UCI PRESIDENT'S WELCOME MESSAGE

We are all preparing for a momentous cycling event that will mark the history of our sport. The 2023 UCI Cycling World Championships taking place in Glasgow and across Scotland will feature 11 days of exceptional, non-stop cycling action never-before witnessed in our sport.

This combined, multi-discipline event was one of my visions when I was first elected UCI President in 2017. I am incredibly excited that this vision is soon to become a reality, and that you will be part of it.

The beauty and diversity of our sport will be on show across the globe as the best athletes in the world vie for the rainbow jersey in cycling's many and varied disciplines.

It is no mean feat to bring together 13 UCI World Championships, including those for our five Olympic disciplines, in a single event. It has been possible thanks to the commitment, dedication and hard work of our different stakeholders, all motivated by a passion and desire to see cycling break new boundaries.

Our hosts in Glasgow and across Scotland have undertaken an enormous challenge to welcome this first edition that will be repeated every four years, the year before the Summer Olympic Games.

We have all been working closely to ensure that each and every one of these UCI World Championships taking place from 3 to 13 August will live up to the expectations of our National Federations, their athletes and cycling fans.

To ensure you can all benefit a maximum from this exceptional occasion, we have produced this Information Bulletin with practical information about each event and your stay in Scotland. I trust you will find it useful as you enter the final stretch of preparation for this historic event.

I look forward to seeing you in Glasgow and across Scotland.

See you there!

David Lappartient
UCI President

1. WELCOME

SCOTLAND WELCOMES THE WORLD

As the 2023 UCI Cycling World Championships continue to power the bike, in collaboration with funders and partners to reach the start of 11 days of exhilaration, competition and the joy that cycling brings, we look forward to sharing this inaugural spectacle with the world!

The Championships are an event like no other. Not only will it bring over 8000 elite and amateur athletes from 13 UCI Cycling World Championships together for the first time, it will also inspire more people across Scotland and the world to get on a bike.

The policy led approach to the delivery of this inaugural event strives for increased participation, better inclusion and accessibility, with sustainability at its heart. Cycling, and the freedom and joy it brings to people, as well as its role in saving the planet are to be embraced, and Scotland, as ever, is the perfect stage for all of this to unfold.

A country of spectacular mountains, extinct volcanos, and world-renowned warmth from its people awaits those elite cyclists and para-cyclists, amateur riders, cycling enthusiasts and fans as part of an unforgettable celebration of the bike.

The 2023 UCI Cycling World Championships has a schedule which will boast a world class line-up of elite cycling competitions, designed to unite Scotland while sharing an inspirational cycling message with the world. It has been created by the UCI, the Organising Committee of the 2023 UCI Cycling World Championships, host cities and key stakeholders to give an unrivalled live spectator and TV viewing experience, packed full of daily elite finals and nonstop action with at least three championships on display each day of the 2023 UCI Cycling Worlds.

In a first for a UCI World Championships, the Women Elite road race will bring the curtain down on the Championships, on Sunday 13 August. In addition to championing female cyclists, the decision to stage the Men Elite road race on the opening weekend and the Women Elite road race on the closing day was taken to ensure the best possible alignment with the UCI Road International Calendar.

The 2023 UCI Cycling World Championships will be set against the backdrop of some of Scotland's most iconic and spectacular cities and locations. Hosted everywhere from metropolitan Glasgow to the Highlands of Fort William, the Championships is proudly a pan-Scotland event. The power of the bike will take a global audience on a breath-taking tour, visiting landmarks rich with history like Stirling and Edinburgh Castle, to jaw dropping landscapes at Nevis Range and Loch Lomond.

Scotland has earned a world-renowned reputation for its major event hosting over the past decade, bringing The Ryder Cup, Commonwealth Games in 2014, World Gymnastics Championships 2015, European Championships 2018, and UEFA EURO 2020.

Scotland is getting ready; our volunteers are getting ready, and our warmest welcome will meet you in Scotland for this inspiring and innovative event. We cannot wait to see you in 2023!

3. TRAVEL TO SCOTLAND

BY CAR

Some key information and tips around driving in Scotland and on car rental.

- In the UK we drive on the left side of the road.
- Speed limits and distance signs are in miles per hour.
- Ensure you are eligible to drive in the UK
<https://www.gov.uk/browse/driving/driving-uk-and-abroad>
- If you are bringing your own vehicles, bring your vehicle registration and ownership documents with you and ensure you have at least third-party insurance cover.
- There are plenty of vehicle hire options across Scotland.

For more information about driving in Scotland, view [Visit Scotland's guide](#).

3. TRAVEL TO SCOTLAND

BY RAIL

Glasgow and Edinburgh are both served by frequent direct train services from London, and are easily reached from other main UK towns and cities, however, you may have to change trains en route.

