2024

TSCHUGGEN GRAND HOTEL

AROSA

An Alpine hideaway that's high above the everyday

Summer means many things to the Tschuggen Grand Hotel. It's the time when the hotel becomes a haven of relaxation: a special place to kick back and unwind in the unspoilt beauty of the Grisons. At the same time, it's your ideal base for active adventures in nature: hikes through blooming Alpine meadows, swims in crystal-clear mountain lakes, and yoga sessions overlooking breath-taking panoramas. Together, these magical experiences create memories to last a lifetime.

At the Tschuggen Grand Hotel, every day is a new chapter – a new opportunity for discovery and joy. Arosa is your place to reconnect with nature and make an unforgettable summer 2024.

Highlights for summer

Whisked away...

This summer, be whisked away by the excitement of a season that's as magical and varied as life itself. Our summer calendar highlights include sporting activities, culinary experiences and spectacular celebratory occasions.

1 August

Swiss National Day

A reason to celebrate, if ever we heard one! Our summer calendar features two dates in honour of this special occasion – because for us, one day is simply not enough.

31 July 2024

The festivities kick off in front of the hotel with the Family Race, a fun-packed obstacle course that's designed for all ages. Stands serving traditional raclette and sweet treats provide quintessentially Swiss refreshment. Come the evening, head to Restaurant La Collina for a fondue dinner accompanied by fantastic live performances from a Ländler (folk dance) duo.

1 August 2024

Here at the Tschuggen Grand Hotel, Swiss National Day is celebrated the old-fashioned way – with a Swiss breakfast. Later, join us for our grand Swiss National Day reception followed by a sumptuous celebratory dinner. Additional surprises await throughout the night – not least an evening torchlight hike to our spectacular Höhenfeuer (traditional Alpine bonfire).

Spanish nights *at Restaurant La Collina*

Every Thursday to Saturday this summer season, La Collina will be transformed into a lively Spanish restaurant. Expect a creative take on tapas dreamed up by Head Chef Uwe Seegert – a unique fusion of Spanish culinary heritage and quality Swiss ingredients. ¡Buen provecho!

Arosa ClassicCar

29 August 2024 to 1 September 2024

With 7.3 kilometres of race track, 76 bends and 422 metres of altitude difference, this spectacular racing event occupies a class all of its own. As the only such race course in the Swiss Alps, it's no surprise that it draws visitors from all over the world – and brings joy to the hearts of countless classic car lovers.

Tschuggen Express

*Your exclusive way to access the mountains –
directly from the hotel door*

No car, no noise, no stress – just our very own mountain railway to whisk you to the heart of Arosa's natural paradise in less than four minutes. At the top, a world of wonders lies in store. Trace paths to hidden mountain lakes, drink in the fresh Alpine air, savour the authentic hospitality of Arosa's rustic mountain huts, and much more. Nestled amidst the sublime beauty and tranquillity of the mountains, the Tschuggen Grand Hotel is your ideal base for unforgettable summer adventures.

Mountain Lofts

*Living redefined – at over
1,800 metres*

Open since last winter, our Mountain Lofts offer a way to enjoy breath-taking panoramic views of Arosa with no-one else around. Conceived by star architect Tilla Theus and her team, with an interior concept by Ticino designer Carlo Rampazzi, these spacious apartments are characterised by the artful combination of spacious Alpine living and spectacular mountain views. One, two or three-bedroom options are available. Each loft comes with a private entrance as well as direct access to the hotel: ideal for a break in utmost privacy without forgoing the comforts of a five-star Tschuggen stay.

Moving Mountains

Hidden Places

Arosa's mountain scenery and unspoilt nature are undoubtedly its best-known charms. Yet in addition to its many hiking trails, this natural health resort offers ample opportunities for quiet contemplation: peaceful corners of the region to reconnect with yourself and your thoughts.

The Bergkirchli

Built around 1492, the Bergkirchli (mountain chapel) is the oldest building in Arosa and a treasured regional landmark. The listed church is a sacred place with a profound connection to times gone by: a wonderful place to seek peace and contemplation.

Tip: Trace the footsteps of villagers past and take a walk along the old Kirchenweg (church path) – one of Arosa's most beautiful and meditative routes.

