

Yardzen

What's in a Yardzen Backyard Classic Design Package?

Yardzen's build-ready plans bring your outdoor vision to life with professional designs by our talented team. Deliverables include photorealistic designs, precise CADs, a plant palette hand-selected for your climate, lighting design with night views, and a shoppable furniture list.

How Yardzen Works

Start Your Design

Share photos of your space, your style preferences, and your vision with your designer through our delightful onboarding platform. We'll assess your site conditions, sun patterns, and local climate to create the foundation for your perfect outdoor space.

Collaborate and Iterate

Work with your designer and project manager to revise and land on a plan you absolutely love. Every detail can get refined — from plant selections to layout to specific materials — until it captures exactly what you envisioned.

Build Your Dream Yard

Use our vetted contractor network for a streamlined build experience with your project manager, or take your comprehensive plans to any contractor you choose. You own your designs forever, so you control the timeline, budget, and building process completely.

Live Well Outside

Step into your transformed outdoor space and experience how thoughtful design elevates your daily life. Whether it's morning coffee in your new garden, hosting friends around the fire pit, or watching kids play in a beautiful, functional yard — great design pays dividends every single day.

Plants Plan

Materials Plan

Your yard deserves the same precision as your home's blueprint. Every Yardzen package includes a CAD plan — an aerial view with measurements, plus plant and material layouts your contractor can build from.

Coleman Cosby, Yardzen Build Expert

Measured and accurate
An aerial view with dimensions — no guesswork.

