FEATURES APPLICATION SURFACE

ANTIQUÉ STONE

Antique stone collection was created through a selection of the most precious marbles, making it feel one with veinings and spectrum.

Antique stone is a well-structured collection that boasts the abundance of quarry materials to make livelier and sumptuous living spaces.

Vibrant depth and veins that we intensified with an antique effect to give a vintage allure.

Chromatic ranges that develop from the classic Apuano to the delicate Calacatta through the harmonious veins of the Bardiglio and the chromatic variability of the green Alps, up to the decisive contrast on the Marquinia.

The reason why antique stone can last for a long time in the ceramic industry is because of its versatile characteristics. It can be paired with stone materials, and the natural and realistic patterns make the space look calm and individual, highlighting the stunning artistic charm of nature.

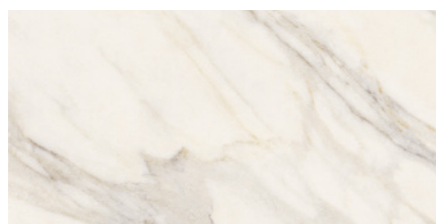

The collocation of light colors makes the space very spacious, and the furniture combination and collocation with simple modeling and smooth lines create a stable, harmonious and warm space experience to meet the light demand of modern young families.
