Welcome & Introduction

Hosting the Bmx World Cup in Italy is an event of great importance, not only for this spectacular discipline, but for the entire national cycling world.

It is a high-level showcase, destined to bring the image of Verona and Italy all over the world, testifying and certifying the commitment of our Federation and the many enthusiasts who animate bmx in making this sport grow. The facility called Bmx Olympic Arena in Verona thus becomes an international stage. A facility that has obtained the recognition of the Italian Federal Center for bmx and, at the same time, also Uec European Bmx. A recognition that only one other plant in Europe can boast of.

It is therefore natural to feel proud of what has been developed with commitment over time and the demonstration of the fact that this discipline, bmx, expresses a potential and a desire for international growth. Personally, I have always maintained that bmx is a reservoir of important talents also for the track speed sector. As you may know, in my electoral program I have in fact strongly supported the interaction between related disciplines and multidisciplinarity.

The results of recent years, in terms of numerical growth and, above all, of international ranking, suggest that the work done is destined, in the future, to new, great satisfactions.

It is with this spirit that I wish riders and organizers to experience this first world adventure, proud to represent Italy that is growing the name of authentic sport.

Cordiano Dagnoni
Italian Cycling Federation's President

General Informations

The BMX Olympic Arena in Verona hosted various BMX events since 2016, International Class 1 races, European Cups and one European Championship. This year we took the chance to add one more step hosting the 1&2 World Cup rounds valid for the olympic qualification criteria.

The BMX Olympic Arena is the official Italian and European BMX racing training center and will be a perfect stage for an event with such an importance.

We will do our best in order to guarantee the best event possible, however Covid-19 pandemic will play a huge role in the organization and execution of the event.
Later in this document all the requirements, restrictions and regulations will be explained.

Welcome & Introduction

UCI BMX SUPERCROSS WORLD CUP VERONA ITALY

The BMX Olympic Arena

The Team BMX Verona club and the city of Verona are proud to welcome you to the BMX Olympic Arena for the fourth year in a row, after the 2016 UEC BMX European Championship the 2017, 2018 and 2019 European Cup.

Track Details

The BMX Olympic Arena Verona facility features a SX combo track incorporating both an 8mt SX start hill for Championship classes and 5mt start hill for Challenge classes.
The SX track is approximately 420mt long, while the regular track is approximately 340mt.

Welcome & Introduction

The bicycle is in our DNA, not only as an established and known industrial district all over the world, but also as a way of experiencing nature, of doing sports, of keeping fit. Once again Veneto is therefore the protagonist of international cycling with the BMX World Cup held at the BMX Olympic Arena in Verona, a city that has always had a link with this sport.

This important event, which develops with two high-level competitions, attracts the best world athletes of the specialty, real adrenaline professionals on two wheels, who compete for the conquest of precious points in an Olympic key, making this appointment Veneto a springboard to open the doors of the Olympics to them.

Therefore, I thank the City of Verona, the Bmx Verona Team and the inevitable volunteers who have worked with passion in organizing these two great events, capable of conveying a strong and clear message. Sport unites and opens up cultural horizons, making initiatives like this a flywheel for the enhancement of our landscape, architectural and artistic beauties - such as Verona, one of the eight Veneto Unesco sites, rich in history, art and tradition - which are an integral part of the heritage of our #VenetoDaAmare. Have a good fun!

Luca Zaia
President of the Veneto Region

Verona, the capital of sport and two wheels, becomes the standard-bearer of the restart. In the last year, everything has stopped, interrupted. Sport also suffered from a forced, unexpected and painful stop. But now let's get back on track with the great champions.

It is an immense joy for our city to be able to host, for two weeks, the best of Bmx, with the European Cup and World Cup tests. Two spectacular occasions that will find space inside the beautiful Bmx Olympic Arena, a unique theater for this extraordinary discipline.

Verona is ready to welcome athletes and their families, giving them many emotions, but also that beauty for which our city is known all over the world. Centuries of history, art and culture that will combine with the uniqueness of the sporting event, creating an unparalleled mix.

On behalf of the municipal administration and the city, I thank the Bmx Verona Team for the commitment, professionalism and passion shown over the years. I am sure that everyone will appreciate the style and spirit that characterize the Veronese organization, both in terms of sport and tourism.

