UCI PRESIDENT'S WELCOME MESSAGE

We are all preparing for a momentous cycling event that will mark the history of our sport.

The 2023 UCI Cycling World Championships taking place in Glasgow and across Scotland will feature 11 days of exceptional, non-stop cycling action never-before witnessed in our sport.

This combined, multi-discipline event was one of my visions when I was first elected UCI President in 2017. I am incredibly excited that this vision is soon to become a reality, and that you will be part of it.

The beauty and diversity of our sport will be on show across the globe as the best athletes in the world vie for the rainbow jersey in cycling's many and varied disciplines.

It is no mean feat to bring together 13 UCI World Championships, including those for our five Olympic disciplines, in a single event. It has been possible thanks to the commitment, dedication and hard work of our different stakeholders, all motivated by a passion and desire to see cycling break new boundaries.

Our hosts in Glasgow and across Scotland have undertaken an enormous challenge to welcome this first edition that will be repeated every four years, the year before the Summer Olympic Games.

We have all been working closely to ensure that each and every one of these UCI World Championships taking place from 3 to 13 August will live up to the expectations of our National Federations, their athletes and cycling fans.

To ensure you can all benefit a maximum from this exceptional occasion, we have produced this Information Bulletin with practical information about each event and your stay in Scotland. I trust you will find it useful as you enter the final stretch of preparation for this historic event.

I look forward to seeing you in Glasgow and across Scotland.

See you there!

SCOTLAND WELCOMES THE WORLD

As the 2023 UCI Cycling World Championships continue to power the bike, in collaboration with funders and partners to reach the start of 11 days of exhilaration, competition and the joy that cycling brings, we look forward to sharing this inaugural spectacle with the world!

The Championships are an event like no other. Not only will it bring over 8000 elite and amateur athletes from 13 UCI Cycling World Championships together for the first time, it will also inspire more people across Scotland and the world to get on a bike.

The policy led approach to the delivery of this inaugural event strives for increased participation, better inclusion and accessibility, with sustainability at its heart. Cycling, and the freedom and joy it brings to people, as well as its role in saving the planet are to be embraced, and Scotland, as ever, is the perfect stage for all of this to unfold.

A country of spectacular mountains, extinct volcanos, and world-renowned warmth from its people awaits those elite cyclists and para-cyclists, amateur riders, cycling enthusiasts and fans as part of an unforgettable celebration of the bike.

The 2023 UCI Cycling World Championships has a schedule which will boast a world class line-up of elite cycling competitions, designed to unite Scotland while sharing an inspirational cycling message with the world. It has been created by the UCI, the Organising Committee of the 2023 UCI Cycling World Championships, host cities and key stakeholders to give an unrivalled live spectator and TV viewing experience, packed full of daily elite finals and nonstop action with at least three championships on display each day of the 2023 UCI Cycling Worlds.

In a first for a UCI World Championships, the Women Elite road race will bring the curtain down on the Championships, on Sunday 13 August. In addition to championing female cyclists, the decision to stage the Men Elite road race on the opening weekend and the Women Elite road race on the closing day was taken to ensure the best possible alignment with the UCI Road International Calendar.

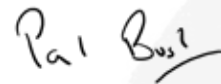

The 2023 UCI Cycling World Championships will be set against the backdrop of some of Scotland's most iconic and spectacular cities and locations. Hosted everywhere from metropolitan Glasgow to the Highlands of Fort William, the Championships is proudly a pan-Scotland event. The power of the bike will take a global audience on a breath-taking tour, visiting landmarks rich with history like Stirling and Edinburgh Castle, to jaw dropping landscapes at Nevis Range and Loch Lomond.

1. WELCOME

Scotland has earned a world-renowned reputation for its major event hosting over the past decade, bringing The Ryder Cup, Commonwealth Games in 2014, World Gymnastics Championships 2015, European Championships 2018, and UEFA EURO 2020.

Scotland is getting ready; our volunteers are getting ready, and our warmest welcome will meet you in Scotland for this inspiring and innovative event. We cannot wait to see you in 2023!

GENERAL

3. GENERAL

The qualification systems are generally governed by the UCI Regulations, as found in Part IX: World Championships. The relevant sections of the regulations are found below. In some cases, the relevant regulations are found in the part specific to that discipline; such articles are included where necessary. The versions of the regulations included are those in force as of 1st January 2023.

To improve readability of the document, any sections not relevant to qualification of nations or athletes to participate have been removed.

In case of any divergence between this document and the text of the UCI Regulations currently in force, the UCI Regulations shall apply.

