UCI PRESIDENT'S WELCOME MESSAGE

WE ARE GETTING READY to live an exceptional edition of the UCI Road World Championships, which are taking place on the African continent this year for the first time.

It has long been my vision, as President of the Union Cycliste Internationale (UCI), to unite the road cycling family in Africa for our leading UCI event of the year, and I am delighted that this vision becomes a reality in 2025. From 21 to 28 September, the international cycling world will be focused on Rwanda and its capital Kigali.

Already known for its annual Tour du Rwanda, this country in the Great Rift Valley of East Africa will now welcome Junior, Under 23 and Elite athletes racing for the prestigious rainbow jersey. It isn't for nothing that Rwanda is nicknamed the "land of a thousand hills", and for many riders it will be their first experience riding on this challenging terrain.

Also for the first time this year, riders in the Women Under-23 category will compete in their own dedicated events rather than alongside the Women Elite athletes. I look forward to this development for women's cycling that will take place on Rwandan territory.

The 2025 UCI Road World Championships will be a historic event for our sport and for African cycling, and we are doing everything possible to ensure all National Federation delegations get the utmost out of this experience. This Technical Guide provides information such as the race routes, specific regulations and other technical information that will be particularly useful for teams.

I wish you the very best for your final preparations, and look forward to seeing you in Kigali for the 2025 UCI Road World Championships.

David Lappartient
UCI President

WELCOME MESSAGE FROM THE LOC

RIDING NEW HEIGHTS

DEAR CYCLING FEDERATIONS,

It is our great pleasure to warmly welcome you to Kigali for the UCI Road World Championships 2025, an iconic event making history as Africa hosts this prestigious competition for the very first time. From September 21st to 28th, we will gather in Rwanda, the «Land of a Thousand Hills,» for the pinnacle of cycling.

Kigali2025 promises to be an unforgettable experience, offering not only a challenging race but also a celebration of the human spirit. With our hilly landscape and breath-taking scenery as the backdrop, riders will face an extraordinary 5,400m elevation gain over eight days of competition, making this edition one of the most demanding, and exciting in UCI history. We are particularly thrilled to debut the first-ever Under-23 Women's race, marking a significant milestone in advancing gender inclusivity in cycling.

In Rwanda, cycling is more than just a sport—it is an integral part of our daily lives and culture. Bicycles also serve as a means to commute, connect with loved ones, and do business. Navigating our rugged terrain has made resilience and endurance defining traits of the Rwandan spirit—qualities that have propelled our nation's remarkable transformation.

As one of the safest and greenest countries for travelers worldwide, ranked second in Africa for hosting world-class events, Rwanda is primed to offer an unforgettable experience. Beyond the excitement of the races, we encourage you to discover Rwanda's rich culture and beauty and explore its unique bucket-list adventures.

The Local Organizing Committee, in close collaboration with the UCI, is thrilled to provide you with all the necessary details for this global event. Enclosed in this bulletin, you will find the finalized race program with start times, detailed race routes with GPX files, and essential information to ensure a seamless and memorable visit to Kigali.

We look forward to sharing this historic moment with you and cheering together as the world's best cyclists reach new heights in Kigali.

Sincerely,

*Nelly Mukazayire
Minister of Sports*

This system will strengthen the monitoring of rider safety during races and enable rapid response in case of incidents.

Each Nation is required to ensure that their riders carry the GPS tracking device provided by the race organisation and that is installed correctly. This is a requirement for all participating riders and is based on articles 1.3.073 and 2.12.007/3.5.3 of the UCI Regulations. The only data that will be collected is related to speed and position. Besides the ordinary use of this data for the calculation of time gaps, it will thus be shared with UCI officials monitoring the localization of riders throughout the races to ensure prompt medical intervention.

SAFE DRIVING

All drivers representing National Federations in the race convoy at UCI Road World Championships must have a UCI Licence issued by a National Federation and are obliged to respect the UCI Regulations as well as the Guidelines for vehicle circulation in the race convoy. The UCI Licence must include the necessary third-party liability insurance in case of material damage or bodily injury to others, which must be valid in all countries where the licence-holder is susceptible of exercising his function.

Drivers are required to have an in-depth knowledge of cycle racing and its regulations and have the experience and ability to anticipate a wide range of race situations. It is a responsibility of the National Federation to ensure that their drivers have the required experience to drive in the race convoy at UCI Road World Championships.

Drivers remain responsible for their driving; if they fail to observe the regulations, they face significant financial penalties as well as suspensions of their UCI Licence (as a driver and any other role they may have). The sanctions related to driving in the race convoy are defined by Articles 2.2.038 and subsequent of the UCI Regulations.

Additionally, it is mandatory to always carry both the International Driving Permit and the driver's original passport while driving. To get an International Driving Permit, you need to apply through an authorized agency in your home country.
