DETERMINE YOUR UNIFORM NEEDS

When you rent uniforms through AlSCO, you will need enough changes of the uniform to ensure your employees always have a clean uniform. For example, if your employee needs a clean shirt for five days of the week, you will be issued a total of 11 shirts for that employee. All you have to do is turn everything in—we'll handle the rest!

Here's the math:

- Five shirts for each day of use during the week
- One shirt your employee is currently wearing
- Five shirts from last week that are out for laundering

Mops do more than keep your floors looking fresh and clean. They protect your business from damaging dirt and particles. Ask your representative about renting mops from AlSCO.

Why Rent Mops?

Mops that are not cleaned regularly spread dirt and bacteria. Renting mops means you never have to source costly mops and spend time breaking in, cleaning and replacing mops again.

Our service provides fresh mops every week with no up-front costs to purchase equipment. We take care of replacements for you, hardware included.

Choosing the Mop That's Right for You

How big an area needs to be mopped? Is cross-contamination a factor? Do you deal with heavy or light soil?

These are all considerations in finding the right mop for the job. Let AlSCO help keep your floors fresh and dust-free with our wet and dry, classic, and microfiber mops.