NATIONAL TEAM CLOTHING

National Federations are reminded that during the UCI World Championships, national team jerseys (in accordance with the regulations) must be used by all athletes. The design of the jersey may vary from one category of rider to another, or by discipline. A specific document related to the design of National Team Jerseys is [here](#) (see chapter 5).

UNIVERSALITY

It is important that all UCI National Federations have the possibility to participate in the 2023 UCI Cycling World Championships in at least 1 discipline.

In general, unless specified otherwise in the UCI Regulations, every country normally has the possibility to enter at least 1 athlete per category in the UCI World Championships for each discipline if not otherwise qualified.

For the disciplines where this is not possible (Road and Track), one or more 'wild-cards' may be requested as specified with the section for each discipline.

REGULATIONS

9.2.009 In all individual specialities, the outgoing World Champion may take part in addition to the number of starters that the National Federation of such Champions may enter under the qualification regulations.

The same principle is applicable for the Olympic/Paralympic Champion on the occasion of the first World Championship following Olympic/Paralympic Games or, for the mountain bike, the next two mountain bike World Championships.

For the Continental Champion, this facility is limited to the first World Championships following the awarding of the title of Continental Champion.

On the track, for the Team Pursuit, Team Sprint, Madison, Omnium, Points Races, and Scratch Race as well as for artistic Cycling, the outgoing World and Olympic Champions may take part only if their nation is not already qualified to the World Championships.

3. GENERAL

In Para-cycling, for the Mixed Team Relay, Mixed Team Sprint and Mixed Tandem Team Sprint, the outgoing World and Paralympic Champions may take part only if their nation is not already qualified to the World Championships

However, participation in individual road events shall be governed solely by articles 9.2.010 to 9.2.020.

QUALIFICATION SUMMARY

Within the Road discipline, the maximum number of entries for the Road Race is limited within each category for safety reasons. As such, National Federations must generally qualify riders for road to ensure that the limit is not exceeded. With the exception of the Men Under 23 and Men Elite road races, federations may enter riders for all races. However, National Federations are able to request an invitation to enter 1 rider to start for these two specific races by sending an e-mail to rwc@uci.ch before **4 July 2023**

The qualification method for each category is defined below.

ATHLETE CATEGORIES

As defined in the UCI Regulations, categories are based upon age:

Category	Year of Birth
Men and Women Elite	2000 and earlier
Men Under 23	2001, 2002, 2003 and 2004
Men and Women Junior	2005 and 2006

QUALIFICATION PATHWAYS

The qualification method for each category is summarised in the table below, and is based upon the qualification system. In case of an accidental divergence between the table and the text of the qualification system itself, the text of the qualification system shall prevail.

7. BMX RACING

QUALIFICATION SUMMARY

Qualification for the BMX Racing Championships categories is based upon the UCI Ranking by Nation of 31st December the year prior; as such, qualification for BMX Racing is now finished for 2023.

However, as mentioned in the text of the qualification system below, it is generally possible for every national federation to enter at least 1 rider in each category if they have not specifically qualified (2 riders in the case of the host nation).

For the Challenge and Masters categories, every nation can enter a maximum of 16 riders per category, except for the host nation, which can register a maximum of 32 riders per category.

ATHLETE CATEGORIES

As defined in the UCI Regulations, categories are based upon age, which is calculated as the rider's age on 31st December, 2023. For both Men and Women, Elite riders are generally 19+ if no Under 23 category is held, or 23+ otherwise. Under 23 riders are those aged 19 to 22. Juniors are ages 17 and 18. The same age calculation method applies for the challenge and masters categories.

QUALIFICATION SYSTEM REGULATIONS

The qualification system for the UCI Gran Fondo World Championships is defined annually by the UCI Management Committee.

QUALIFICATION SYSTEM

This document sets out the qualification system for the UCI Gran Fondo World Championships, as determined by the UCI Management Committee.