3. TRAVEL TO SCOTLAND

3.2 SUSTAINABLE TRAVEL GUIDANCE

As a purpose-led event, 2023 UCI Cycling World Championships is committed to embedding sustainability into our organisation, collaborating with our partners, and supporting our value chain to drive progress towards the *UN Sustainable Development Goals in Scotland*. Our sustainability framework has been mapped to indicators for measuring performance against contributions to the UN SDGs with social, economic, and environmental goals that are interdependent and mutually reinforcing.

As a sport we must demonstrate climate responsibility for attending the 2023 UCI Cycling World Championships, by mitigating these impacts wherever possible and compensating for our unavoidable emissions.

Taking climate action in this area means reducing the amount of travel and decarbonising the mode of transportation wherever possible.

These top five recommended actions can help guide more sustainable choices and decision making for your National Federation:

1. Fly direct: Direct flights generally use less fuel than flights with connections and are often more convenient for travellers.
2. If possible, consider the use of the ferry or international rail rather than flying, and for freight consider shipping rather than airfreight.
3. If hiring cars or other transport, seek fuel-efficient vehicles fitted with particle filters or low/zero-emission vehicles (electric or hybrid), and where possible increase vehicle sharing across your team to reduce use the number of vehicles and journeys.
4. Maximise the use of public transport and cycling rather than travelling by vehicle.
5. Choose the «greenest» travel option when travelling to and from airports: catching a bus or train from the airport has a far smaller carbon footprint than use of taxis or hire cars.

Detailed guidance on how to develop effective sustainability programmes and reduce environmental impacts from travelling can be found in the UCI Sustainability Guidelines.

3.3 VISA PROCESS

Whether you need to apply for a visa to visit the UK depends on your nationality. If your country is on the list of visa nationals, you will need to apply for a visa before travelling to the UK. The visa national list can be found here: www.gov.uk/guidance/immigration-rules/immigration-rules-appendix-visitor-visa-national-list

If you do not require a visa to visit the UK, you do not need to apply for a visit visa to participate in UK-hosted events. You can apply for entry on arrival in the UK.

If you are not sure if you require a visa for the UK, please check if you need a UK visa on the UK Government website: <https://www.gov.uk/check-uk-visa>

If you are required to apply for a visa in advance of travel, please apply as early as possible to avoid delays.

Applications can be made up to three months in advance of your proposed date of travel.

2023 UCI Cycling World Championships can assist with an official invitation letter to support visa applications if required. Requests for these should be submitted via the National Federation's nominated Chef de Mission.

If you have any questions relating to visas please email: federations@cyclingsworldchamps.com

3.4 UK CUSTOMS AND FREIGHT INFORMATION

National Federations, sponsors, suppliers and other client groups are responsible for arranging their own freight movements to and from Great Britain.

In accordance with British Law, all freight arriving into the United Kingdom (UK) will be subject to stringent customs processing on international arrival and departure.

Since the United Kingdom's formal withdrawal from the European Union and the end of the Brexit transitions period on 31 December 2022, the rules for the import of goods from outside the UK from EU countries have changed.

It is strongly recommended that clients use the services of a Licensed Customs Broker who is familiar with the specific import requirements to the UK. If you are planning on sending items in advance of your arrival, please allow additional time for customs clearance.

For more information on customs when entering the UK please review the UK Government guidance. Further information on import and export procedures for the UK can be obtained below.

3. TRAVEL TO SCOTLAND

3.5 RADIO FREQUENCIES

Any teams, broadcasters, press and any other individuals planning to use radio equipment in the United Kingdom must apply for a radio license which will be issued by Ofcom (the regulator of communication services in the United Kingdom).

The application form can be requested from Radio.Spectrum@cyclingsworldchamps.com

The form must be completed fully including invoicing and payment information. Ofcom will assign a frequency, generate an invoice and once the invoice is paid, Ofcom will issue the radio license.

Note: For License exempt devices, such as PMR446 radios, DECT (1.8/1.9Ghz), Wi-Fi Access points, Mi-Fis and other devices that use license exempt spectrum, these must be registered with Radio.Spectrum@cyclingsworldchamps.com

Spectrum applications will be accepted until March 2023. After this period Ofcom cannot guarantee that licences will be granted for the period of the Championships, so all teams are encouraged to apply as early as possible.

- Note:**
1. All devices licensed and license exempt will be subject to Test & Tag to ensure they conform to the Ofcom license of 2023 UCI Cycling World Championships
 2. It is a criminal offence under the Wireless Telegraphy Act 2006 to operate equipment on licensed frequencies without a license

Any questions please contact Radio.Spectrum@cyclingsworldchamps.com

3.6 TEAM DOCTORS

The UK General Medical Council can offer Team Doctors a free, limited professional registration to cover the period of the Championships. The advantages of taking up the offer of the free temporary registration is for team doctors to be able to write private prescriptions and access health care treatment without asking the Championships medical team for assistance.

