

Elabana[®] Tropical Roof System

BMI Monier® Elabana® Tropical, Trusted Roof System For Decades

BMI Monier® ELABANA® Roof System has been protecting homes from the harsh tropical weather in Malaysia for over 20 years. Bringing you even more added value, BMI MONIER® has bridged all elements of World Class Industrial Excellence in roofing technology, superior quality and cost efficiency into the new BMI MONIER® ELABANA® TROPICAL Roof System.

DIMENSIONALLY CONSISTENT

High quality toolings were used to produce BMI MONIER® ELABANA® TROPICAL which gives it the dimensionally consistent shape and size to ensure high level of roof performance.

EASY INSTALLATION

Moulded with precision and uniformity to ensure dimension stability for a consistent and perfect fit each time. Tiles can be laid cross-bond and straight-bond.

COMPACT ROUND NOSE

The unique round nose, improves ageing by delaying fungus and algae growth at the nose of the tile. This feature is well-matched and suitable for Malaysian weather.

SUPERIOR QUALITY

In compliance with MS797:PT1:1982 product certification, you can be assured that the roof tiles are extremely durable.

ELABANA® TROPICAL COLOUR PALETTE

BMI MONIER® ELABANA® TROPICAL Roof System ensures a beautiful roof with a range of attractive colours, and peace of mind for years to come.

TRENDY

* The colours shown here are reproduced as close to the original as printing technology allows. For best accuracy on colour selection, refer to actual tile.
 ** Other colours not featured on this page are available upon request.

With New Compact Round Nose finish for improved ageing.
