Today's Date:

- Listen carefully to instructions that will be given.
- This paper starts with some practice questions.
- You will have **5 minutes** to complete the practice questions.
- You will have **25 minutes** to complete this paper.

Non-Verbal Reasoning Practice Section

(5 minutes)

This practice section gives an example of the sort of questions you will be faced with in this test, with the correct circled.

There are also some practice questions that don't have the answers filled in, so that you can practise working them out for yourself.

On the left there are two shapes with the words 'is to' between them. You must work out how the second shape is related to the first.

After these, there is a third shape, followed by the words 'is to', and five possible answer options. You must work out which of the five figures goes with the third to make a pair like the two on the left.

Choose the correct figure and circle it on your paper.

A Example

The answer is **c**.

1 Practice

Choose the figure that completes the sentence in the best way.

a

b

c

d

e

In these questions, there are five figures. You must work out which is most unlike the other four and mark its letter on your answer sheet.

Choose the correct figure and circle it.

B Example

a

b

c

d

e

The answer is **c**. C is the only figure where the inside shape has a different shading to the other four answer options, making this the odd figure out.

2 Practice

Choose the figure that is the odd one out.

In these questions, there is an incomplete series. You are shown four figures, with one missing figure. The position of the missing figure may vary between questions.

You must choose the missing figure that will complete the series in the best way from the five possible answer figures.

Choose the correct figure and circle it on your paper.

C Example

The answer is **d**. The solid black flag shape, presented horizontally in the top rectangle is decreasing by one each time. The solid black bean shape and the pentagon shape in the left-hand side rectangle are increasing by one each time. Given that there is only one each of these in the second figure of the series, we know that there must be none in the first figure that is missing. The grey star and white bean shape in the bottom rectangle are also increasing by one each time. Following these rules, we know that D is the answer and the missing figure from this series.

3 Practice

Choose the figure that completes the series.

END OF PRACTICE SECTION

The Non-Verbal Reasoning test begins on the next page.

- **You have 25 minutes to complete the Non-Verbal Reasoning test.**
- **There are 50 questions to answer.**
- **Your time will start when you turn over the page.**
- **Do not turn over the page until you are told to do so.**

Non-Verbal Reasoning

(25 minutes)

Work out the correct answer and circle it on your paper.

Choose the figure that completes the sentence in the best way.