Federico Sboarina
Mayor of Verona

Under 23, the new category in the 2021 World Cup program

From 2021, the UCI is excited to announce the introduction of a new category to the UCI BMX Supercross series, the Under 23 category, offered for both Men and Women.

The UCI, in consultation with the BMX Commission has introduced the Under 23 category on a trial basis for 2021 with a view to fully integrate the categories from 2022 to the series.

The new category provides an opportunity for riders to join the series and enjoy an introduction to the UCI BMX Supercross World Cup series, without immediately racing against the Elite riders of the sport. The racing format for the category will be the same as the Elite categories, with riders starting with the First Round, Last Chance qualifier, then moving into the qualifiers and the final.

By offering the category, there will be more opportunity for the riders to reach the final, more opportunities for podium positions and more opportunities to win prize money.

For the 2021 series, riders can elect to enter either the Elite or Under 23 category, it is not mandatory to enter the Under 23 category and riders may choose to register for either category at each leg of the series. There is no requirement to remain in the Under 23 or the Elite category for the whole season.

World Cup standings will be calculated for the Under 23 category, however no UCI Ranking points will be available for the 2021 series.

UCI BMX WORLD CUP STANDINGS

A further development for 2021 is that the UCI BMX Supercross World Cup standing will be published for the first time on the UCI Website. This will allow all riders and teams to view their standings in one place.

Covid Restrictions

UCI BMX SUPERCROSS WORLD CUP VERONA ITALY

Restrictions, Rules, Requirements

Corona virus pandemic has affected everyone and a lot of changes are required in order to follow the safety protocols needed to hold a race.

We are aware that these new measures might somehow seem annoying but for the safety of everyone and to be able to host this event we need everyone to follow the rules. We highly recommend to reduce the risks of infection to the minimum. Depending on the specific situations, eventual positive tests might place the race at risk of being cancelled. We thank you in advance for following these protocols. We highly recommend to read the entire COVID-19 RACE PROTOCOL.

Basic safety measures

Basic safety measures are required such as masks kept on mouth and nose all the time, keeping the safety distance of at least 1m all the time, temperature check entering the track everyday, bringing the self declaration at the first day of practice.

Stand - seating area

Seating on the stands is permitted maintaining a distance of 2 free seats between each person.

Travel

Sport events are possible in our country with specific requirements needed to travel to Italy. Traveling for sport events is one of the cases that allow athletes and all the staff members to avoid any kind of quarantine.

Actual Covid restrictions doesn't allow us to have any spectators on the stands, however, we hope things can change by the approaching of the race.

The track will be divided in three zones (see the following map):

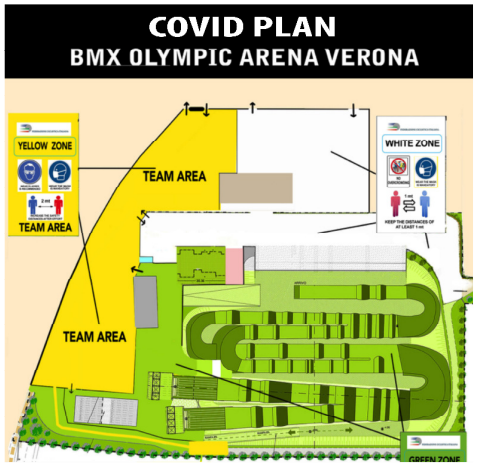

- Green zone – the track – only riders can stay without protection mask.
- Yellow zone – Team Area – riders, all Team Managers and Assistants with mask all the time. Only riders can stay without mask only during warm ups. In this area Team managers are responsible to make sure the athletes keep the safety distances (1,5m).
- White zone – normally spectators zone – Wearing the mask is mandatory all the time. To sit on the stands is mandatory to keep two seat empty in between each spectator.

Bubbles

Each country will have a specific bubble in the team area separated by the other with safety distances, it's the staff duty to keep the bubble safe.

Accomodation

We offer a list of hotels which follow the UCI guideline in Covid-19 spread prevention and can provide discounted prices.
In order to get the discount, rooms reservation must be sent directly to the hotel announcing the participation to the event.

