Non-Verbal Reasoning Practice Section

(5 minutes)

This practice section gives an example of the sort of questions you will be faced with in this test, with the correct circled.

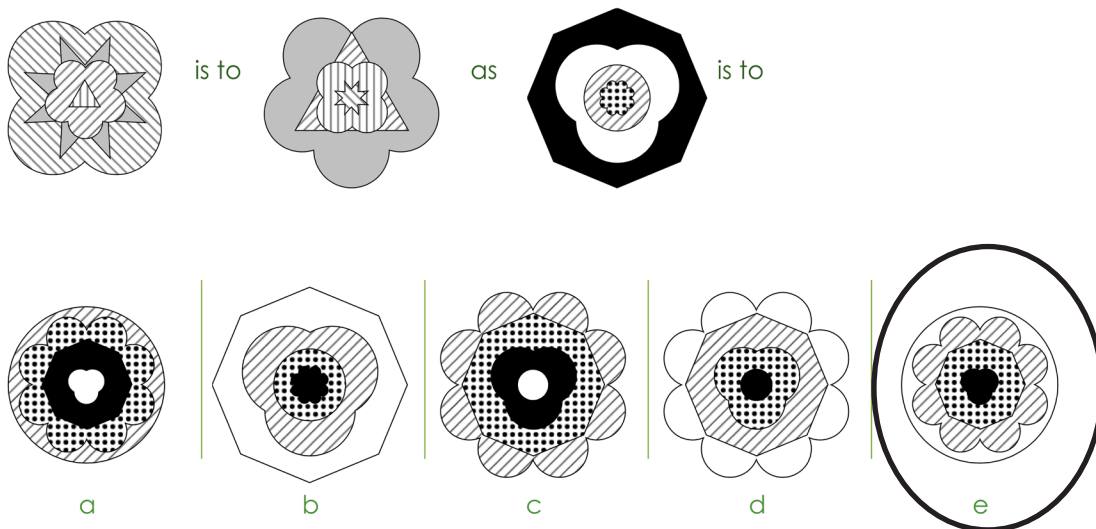

There are also some practice questions that don't have the answers filled in, so that you can practise working them out for yourself.

On the left there are two shapes with the words 'is to' between them. You must work out how the second shape is related to the first.

After these, there is a third shape, followed by the words 'is to', and five possible answer options. You must work out which of the five figures goes with the third to make a pair like the two on the left.

Choose the correct figure and circle it.

A Example

The answer is **e**.

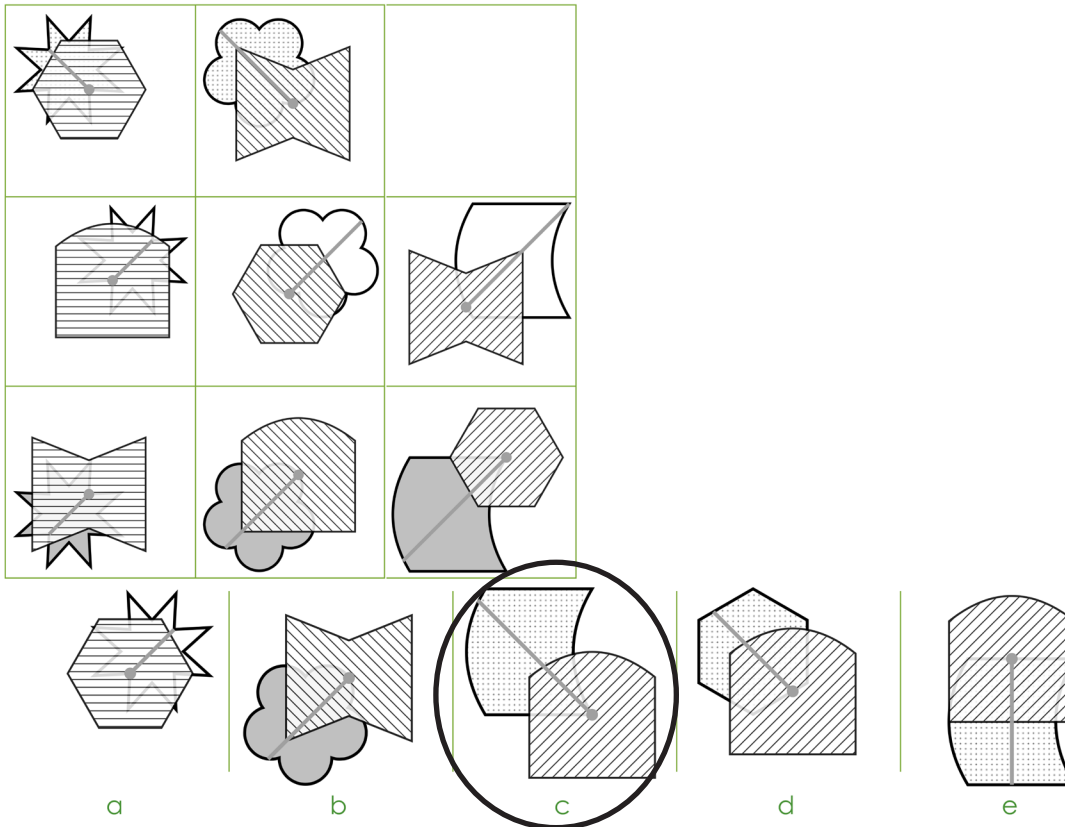

1 Practice

Choose the figure that completes the sentence in the best way.

In these questions, one of the small squares in the matrix has been left empty. One of the five figures underneath should fill the empty square. Choose the correct figure and circle it.

B Example

The answer is **C**.

2 Practice

Which figure should fill the empty square?
