

UCI ROAD WORLD CHAMPIONSHIPS 2023 RESULTS BOOK

Equipment

We would like to remind you the following points regarding the equipment:

1. **As per the UCI Frameset Approval Procedure, all framesets have the obligation to carry a UCI label of their approval**, in order to be used in competition. Checks on will be conducted by the Commissaires or UCI personnel.

2. **The wheels used in mass start races must also be approved** by the UCI. The list of approved wheels can be found on the [Equipment](#) page of the UCI website.

3. It is essential that the equipment used in competition meets the prevailing quality and safety standards for bicycles. Mechanics and riders should also be aware of the international safety standards that apply to cycling equipment. **Moreover, modifying equipment used in competition in relation to products supplied by the manufacturer is prohibited** for obvious safety reasons. Whether it is a matter of modifying the length of the saddle, filing off fork drop-out safety lugs, or cutting a part of the shifters, no modification of equipment that is not conducted by the manufacturer is authorised by the UCI.

5. As per Article 1.3.024bis of the UCI Regulations, bottles should not be integrated into the frame and may only be located on the down tube and seat tube. **The dimensions of the cross sections of a bottle used in competition must not exceed 10 cm or be less than 4 cm.**

6. **Time Trial position regulations.** Close attention should be made to the Time Trial position regulations that came into effective as of 1 January 2023. These new regulations categories riders into groups based on their height and defines the maximum permitted measurements for time trial extension bars. For details of each height category, please consult the [UCI Technical Regulations infographic](#). Furthermore, please ensure the correct UCI Height Category Labels are applied to Time Trail bikes following the instructions described [here](#).

Two hours before the start of each Time Trial riders and mechanics will have the opportunity to pre-check bike measurements to ensure that the position and the equipment are permitted for use. The final and official bike check will take place 15 minutes prior to the individual rider's / teams start time.

7. We remind you, any binding element (bridge) between extension bars or elbow rest is considered as the continuation of the extension bars. The binding element must have a minimum height of 1cm. Only one binding element is permitted (computer mount included)

8. **Riders Clothing - articles 1.3.033 and 1.3.033bis.** The surface roughness of clothing is limited to a profile roughness of 1mm at most. Furthermore, items of clothing may not modify the morphology of the rider and any **non-essential element or device**, of which the purpose is not exclusively that of clothing or protection, is forbidden. Moreover, socks and overshoes used in competition may not rise above the height defined by half the distance between the middle of the lateral malleolus and the middle of the fibula head.

Communiqué n°1

9. During road events (i.e., mass start events), rider numbers must be fixed on the outer layer of the jersey/skinsuit and not placed in pin-less number fixation systems/pockets. For clarity, pin-less number fixation systems/pockets are permitted during individual time trials (including the team time trial mixed relay).

10. Controls of bicycles against the technological fraud may be carried out by UCI Commissaires or Staff before, during and after the competitions. Depending on the type of control, the time required for this operation will be from a few seconds to a few minutes per bicycle. These checks are carried out as part of the UCI's continuing efforts to address the threat of technological fraud to our sport.

11. All the information regarding equipment can be found in the [Clarification Guide of the UCI Technical Regulation](#) in the Equipment page of the UCI website.

Thank you very much for your attention to these instructions. We would once again like to remind you that you should not hesitate to contact the Commissaires in the event of any problem or doubts regarding equipment.

Matériel

Nous souhaitons vous rappeler les points suivants concernant le matériel :

1. **Conformément à la procédure d'homologation des cadres UCI, tous les cadres ont l'obligation de porter un label UCI de leur homologation**, afin de pouvoir être utilisés en compétition. Les contrôles à ce sujet seront effectués par les Commissaires ou le personnel de l'UCI.

2. **Les roues utilisées dans les courses en peloton doivent également être homologuées** par l'UCI. La liste des roues homologuées se trouve sur la [page Matériel](#) du site internet de l'UCI.

