TSCHUGGEN GRAND HOTEL

AROSA

Winter season

22 November 2024 to 30 March 2025

Welcome to the Grisons!

Nestled at some 1,800 metres in the mountains, the Tschuggen Grand Hotel is at once your winter retreat, your oasis of tranquillity and your base for adventures in the snowy outdoors. This winter, expect a rich variety of events and experiences to make your stay with us truly extraordinary. The one we're most looking forward to? Private Mountain, of course – when else do we get the opportunity to call an entire mountain our own?

Another highlight this season is naturally Restaurant La Brezza, where Marco Campanella will be back in Arosa from December 13th. He has just been named Chef of the Year 2025 by Gault Millau Switzerland, and we can't wait for you to experience his culinary excellence!

Tschuggen Mountain Lofts

Living redefined – at over 1,800 metres

Open since winter 2023, the Tschuggen Mountain Lofts offer a comfortable and private home-away-from-home with spectacular views of the Arosa mountains. Conceived by star architect Tilla Theus and her team, these thoughtfully designed lofts are characterised by the harmonious interplay of natural materials and warm light.

Choose from one, two or three-bedroom lofts and enjoy breathtaking panoramic views of Arosa with no-one else around. Each loft comes with a private entrance as well as direct access to the hotel: ideal for a break in utmost privacy without forgoing the comforts of a five-star Tschuggen stay.

Tschuggen Bergoase

Your haven for body and soul

After an adrenaline-packed day on the slopes, what could be better than an indulgent relaxation session in the award-winning Tschuggen Bergoase? Known for its nine spectacular ‘trees of light’ that rise out of the mountainside, this masterpiece of design by Swiss architect Mario Botta was named one of the 100 best spas in the world by Vogue’s inaugural Global Spa Guide.

The Tschuggen Bergoase offers some 5,000 square metres of relaxation and wellness, with saunas, steam baths and pools over four masterfully designed floors. Inspired by the mountains that surround us, our treatments are performed exclusively using organic or certified natural products. Our vision is to help you rediscover the value of time through moments of profound relaxation. In accordance with our Moving Mountains holistic spa concept, we endeavour to restore harmony to body, mind and soul – and in doing so to deliver a sense of calm that endures long after your stay is over.

Welcome to the winter
paradise of Arosa
*Skiing – but make it
all-inclusive*

Picture the fresh snow glistening in the morning sun as you strap on your ski boots and head to the ski room. After grabbing your equipment from a heated cupboard, you're just steps away from catching the Tschuggen Express, our private cable car to the slopes. At the Tschuggen Grand Hotel, the fun starts right at the hotel door.

In less than four minutes, the Tschuggen Express will deliver you to the heart of the world-class ski area of Arosa Lenzerheide. Once there, you're greeted by impressive panoramic views of the mountains and perfectly manicured pistes stretching endlessly in every direction.

Away from the pistes, too, there's much to discover. Walk a picturesque hiking trail, soak in the beauty of the snow-covered landscape, or visit a cosy mountain hut to sample some Grisons specialities.

Our comprehensive range of services make for skiing holidays that are altogether more relaxed than the norm. Make use of an in-house equipment rental service provided by Gisler Sport, purchase mountain railway tickets quickly and easily at reception, and find out all you need to know from the hotel's designated Ski School Butler. Later, after a successful day on the slopes, head back to the hotel for a welcome hot chocolate. What more could you need for a carefree getaway in winter wonderland?

The Basement

Inspired by Grandma's kitchen

Welcome to The Basement, the place where honest, flavourful food is served in a warm, relaxed ambience. It's where high-quality, locally sourced ingredients meet the rustic yet delicious charm of Grandma's cooking – always served with a generous pinch of passion.

Working closely with local producers, The Basement's menu celebrates the rich variety of flavour the Grisons has to offer. Sustainably produced ingredients are carefully selected and prepared to whisk guests on a culinary adventure through the region.

At the same time, The Basement is more than just its delectable menu: it is a cultural experience with authenticity at its heart. Diners can discover all things Grisons in our fascinating 'Basement Buechli' pamphlets or have fun with a round of dice game Tschigg, a traditional local favourite. As the evening draws on, the restaurant's own bowling alley provides an enjoyable change of pace. Every corner of The Basement is thoughtfully designed to entertain and bring our rich local history to life.

