PROGRAMME OF EVENTS & SCHEDULE 110

UCI PRESIDENT'S WELCOME MESSAGE

The eyes of the cycling world will soon be on Montréal as the UCI Road World Championships return to Canada for the first time in 23 years, when they were held in Hamilton.

Montréal holds a uniquely cherished place in cycling history as the first city outside Europe to host the UCI Road World Championships. That was in 1974, when Belgium's Eddy Merckx and France's Geneviève Gambillon took memorable wins in the road races. As President of the Union Cycliste Internationale (UCI), I am delighted to bring the event back to this great Canadian metropolis more than half a century later to write a new chapter in that story.

As host of the Grand Prix Cycliste de Montréal - part of the prestigious UCI WorldTour since 2010 - and as a UCI Bike City, Montréal lives and breathes cycling at every level. Its organisational expertise, vibrant atmosphere and passionate public support will ensure a magnificent backdrop for the UCI's leading annual event.

From 20 to 27 September 2026, some 1,000 riders from across the globe will compete across 13 events for the prestigious rainbow jersey. The courses - winding through the South Shore of the St. Lawrence before tackling the legendary Mount Royal circuit in the heart of the city - promise to be truly spectacular and will demand the very best from our athletes.

We are doing everything possible to ensure that all National Federation delegations get the very best out of this experience. This Technical Guide contains the race routes, specific regulations and all essential technical information that teams will need in the lead-up to and during competition.

I wish you the very best for your final preparations and look forward to welcoming you all to Montréal for the 2026 UCI Road World Championships.

David Lappartient
UCI President

WELCOME MESSAGE FROM THE ORGANISATION COMMITTEE

UNITED FOR GLORY

TO OUR NATIONAL CYCLING FEDERATIONS,
It is a true honour to welcome you to Montréal for the 2026 UCI Road World Championships.

Known for its vibrant energy and world-class hospitality, Montréal is proud to join the prestigious ranks of host cities that have shaped the history of the Union Cycliste Internationale.

We are committed to delivering an extraordinary experience, both on and off the bike. Our courses are as demanding as they are breathtaking, designed to highlight the unique architecture, lush landscapes, and urban pulse of our city—from the shores of the St. Lawrence to the heights of Mount Royal.

Beyond the competition, we invite you to immerse yourselves in Montréal's rich culture, legendary food scene, and festive spirit. As a proud UCI Bike City, cycling is more than just a sport here; it is woven into the very fabric of our daily lives.

Our organizing committee, working hand in hand with the UCI, is dedicated to hosting a world-class celebration of cycling that you will never forget.

This guide contains everything you need to ensure a seamless and memorable stay in our city.

Welcome to Montréal!

SAFE DRIVING

All drivers representing National Federations in the race convoy at UCI Road World Championships must have a UCI Licence issued by a National Federation and are obliged to respect the UCI Regulations as well as the Guidelines for vehicle circulation in the race convoy. The UCI Licence must include the necessary third-party liability insurance in case of material damage or bodily injury to others, which must be valid in all countries where the licence-holder is susceptible of exercising his function.

Drivers are required to have an in-depth knowledge of cycle racing and its regulations and have the experience and ability to anticipate a wide range of race situations. It is a responsibility of the National Federation to ensure that their drivers have the required experience to drive in the race convoy at UCI Road World Championships.

Drivers remain responsible for their driving; if they fail to observe the regulations, they face significant financial penalties as well as suspensions of their UCI Licence (as a driver and any other role they may have). The sanctions related to driving in the race convoy are defined by Articles 2.2.038 and subsequent of the UCI Regulations.

Additionally, it is mandatory to always carry both the International Driving Permit and the driver's original passport while driving. To get an International Driving Permit, you need to apply through an authorized agency in your home country.