3. Il est indispensable que le matériel utilisé en compétition réponde aux normes de qualité et de sécurité en vigueur s'appliquant à la bicyclette. Les mécaniciens et coureurs doivent aussi savoir qu'il existe des normes de sécurité internationales applicables au matériel cycliste, auxquelles ils doivent se référer. De plus, pour des raisons de sécurité évidentes, **il est interdit de modifier le matériel utilisé en compétition par rapport aux produits fournis par le fabricant**. Que ce soit pour modifier la longueur de la selle, limer les pattes de fourche, ou couper une partie des leviers de vitesse, aucune modification de matériel qui ne serait pas effectuée par le fabricant lui-même, n'est autorisée sans l'accord préalable de l'UCI.

Bien entendu, l'ajout de guidoline pour améliorer la prise en main est autorisée, mais elle doit être identifiable et positionnée uniquement aux emplacements des mains.

4. Conformément aux articles 1.3.004 et 1.3.005 du règlement de l'UCI, l'utilisation d'innovations techniques sans l'approbation préalable de l'UCI est interdite. **Veillez ne pas utiliser d'innovations techniques qui n'ont pas été approuvées au préalable par l'UCI.**

5. Selon l'article 1.3.024bis du règlement de l'UCI, les bidons ne doivent pas être intégrés au cadre et ne peuvent être placés que sur le tube diagonal et le tube de selle. **Les dimensions des sections du bidon ne peuvent pas dépasser 10cm pour un minimum de 4cm.**

6. **Réglementation de la position du contre-la-montre.** Il convient de prêter une attention particulière à la réglementation relative à la position des coureurs dans les épreuves contre la montre, qui est entrée en vigueur le 1er janvier 2023. Ces nouvelles règles classent les coureurs en différents groupes en fonction de leur taille et définissent les mesures maximales autorisées pour les prolongateurs. Pour plus de détails sur chaque catégorie de taille, veuillez consulter [l'infographie du Règlement technique de l'UCI](#). En outre, veuillez vous assurer que les étiquettes de catégorie de taille UCI correctes sont appliquées aux vélos de contre-la-montre en suivant les instructions décrites [ici](#).

Deux heures avant le départ de chaque contre-la-montre, les coureurs et mécaniciens auront la possibilité de vérifier au préalable les mesures du vélo afin de s'assurer que la position et le matériel sont conformes au Règlement UCI et

autorisés à être utilisés. Le contrôle final et officiel du vélo aura lieu 15 minutes avant l'heure de départ du coureur individuel ou de l'équipe.

7. Nous vous rappelons que tout renforcement (liaison) entre les prolongateurs ou l'appui-coude est considéré comme la continuation des prolongateurs. Le renforcement doit avoir une section minimum de 1cm. Un seul renforcement de fixation est permis (support pour compteur inclus).

8. Vêtements pour coureurs - articles 1.3.033 et 1.3.033bis. La rugosité de surface des vêtements est limitée à une rugosité de profil de 1 mm au maximum. En outre, les vêtements ne peuvent pas modifier la morphologie du coureur et tout élément ou dispositif non essentiel, dont la finalité n'est pas exclusivement vestimentaire ou de protection, est interdit. En outre, les chaussettes et surchaussures utilisées en compétition ne peuvent dépasser la hauteur définie par la moitié de la distance entre le milieu de la malléole latérale et le milieu de la tête du péroné.

9. **Pendant les compétitions en ligne (compétitions en peloton), les dossards doivent être fixés sur la surface extérieure du maillot/combinaison** et non placés dans les systèmes de fixation sans épingles/pochettes. Nous précisons que les systèmes de fixation sans épingles/pochettes sont permis lors des contre-la-montre individuels (y compris le contre-la-montre par équipe en relais mixte).

10. **Des contrôles des bicyclettes contre la fraude technologique pourront être effectués** par les Commissaires et le personnel de l'UCI avant, pendant et après les compétitions. Selon le type de contrôle, le temps nécessaire à cette opération sera de quelques secondes à quelques minutes par bicyclette. Ces contrôles sont effectués dans le cadre des efforts continus de l'UCI pour faire face à la menace de la fraude technologique dans notre sport.

