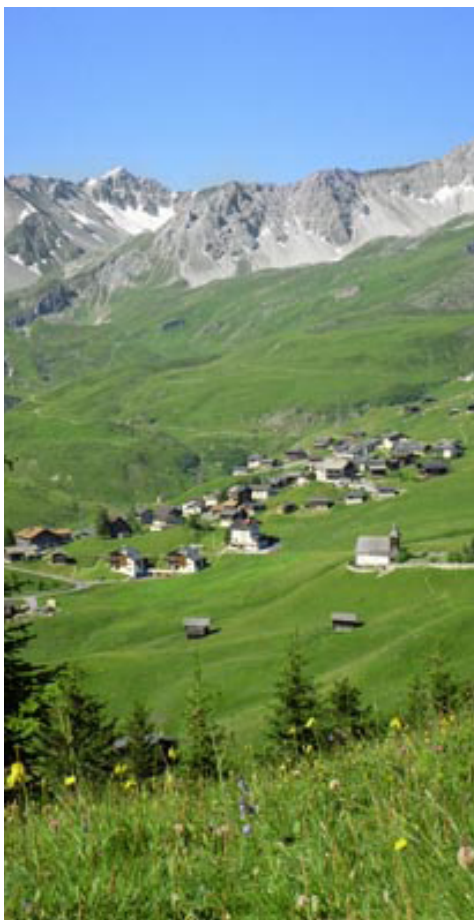

Innerarosa and the Eggahuus local history museum

Stroll through Innerarosa and explore the oldest surviving parts of the Grisons' Walser settlement, whose centuries-old history begins with the taming of uncultivated pastures by the migrating Walser people. Look out for pasture fences constructed in traditional Alpine style and old wooden houses with blessings inscribed under the gables. When you're ready for a break, head to the bench in front of the Eggahuus museum to sit back and enjoy the view.

Our tip: A visit to the Eggahuus local history museum, opened in 1949, comes highly recommended. Get to know the region better with fascinating facts on our history and traditions.

Moving Mountains

Hidden Places

Maran

Located high up between the Weiss-horn and the localities of Prätsch and Litzirüti, the Maran plateau offers unique, breath-taking views of the surrounding white giants. The plateau is home to the highest 18-hole golf course in Europe as well as the Maran alpine dairy, which has been transforming Arosa milk into cheese and other local specialties for some 40 years.

Our tip: Be sure to visit the Bündnerstube (Grisons parlour), an original 19th century parlour built by descendants of the Wals people, the original settlers of the area. The parlour serves cheese-based specialties like fondue and raclette from the Maran dairy.

Moving Mountains

Hidden Places

The Prätschalp

Close your eyes for a moment and picture the lushest, greenest mountain pasture imaginable. This is the Prätschalp (Pratsch Alpine pasture). In keeping with its quintessentially Swiss character, you'll find a variety of local specialties on offer – from cheese fondue and open cheese sandwiches to venison stew, dumpling soups and delicious cakes. In summer, the Prätschalp serves as a wonderful natural sun terrace on which to pause and enjoy views over the far-stretching Schanfigg valley.

Moving Mountains

Immersion in nature

Moving Mountains is a holistic programme of holiday activities aimed at promoting vitality, connecting with nature in new ways and celebrating the joy of life. PLAY is one of the five pillars upon which the philosophy is built. We believe that play is as important for body and soul as functional fitness or nutritious food – and it is in this playful spirit that we seek to help you discover Arosa. Lose yourself in nature, create something new, or push your nerves to the limit with a thrill-seeking adventure.

Find out more about any of our Moving Mountains activities by calling **+41 81 378 99 99** or emailing **info@tschuggen.ch**. Alternatively, our Outdoor Butler or concierge team will be happy to advise you in person.

Fun for all young adventurers...
...and peace of mind for adults!

What could be more thrilling for a young mind than discovering our natural world – and where better to do so than the breathtaking Alpine landscape of the Grisons? Our Kids Club is the perfect place for budding explorers: a place where joy is always just around the corner and young minds are kept endlessly engaged.

Here, kids can find everything their inquisitive hearts might desire – from a wooden playhouse that brings forest animals to life to a cosy reading nook for relaxing and dreaming. For teens, a dedicated space with a games table and a PlayStation 5 provides the perfect space to unwind and enjoy. Young and not-so-young guests are amply catered for; adults can relax.

To the Kids Club, then – before the little ones start to drive you up the wall!

What's new on the Kids Club programme

The Grison are jam-packed full of wild, wonderful adventures – including for our youngest guests. We're here to share them! At the Kids Club, discovery, fun, and learning go hand in hand.

Kids can observe an ant colony, craft handmade soap, learn to plant and identify trees or explore the Arosa Bear Sanctuary, where rescued bears find a forever home. Whatever the activity, it's safe to say that boredom doesn't stand a chance!

This summer, we've added even more to the programme. Walk the Squirrel Trail (more on that on a previous page), hike to Schwellisee lake for a refreshing swim, enjoy exciting excursions to a climbing park and a waterfall, and – the one parents might envy most – take a behind-the-scenes tour of the Valsana Hotel's pioneering ice battery system.
