

Legacy[®] Mineral CoolRoof[™] System

BMI Monier® Legacy® Mineral, Modern Flat Roof & Minimalist Design

BMI Monier® MINERAL roof tiles are premium tiles made of materials from nature: sand, water, limestone and natural pigments, making them stronger and more durable. With an energy-efficient production process, it is an eco-friendly roofing solution.

BMI Monier® LEGACY® MINERAL roof tile is a modern, minimalist exclusive tile profile with modern and vibrant colours that are perfect for modern architectural designs.

BETTER ANTI FUNGAL & ANTI EFFLORESCENCE

- Double coating mineral technology prevents fungal build-up and efflorescence.

COLOUR CONSISTENCY & DURABILITY

- Double coating mineral technology ensures a consistent and polished finish
- Excellent adhesion of coating
- High resistance to UV rays and heat for excellent durability
- Coating material imported from Germany

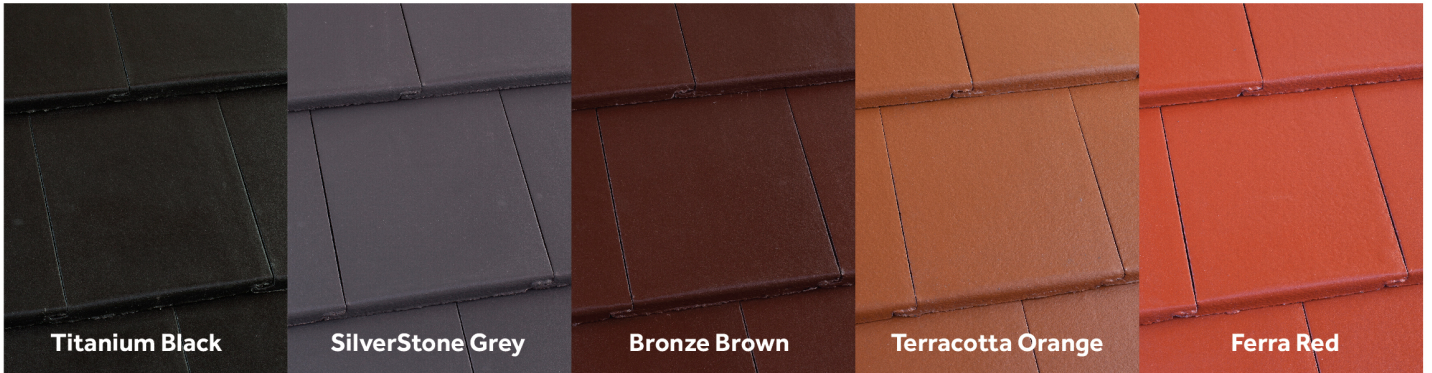

ECO-FRIENDLY TECHNOLOGY

- Energy-efficient production and water-based coating for lower carbon footprint
- APEO free, ammonia free and formaldehyde free
- Natural mineral composition

LEGACY® MINERAL COOLROOF™ COLOUR PALETTE

BMI MONIER® LEGACY® MINERAL CoolRoof™ System offers a wide range of modern and vibrant colours.

The colours shown here are reproduced as close to the original as printing technology allows. For best accuracy on colour selection, refer to actual tile. BMI Monier® recommends the use of underlay in all flat tiles.