Marco Campanella and Restaurant La Brezza

Perfection on a plate

Under the direction of Executive Chef Marco Campanella, gourmet restaurant La Brezza is where creative flair meets exceptional culinary craftsmanship. Diners are whisked on a journey of flavours of a kind they've never experienced before. Campanella's mission is as simple as it is revolutionary: to never allow boredom to creep onto a plate. It's one he accomplishes with flair: his creative, bold creations are a continual source of inspiration and surprise.

After being named 'Discovery of the Year' in 2019, Campanella's quest for culinary perfection was soon rewarded with his first Michelin star. He was named 'Hotel Chef of the Year' in the Bilanz hotel rankings for 2020 and cooked to his way to a second Michelin star for gourmet restaurant La Brezza in 2022. Today, these two Michelin stars and 18 GaultMillau points stand as a testament to Campanella's inimitable flair. Furthermore, this September, Campanella was named «Chef of the Year 2025» by Gault Millau Switzerland making the Tschuggen Grand Hotel a top destination for gourmet lovers during the winter season.

But what sets his culinary style apart from the crowd? Campanella has always drawn inspiration from fresh, regional and seasonal ingredients – and in the spirit of our Moving Mountains philosophy, he’s now turning his sights to plant-based cuisine. «For me, taste is important above all else – including, or especially, with plant-based menus,» he says. «I try to incorporate as many flavours as possible into the dishes: sweet and sour, smoky and salty, all in a way that surprises and intrigues.»

Highlights of our winter calendar

For memories to treasure

This year, as every year, the highlights of our winter calendar promise a varied blend of culture, entertainment and culinary excellence. From one-of-a-kind events to lavish festivities, get ready for an extraordinary winter break in the Grisons mountains.

Private Mountain – Edition Illumina

When the mountain belongs only to us

28 November to 1 December 2024

We're thrilled that the Tschuggen Collection's one-of-a-kind annual ski event, Private Mountain, will return this year for another round. We're more excited still about this year's centrepiece: an enchanting display of illumination that will bathe the wintry landscape in a magical light.

The action starts on Thursday evening, when we'll enjoy a short torchlight hike to the Tschuggenhütte (mountain huts) followed by a fondue evening amidst lanterns and candles. Enjoy tasty Swiss fondue and cosy vibes as you prepare for the unforgettable weekend ahead!

The crowning jewel of the event comes on Friday, when we'll enjoy the slopes of the Hörnli to ourselves from sunrise to sundown. An exciting programme of supporting events and activities means you'll never be

short of something to do: test skis in collaboration with our partner Stöckli or pick up tips from ski legends Tina Maze and Viktoria Rebensburg as you whizz down the slopes at an exclusive coaching session. To warm up afterwards, head to our hot chocolate gondola to enjoy hot beverages, a cake buffet and a well-earned comfy seat.

We'll see out the event with a festive dinner and candlelight concert at the Tschuggen Grand Hotel's Grand Restaurant – a fitting end to an unmissable few days. Come celebrate the start of an extraordinary winter season!

Sustainability

How we're giving back to nature

The Tschuggen Collection is the first Swiss premium hotel group to bring pioneering environmental action and exceptional standards of hotel management under one roof. Our prized locations amidst spectacular natural beauty serve as a daily reminder of our firmly-held belief: that protecting the environment is among the most important challenges of our time.

The Tschuggen Grand Hotel is proud to continue to be recognised as a Sustainability Leader by The Leading Hotels of the World and as a Green Globe-certified institution. But our aspirations don't stop there. We offset our entire carbon footprint, run an annual clean-up day and are continuously expanding our green team.

We continue to implement sustainable ways of doing things across our entire hotel, such as the upcycling of furniture by designer Carlo Rampazzi and an ever-increasing focus on regional dining in our restaurant kitchens.

We support both local and national initiatives to protect our natural environment and our region's cultural and historical heritage. Because intact moorland is among nature's most efficient CO₂ reservoirs, the Tschuggen Collection finances the rewilding of drained moorland throughout Switzerland with the goal of fighting climate change and promoting biodiversity. We're passionate about preserving the beauty and variety of our spectacular nature for generations to come.