11. Toutes les informations concernant le matériel peuvent être trouvées dans le [Guide de Clarification du Règlement Technique de l'UCI](#) sur la [page Matériel](#) du site internet de l'UCI.

Nous vous remercions de l'attention que vous porterez à ces instructions. Nous vous rappelons encore une fois que vous ne devez pas hésiter à contacter les Commissaires en cas de problème ou de doute concernant le matériel.

ANTIDOPING CONTROLS

INFORMATION

- A. Controls will be conducted under the 2023 Anti-Doping Rules of the UCI and ITA procedures and instructions.
- B. The riders selected for the controls will be notified by a chaperon; the notified rider shall remain within sight of the chaperon at all times from the moment of in-person notification until the completion of the sample collection procedure. Team officials should not prevent the chaperon to continuously observe the rider. If the award ceremony takes place immediately after the event, a rider needing to go to the award ceremony will be escorted first to the award ceremony area, then to the press conference and finally to the doping control station (DCS). The DCS will be signposted from the finish line.
- C. Riders must report to the DCS with their current license; but if it has no photograph, another I.D. with a photo must be presented.
- D. In order to limit the number of persons at the DCS, it is recommended that the Rider, major of age, presents himself alone, but at most he may be accompanied by **only one person** of his choice.
- E. For riders that are **minors**, it is recommended that a team official be present with the rider from notification until completion of testing.
- F. It is recommended that riders wear a mask in the DCS and disinfect their hands when entering.
- G. Any changes related to the localization of the riders participating in the race (hotel name, address and telephone/fax numbers) must be communicated as soon as possible to the ITA (contact details below).
- H. Each nation must find an appropriate location in their hotel where controls could be carried out. It must also make the hotel reception aware of a potential visit by Doping Control Officers, so that hotel staff do not prevent them from entering.

CONTROLES ANTIDOPAGE

INFORMATION

- A. Les contrôles seront effectués selon le Règlement Antidopage de l'UCI 2023 et les procédures et instructions de l'ITA.
- B. Les coureurs sélectionnés pour un contrôle seront avisés par un chaperon ; les coureurs ainsi sélectionnés doivent demeurer constamment en contact visuel avec l'escorte du moment de leur notification jusqu'à la fin de la procédure de prélèvement d'échantillon. Le personnel d'encadrement du coureur ne doit pas empêcher l'escorte d'observer le coureur de manière ininterrompue. Si la remise du Prix a lieu immédiatement après la manifestation, le coureur ayant besoin d'aller à la cérémonie de remise sera escorté d'abord à la zone de remise des prix, puis à la conférence de presse et enfin au poste de contrôle du dopage. Le poste de contrôle du dopage sera signalisé depuis la ligne d'arrivée.
- C. Les coureurs doivent se présenter avec leur licence ; mais si celle-ci ne comporte pas de photographie, une autre pièce d'identité avec photo devra être présentée.
- D. Afin de limiter le nombre de personne au poste de contrôle du dopage, il est recommandé que les coureurs majeurs se présentent seuls mais au maximum ils ne pourront être accompagnés par **une seule personne** de leur choix.
- E. Il est recommandé que les coureurs **mineurs**, qu'ils/elles soient accompagné(e)s par un représentant de l'équipe, du moment de leur notification jusqu'à la fin de la procédure.
- F. Il est recommandé que les coureurs porter un masque pour venir au poste de contrôle du dopage et se désinfecter les mains quand ils y entrent.
- G. Tout changement de localisation des coureurs (adresse, numéro de téléphone/fax de l'hôtel) doit être communiqué sans délai à l'ITA (coordonnées ci-dessous).
- H. Chaque nation doit anticiper un endroit dans leur hôtel ou des contrôles pourraient être effectués. Elle doit également sensibiliser l'hôtel d'une potentielle visite des agents de contrôle du dopage afin que l'hôtel ne l'empêche pas d'accéder.