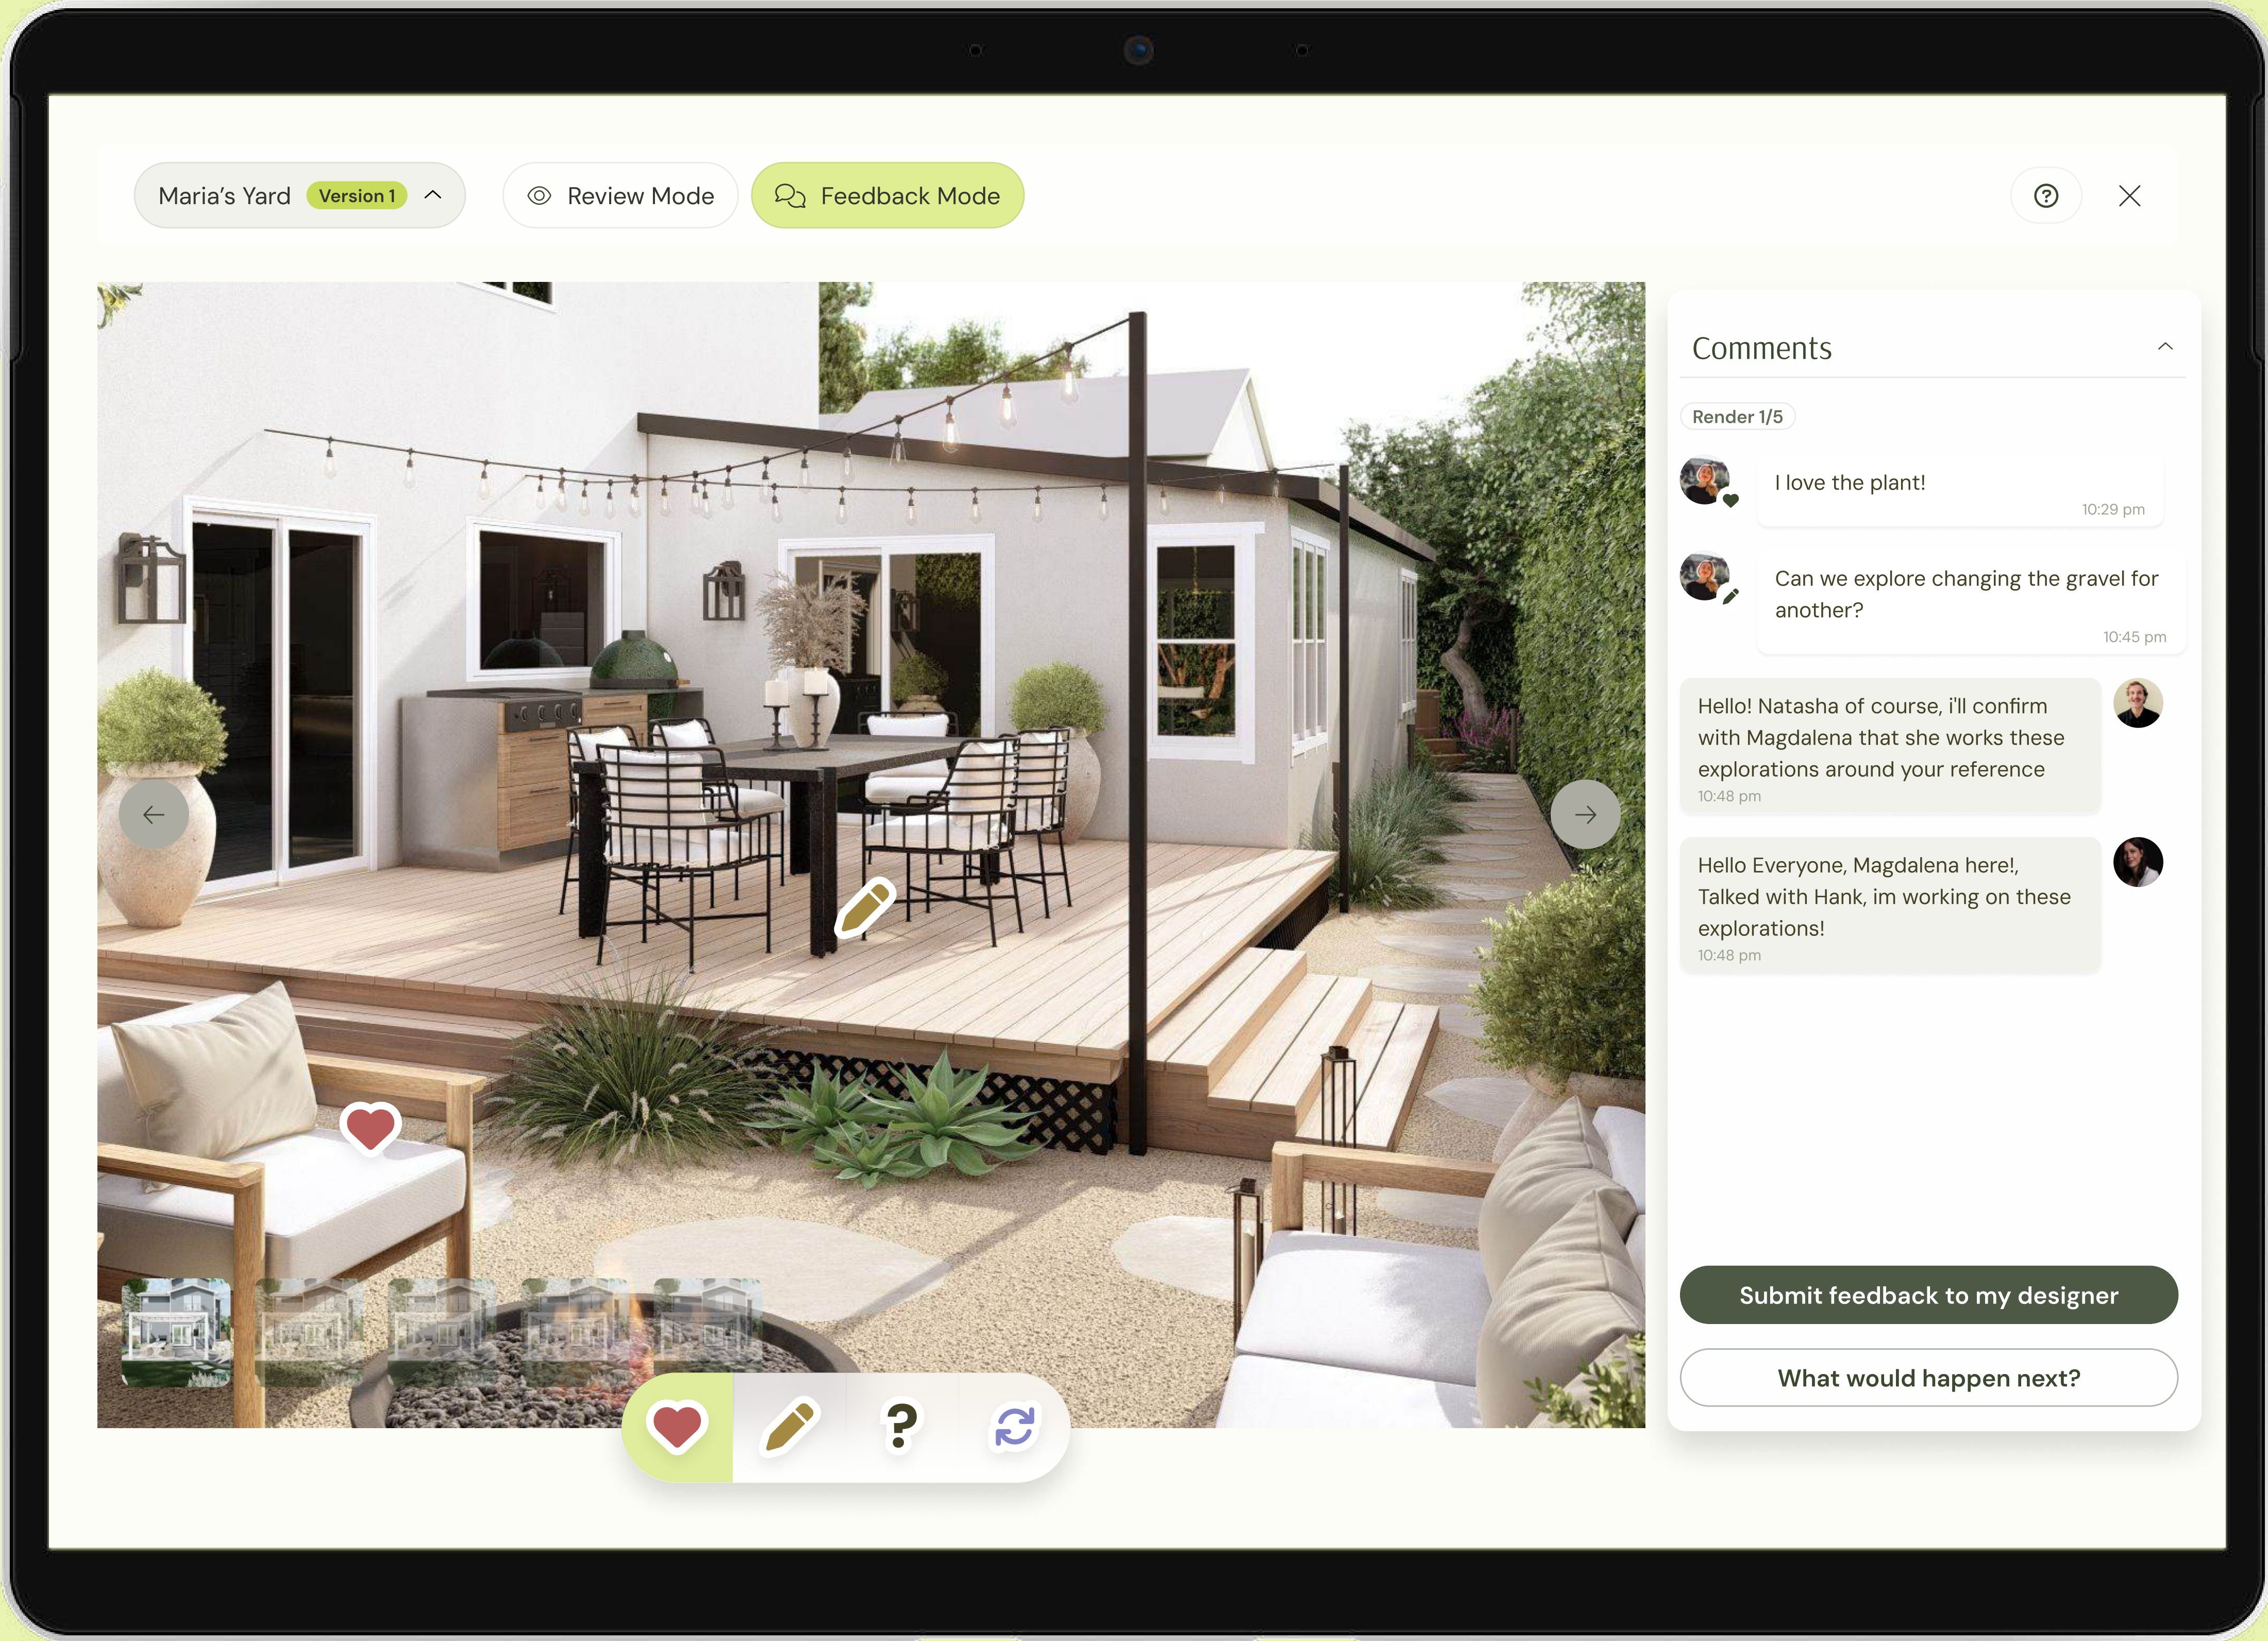

Contractor-ready
Clear plans your builder can follow with confidence.

Expertly detailed
Plants and materials mapped for easy build.

Design is a collaboration

Work with your designer and project manager to revise and land on a plan you absolutely love. Every detail can get refined — from plant selections to layout to specific materials — until it captures exactly what you envisioned.

Love it
Highlight what you're excited about and want to keep.

Edit it
Mark what you'd like to see changed or adjusted.

Ask a question
Call out anything you're unsure about.

Request a change
Suggest alternatives or explore new directions.

Meet Your Yardzen Team

Design expertise and build support, powered by smart technology.

Kevin Lenhart

Design Director

Kevin holds a Master's in Landscape Architecture from U.C. Berkeley. He leads our talented team of world-class designers, ensuring every plan is both beautiful, buildable, and on-budget.

Your Project Manager

(Available by phone, email, and chat).

Your dedicated support from the design studio to the field, keeping your project on track by answering questions, coordinating communication, and helping you choose the right contractor.

Backyard Classic Design Package Includes

1 Design Revisions

After your initial design, you'll have the chance to share feedback. We'll collaborate on revisions to make sure the design feels uniquely yours.

Yardzen

The online landscape design platform that assigns a talented landscape designer to create a just-for-you design, factoring your style and your property's unique characteristics

★★★★★

Jonathan S

Yardzen captured our dreams and put them into (3D) reality. They gave us contacts of reputable contractors and we are moving forward with our dreams.

Elk Grove, CA

★★★★★

Colleen N.

Our space felt like a massive blank canvas and I was shocked by the first draft we received. It's a company of real people – not robots – and that's so valuable.

Manakin-Sabot, VA

★★★★★

Kate C.

The process has been extremely easy and the team listened so well to what we said we wanted. We highly recommend Yardzen.

Lewes, DE
