NOT SURE WHAT TO BRING? WE'VE GOT YOU COVERED

- Comfortable footwear: you'll be doing a lot of walking!
- Sunscreen, sunglasses, and a hat. April is typically one of the hottest months of the year in Bangkok. The temperatures can range from around 28°C (82°F) during the night to about 36°C (97°F) or higher during the day.
- Warm layers, pack a lightweight jacket or sweater to layer over your outfits for the air-conditioned spaces at the venue.
- Dresscode: we recommend business casual attire during the day/evening events, but do keep the warm weather in mind.
- Portable phone charger: These are a must, if you don't have one or forget to bring one, don't worry. We have plenty of charging spaces across the show.
- Mobile data: Complimentary Wi-Fi will be available throughout the show. SIM cards with data plans are also available at the airport and local convenience stores, offering affordable internet data access.
- Notebook and pen: While devices are handy, having a physical notebook and pen can be invaluable for jotting down important notes and contacts during sessions and networking.
- A reusable water bottle: to stay hydrated throughout, utilising our refill stations.
