

FREE COVID-19 MEDICATIONS ARE AVAILABLE!

Getting treatment right away can make a **BIG** difference.

FEELING SICK? TEST IT!

Get tested for COVID-19 immediately.

Remember COVID-19 medications must be taken within 5-7 days of when symptoms begin to be effective.

TESTED POSITIVE FOR COVID-19? TREAT IT!

- If you have symptoms and test positive, act fast to seek evaluation for COVID-19 medications.
- COVID-19 treatments can prevent the virus from multiplying in your body and infecting more of your cells.
- Everyone 12 years and older who has symptoms and tests positive should seek evaluation for COVID-19 medications.
- Do not wait for your symptoms to get worse.

Contact your Indian Health Provider and seek treatment while your symptoms are still mild.

BEAT IT!

COVID-19 medications are highly effective at preventing COVID-19 illness from becoming serious, and may even help you test negative sooner.

- Remember – if you test and treat, you can beat COVID-19.
- Learn more about available COVID-19 medications at: [YouCanBeatIt.org](https://www.YouCanBeatIt.org) or by calling the California COVID-19 hotline at 833-422-4255.
