

iF design center Chengdu

The iF design center Chengdu (iF DCC) is the first overseas design center established by the world-famous German design institution iF Design.

The goal is to create a world-class venue that allows visitors to experience cutting-edge designs in Chengdu's Hi-Tech Zone, a new and exciting creative space. The center incorporates a variety of functions, including exhibition and event spaces, co-working and meeting rooms, the iF design shop and the calming and relaxing iF design café.

With this unique platform, iF will participate extensively in the development and internationalization of the innovation and design industry in Chengdu and drive it forward.

Exhibition Spaces

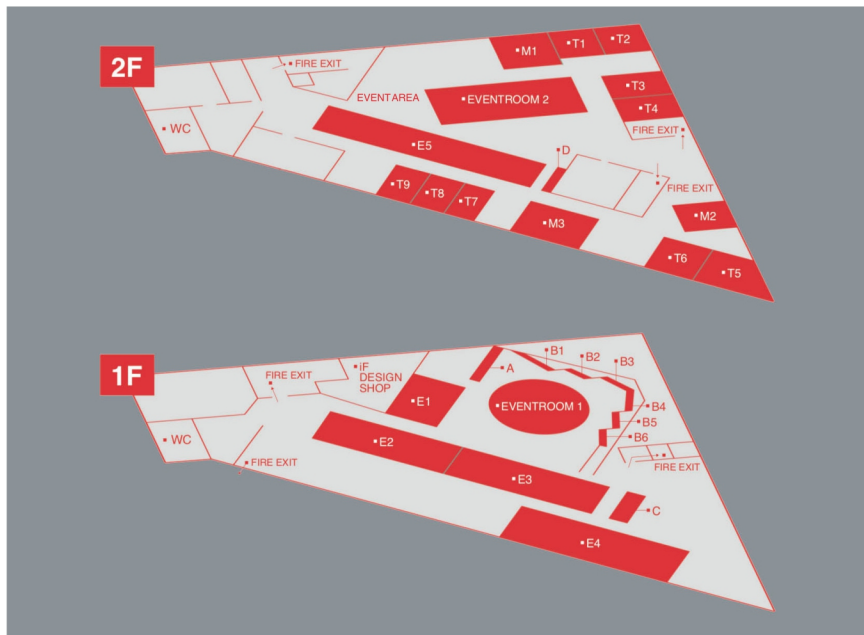

The exhibition spaces allow you to...

- ... hold exhibitions with various themes.
- ... be at the heart of the most cutting-edge design hubs – with the latest awarded entries of the annual iF DESIGN AWARD on display.
- ... bring your own corporate exhibitions and share the latest design trends with leading experts in the industry.
- ... gain the chance to share your own ideas, and contribute to the development of the industry.

Please note

A group of 15 people and more can book a guided tour to experience more of the innovative and welcoming design features of each exhibition area.

Floorplans

The exhibition space includes 5 exhibition islands and 9 showcases.