Covid Restrictions

UCI BMX SUPERCROSS WORLD CUP VERONA ITALY

Athletes Registration Requirements

During the riders confirmation on Thursday 6th from 17.30 until 19.30, an official document of PCR test with negative result is required for each athlete and team staff member. Test has to be done within 72h before the Riders Confirmation.

Covid-19 Testing

In order to keep the highest level of safety for every member of the event, a PCR test or Antigenic test with negative result is required to be allowed into the track complex.

Test validity lasts (to get into the track complex) 72h, a team of our staff will be dedicated to keep the check list of all tests.

There will be a testing centre at the entrance, on Friday 7th May, Saturday 8th May and Sunday 9th May with Antigenic tests provided at minimum cost of 25 Euros without certificate and 30 Euros with certificate. Results will be given in 10/15 minutes.

Any other Antigenic test needed could be done in almost any Pharmacy.

Farmacia Castelvecchio is close to the track and provide tests.

Stradone Porta Palio 2, Verona, 37122

https://goo.gl/maps/RdBzqSkT8CK2k1Wf6

PCR Tests prior to departure

PCR tests can be required to travel back to other countries and they can be performed in each of the clinics listed in this link
https://www.aulss9.veneto.it/index.cfm?action=strutture.sanitarie
We recommend to book your PCR test via email, in order to have it at the right time needed. Usually clinics give the results in maximum 24 hours. However, we recommend to ask the clinic the delivery time of results.

Covid Restrictions

UCI BMX SUPERCROSS WORLD CUP VERONA ITALY

Spectators (if permitted)

A maximum of 250 spectators might be allowed to watch the races.
Spectators are to be considered as another isolate bubble and won't be allowed to get in contact with the other two bubbles (riders/teams and media/organization).

The track will be divided in three zones (see the map on the previous page):

- Green zone – the track – only riders can stay without protection mask.
- Yellow zone – Team Area – riders, all Team Managers and Assistants with mask all the time. Only riders can stay without mask only during warm ups. In this area Team managers are responsible to make sure the athletes keep the safety distances (1.5m).
- White zone – normally spectators zone – Wearing the mask is mandatory all the time. To sit on the stands is mandatory to keep two seat empty in between each spectator.

UCI BMX SUPERCROSS WORLD CUP VERONA ITALY

Verona

Known as “The city of Romeo and Juliet“, Verona is among the top 10 most visited Italian cities.

Located at only 30km from Lake Garda, Mount Baldo range and Lessinia Natural Park, Verona is the perfect location for an active and cultural holiday.
Verona is a splendid city of art, surrounded by the traces of its ancient history, splendid in its mythical dimension bestowed upon it by the Shakespearean tragedy of Romeo and Juliet.

Roman ruins, medieval vestiges, Venetian and Austrian traces can be seen across the city, as well as antique palaces, squares, bridges and wonderful churches.

Elegant cafés and ancient osterie (typical inns of the Veneto territory), craftsman shops and high couture shops enliven city life all year long. Verona is a man-sized city which fascinates visitors with its elegance and its welcoming atmosphere, in which ancient and modern times meet.

The city’s past centuries of history and its past splendour are witnessed by its architectural and artistic masterpieces; its culture and art are well renowned on a national and international level. For this reason, in the year 2000 Verona was recognized as a UNESCO World Heritage Site.

About Verona & Veneto

Veneto

Veneto, a wonderful land.
Discovering this region means starting an exciting journey, because under Veneto' sky there is a complete, magical world, rich in culture and beauty.
From the uniqueness of Venice, the most beautiful city in the world, to the austere charm of the Dolomites, beautiful in every season; from the city of love, Verona, with Romeo and Juliet in the shadow of the Arena to the patrician villas of the Vicenza and Treviso foothills; from the landscape richness of the Paduan Euganean Hills and the unspoiled nature of the Po Delta.
But every corner of the Veneto is a repository of history and culture that is told in a thousand ways. You can read them in the villas, in the characteristic squares of the cities, in the thousands of typical products that flavor each province, in the traditions that have made this region known all over the world. From earth to sky: beauty is here and it is called Veneto