Moving Mountains

Hidden Places

Inner Arosa and the Eggahuus local history museum

Stroll through Inner Arosa and explore the best-preserved parts of the Grisons' Walser settlement, whose centuries-old history begins with the taming of uncultivated pastures by the migrating Walser people. Look out for pasture fences constructed in traditional Alpine style and old wooden houses with blessings inscribed under the gables. When you're ready for a break, head to the bench in front of the Eggahuus museum to sit back and enjoy the view.

Tip: A visit to the Eggahuus local history museum, opened in 1949, comes highly recommended. Get to know the region better with fascinating facts on our history and traditions.

Moving Mountains

Hidden Places

Maran

Located high up between the Weisshorn, Prättsch and Litzirüti, the Maran plateau offers unique, breath-taking views of the surrounding white giants. The plateau is home to the highest 18-hole golf course in Europe as well as the Maran alpine dairy, which has been transforming Arosa milk into cheese and other local specialties for some 40 years.

Tip: Be sure to visit the Bündnerstube (Grisons parlour), an original 19th century parlour built by descendants of the Wals people, the original settlers of the area. The parlour serves cheese-based specialties like fondue and raclette from the Maran dairy.

Moving Mountains

Hidden Places

The Prätschalp

Close your eyes for a moment and picture the lushest, greenest mountain pasture imaginable. This is the Prätschalp (Pratsch Alpine pasture). In keeping with its quintessentially Swiss character, you'll find a variety of local specialties on offer – from cheese fondue and open cheese sandwiches to venison stew, dumpling soups and delicious cakes. In summer, the Prätschalp serves as a wonderful natural sun terrace on which to pause and enjoy views over the far-stretching Schanfigg valley.

Moving Mountains

Immersion in nature

Moving Mountains is a holistic programme of holiday activities aimed at promoting vitality, connecting with nature in new ways and celebrating the joy of life. PLAY is one of the five pillars upon which the philosophy is built. We believe that play is as important for body and soul as functional fitness or nutritious food – and it is in this playful spirit that we seek to help you discover Arosa. Lose yourself in nature, create something new, or push your nerves to the limit with a thrill-seeking adventure.

Find out more about any of our Moving Mountains activities by calling **+41 81 378 99 99** or emailing **info@tschuggen.ch**. Alternatively, our Outdoor Butler or concierge desk will be happy to advise you in person.

Welcome to our new-look Kids Club

A playground for young adventurers

Nestled within the Tschuggen Grand Hotel is a veritable paradise for young adventurers: our new-look Kids Club. Inspired by the majestic nature that surrounds us, the club invites young guests to explore and discover. An inviting interior concept based on natural colours and warm light makes it the perfect spot to dream the hours away. Young visitors need not go far before they encounter their first adventure: a wooden house that brings the animals of the forest to life. A cosy reading corner invites young minds to linger and dream. For slightly older guests, a separate teens' corner offers a games table and PlayStation 5: the perfect place for not-quite-adults to relax and unwind. Young imaginations are nurtured in the creative corner, while the play corner offers space for shared fun.

Kids' programme

*Because adventure is in
our nature*

Our thoughtfully designed kids' programme opens a door to a world in which fun, adventure and learning go hand in hand. Play-based activities encourage young minds to discover the joy of nature while learning responsibility for our natural world.

Exploring an anthill

Take an excursion to an anthill to observe the secret life of these miniature architects. The trip takes a playful look at the work of these industrious insects and their importance for our natural world.

A trip to Arosa Bear Sanctuary

Arosa Bear Sanctuary is where rescued bears are given a new lease of life. A visit to the sanctuary lets young guests observe these impressive predators at close quarters and understand their important role within the mountain ecosystem.

Kids' programme

*Because adventure is in
our nature*

Soap-making

In our soap-making workshops, young guests are guided to create their own handmade soaps from natural ingredients. They learn how individual soap bars are made from prefabricated soap blocks by cutting, kneading and moulding. In the final part of the workshop, attendees have chance to express their creativity by decorating their hand-crafted soaps.

Spotting plants and trees

This outdoor tour of discovery teaches young guests to identify a variety of plants and trees. After hopping aboard the Tschuggen Express into the mountains, we head back down on foot to explore the rich diversity of local nature. Attendees learn not only to name different plants and trees, but to make a useful syrup from plants they have gathered.