Information about the application process can be found here: <https://www.gmc-uk.org/registration-and-licensing/the-medical-register/information-for-sports-events>

It is recommended that applications are made at least 60 days prior to the date you plan to enter the UK

Registrations for Chefs de Mission and Deputies Chef de Mission

For the upcoming 2023 UCI Cycling World Championships, it is essential that Chefs de Mission and Deputies Chef de Mission complete a two-step registration process in the Get Your Event Platform. This process ensures their participation and access to all necessary privileges during the event.

- At first for the role they cover during the event (i.e. President of National Federation, General Secretary, Team Manager, etc..) selecting the "2023 UCI Cycling World Championships" event.
- And then as Chef de Mission or Deputy Chef de Mission in the "Chef de Mission Application" in order to get the extra badge which gives access to all venues allowing them to cover that role.

Example of what you will see in the Get Your Event platform.

By completing both steps of the registration process, you will ensure that as Chef de Mission or Deputy Chef de Mission, you receive the necessary accreditation and have seamless access to all areas relevant to your role during the 2023 UCI Cycling World Championships.

IMPORTANT ADDITIONAL INFORMATION

Accreditation Collection

Chefs de Mission or Deputies Chef de Mission are the only National Federation members authorised to collect all accreditations of their nation, and then redistribute them within their team.

It is therefore important that Mountain Bike and Downhill Team Managers are also registered as Deputies in order to be authorised to collect their National Team members badges in Fort William and Glentress.

When submitting your accreditation application, please remember to specify your preferred accreditation centre for pick-up.

Collection Points: Glasgow, Glentress, and Fort William

Profile pictures

Please kindly note that for this event and due the high number of accreditation requests expected, photos of applicants are now mandatory. To ensure a smooth and efficient process, we kindly suggest that you prepare the photos of the applicants in advance.

Track, Para-cycling Track and Para-cycling Road Team Relay specificities

In order to accommodate the limited space available in the track infield and cater to the unique requirements of the Para-cycling Road Team Relay, additional wristbands will be provided to the teams participating in these specific events according to the following guidelines:

- Daily wristbands will be allocated for access to the track infield during the Track and Para-cycling Track competitions. These wristbands will be dated and assigned a specific color for each day.
- Specific wristbands will be assigned for the Para-cycling Road Team Relay.

Wristbands will be distributed after the team managers meeting of the respective disciplines.

Last Minute requests

Please note that onsite last-minute accreditation requests can be made **up to a maximum of 20% of the allocated quota per cluster**. Please be reminded that only Chefs de Mission or Deputies Chef de Mission are eligible to submit these requests.

IMPORTANT: All accreditation requests must be submitted online through the Get Your Event platform before the event. It is imperative to meet the specified deadline to ensure a seamless process.

Lost or forgotten accreditations

Please be aware that stringent controls and security measures will be in place throughout the duration of the World Championships.

In the event of a lost or forgotten accreditation, there are two available options for pass replacement:

- **Option 1:** Visit the GOLD or SILVER Accreditation Centre for an immediate pass replacement.
- **Option 2:** Visit a Bronze Accreditation Centre to request a pass replacement. Please note that badge collection will take place the following day.

GLASGOW SCOTLAND

GLASGOW: A UCI BIKE CITY SINCE 2019

Glasgow's vision is to create a vibrant bike-friendly city where cycling is accessible, safe and attractive to all. This vision is part of an overall effort to make the city more liveable, and has led to the development of a new Transport Strategy, Active Travel Strategy and Liveable Neighbourhoods Plan. By delivering a practical city network and encouraging positive community engagement, Glasgow is transforming its streets into welcoming environments for all bike users. Residents are encouraged to choose active travel as their preferred means of transport, in line with the city's ambitious goal of achieving net zero carbon by 2030.

The 2023 UCI Cycling World Championships will be a catalyst in Glasgow and throughout Scotland to inspire real and lasting change in people's approach to cycling as a sport, a healthy transport solution and a powerful tool against climate change and other global threats.

9. GENERAL INFORMATION

9.4 CHEF DE MISSION

It is important for both the organizers and the UCI to have a single point of contact for each National Federation, to ensure all information is properly disseminated to all of the participating delegates.

Likewise, the Chef de Mission will be responsible to escalate any concern from the 13 Championships Team Managers to the organizers.

It is now possible to complete nominations of the Chef de Mission online: Here is the link to upload the [Chef de Mission Info](#)

For further clarification, please email us at Federations@cyclingworldchamps.com

9.5 ATHLETES INSURANCE

All competitors for 2023 Cycling World Championships must be registered and affiliated riders with a confirmed UCI-recognised National Federation. All riders should therefore have public liability insurance (civil responsibility) for competing in the UK.

Please refer to Articles 1.1.001 to 1.1.006 of the UCI regulations.