As a matter of introduction, it must be reminded that the participation in the UCI Gran Fondo World Championships is excluded for:

- A. Any rider who has during the current year been a member of a team registered with the UCI.
- B. Any rider who has taken part in a World Championships, the Olympic Games, Continental games, regional games, the Commonwealth Games, or a World Cup during the current year.
- C. Any rider who scored UCI points in the year of the World Championships.¹

Riders taking part in the UCI Gran Fondo World Championships must hold a valid licence issued by their respective national federation (day licences being excluded), must hold a UCI ID and must be adequately insured against accidents and civil responsibility in the country in which the UCI Gran Fondo World Championships are held.²

1. QUALIFICATION THROUGH THE UCI GRAN FONDO WORLD SERIES

Each UCI Gran Fondo World Series event of the 2022-2023 seasons grants qualification rights for the 2023 UCI Gran Fondo World Championships. Based on the results of each race, the first 25% of athletes in each age group will be qualified for the UCI Gran Fondo World Championships. The 25% is calculated based on the number of starters in each age group, and not on the number of riders having finished the race.³

In addition, the first three riders of each official age category will qualify directly for the UCI Gran Fondo World Championships, independently of the number of starters in that age group. Riders must finish the race to gain qualification.

¹ Pursuant to article 15.5.011 of the UCI Regulations.

² Ibid.

³ The percentage of 20% may be reviewed by the UCI Management Committee on a yearly basis, taking into consideration the participation in the UCI Gran Fondo World Championships, the number of events in the UCI Gran Fondo World Series calendar and the evolution of the UCI Gran Fondo World Series calendar.

12. GRAN FONDO

As per article 15.5.004 of the UCI Regulations, the age categories of the UCI Gran Fondo World Championships are:

Age Category					
19-34	35-39	40-44	45-49	50-54	55-59
60-64	65-69	70-74	75-79	80-84	Etc.

Age groups are defined by riders' age on 31 December of the year of the UCI Gran Fondo World Championships⁴. At the UCI Gran Fondo World Championships, medals and titles will be awarded for men and/or women as soon as 1 rider is registered in the respective 5-year age category.

Qualification for the individual time trial and road race is determined as follows:

- Qualifier events of the UCI Gran Fondo World Series hosting only a road race will grant qualification for both the road race and time trial at the UCI Gran Fondo World Championships.
- When qualifier events of the UCI Gran Fondo World Series host both a time trial and a road race, a rider takes part in the UCI Gran Fondo World Championships in each event for which he has obtained a qualification – i.e. time trial and/or road race.
- Qualifier events of the UCI Gran Fondo World Series only hosting a time trial will grant qualification for the time trial only at the UCI Gran Fondo World Championships.

N.B: The names of riders having gained qualification through the [UCI Gran Fondo World Series](#) will be communicated on the UCI Gran Fondo World Series website and will receive an official email from the UCI inviting them to register for the UCI Gran Fondo World Championships via the dedicated online registration portal.

⁴ A rider who has changed age category between his qualification for the UCI Gran Fondo World Championships and his participation in the UCI Gran Fondo World Championships, shall participate in the UCI Gran Fondo World Championships in his new age category.

12. GRAN FONDO

2. UCI GRAN FONDO WORLD CHAMPIONS

The UCI World Champions of the last edition of the UCI Gran Fondo World Championships in the time trial and road race may take part in the first UCI Gran Fondo World Championships following their title, in both the time trial and road race.

3. MASTERS NATIONAL CHAMPIONS

All Masters national champions from the current year (in road race and individual time trial only) may enter the UCI Gran Fondo World Championships, in both the time trial and road race, without qualification via the UCI Gran Fondo World Series. The Masters national champions in road race and time trial are confirmed to the UCI by the respective National Federation.

4. MASTERS CONTINENTAL CHAMPIONS

All Masters continental champions from the current year (in road race and individual time trial only) may enter the UCI Gran Fondo World Championships, in both the time trial and road race, without qualification via the UCI Gran Fondo World Series. The Masters continental champions in road race and time trial are confirmed to the UCI by the respective Continental Confederation.

5. NATIONAL FEDERATION OF THE COUNTRY OF THE UCI GRAN FONDO WORLD CHAMPIONSHIPS

The National Federation of the country of the UCI Gran Fondo World Championships may award an additional 20 wildcards (to 10 women and 10 men), which allow athletes to participate in both the time trial and road race. These wildcards are confirmed to the UCI by the respective National Federation.

6. WILD CARDS

The following wildcards allow riders to participate directly in the UCI Gran Fondo World Championships:

- Each UCI Gran Fondo World Series qualifier event of the 2022-2023 seasons may grant 5 wildcards to riders who participated in their respective qualification event – i.e time trial and/or road race. These wildcards are confirmed to the UCI by each UCI Gran Fondo World Series organiser.
- All countries not hosting a UCI Gran Fondo World Series qualifier event during the 2022-2023 season may grant 10 wildcards (5 men / 5 women) to riders of their choice. These wildcards are confirmed to the UCI by the respective National Federation.
